

UNITYWORKS

Summer Training Institute

Monday–Friday, June 24-28, 2019, Yakima, WA

OSPI requires all teachers and principals to include TPEP topics in their clock hours or PD plans, starting Sept. 2019

How is your school or district addressing cultural competency as a key strategy for closing the educational opportunity gap? Do all teachers and staff have the knowledge, skills and attitudes needed to effectively serve all students? Do they understand the impact of unconscious bias and institutional racism? What steps are being taken to increase equity and inclusion? Does your building have a Diversity Action Plan?

The UnityWorks Summer Institute is an action-packed, week-long annual professional learning event designed to prepare educators with the knowledge, tools, strategies and resources needed to address TPEP mandates. Sessions are held Mon-Fri, 8:30-4:30. Thirty-five WA State approved clock hours available.
