

## Way Back When

Long ago and far away,  
Everyday was a holiday.  
Christmas had come to stay,  
Way back when.

Everything was bigger then.  
The moon had no footprints of men.  
A time to begin,  
Way back then.

Years ago and miles away,  
Yesterday becomes today.  
Tomorrow is just a day away.

Ragged jeans and long dark hair.  
Living life without a care.  
Everyday was a new dare.  
Way back when.

Music had a melody,  
Rhythm, rhyme, and harmony.  
Meanings that made sense to me.  
Way back then.

Dylan said what he had to say.  
Sgt. Pepper taught the band to play.  
The times they blew me away.

Everything seemed possible,  
Beautiful and bright.  
Everyday was a new day of life.  
New eyes see what they want to see.  
You can be what you want to be.  
It's your life.

Across the seas, we fought a war.  
Hot or cold, I don't know what for.  
We had it all, but we wanted more.  
Way back then.

It was time of hopes and dreams.  
Magical mystery tours and silver screens,  
Magical things were happening.  
I remember when.

Years ago and miles away,  
Yesterday became today.  
Tomorrow is just a day away.

Everything seems possible,  
Beautiful and bright.  
Everyday is a new day of life.  
New eyes see what they want to see.  
You can be what you want to be.  
It's your life.
