

# YELLOW DOT PROGRAM

**Yellow Dot** is a free program designed to help first responders provide life-saving medical attention during the “golden hour” after a crash or other emergency. A **Yellow Dot** on the driver's-side rear window of your vehicle will alert first responders that vital medical information is stored in the glove compartment.

## HOW YELLOW DOT WORKS

The **Yellow Dot** kit contains two items: a personal information card and a **Yellow Dot** decal.

1. Complete the personal information card in pencil.
2. Attach a recent photo of yourself.
3. Place it in a visible location in your car's glove compartment.
4. Place the **Yellow Dot** decal on the rear driver's side window.

## USE YELLOW DOT AT HOME

A **Yellow Dot** kit can also be used to alert those who respond to an emergency in your home.

1. Place a **Yellow Dot** decal on or beside your front door.
2. Place a completed card for each occupant in a clear plastic freezer bag and put in a visible location in your freezer.
