

GI

ESOPHAGUS

- Proximal 1/3 → Skeletal Mus.
- Middle 1/3 → Skeletal & Smooth Mus.
- Distal 1/3 → Smooth Mus.
- Non-Keratinized Stratified Squamous Epi.
- LOWER Esophageal Junction (Cardiac Valve)

STOMACH

- Simple Columnar with Goblet Cells
- RUGAE
- Fundus, Body, Pyloric Regions.
- Pyloric VALVE (Sphincter)
- Smooth muscle

Small Intestine

- DUODENUM* (*2,3 parts)
- JESUNUM
- ILEUM

PANCREAS*

- Pancreatic ACINAR Cells.

LIVER

- LEFT & Right Lobe
- Gall bladder
- Hepatocytes
- Central vein of Liver Lobe.

LARGE Intestine

- Ileocecal VALVE
- CECUM
- Appendix
- Ascending Colon*
- Transverse Colon
- Descending Colon*
- Sigmoid Colon

HAUSTRA

TEMIA Coli

Rectum

- Rectal VALVES.
- Pectinate Line (ANAL-RECTAL Junction)
- INTERNAL Anal Sphincter → Smooth Muscle
- EXTERNAL Anal Sphincter → Skeletal Muscle.

Simple Columnar
↓
Stratified Squamous
Keratinized

* Retroperitoneal.
