## Message from the President

There are so many golf courses to appreciate in San Diego County because we golf in a resplendent area. As I play courses in our area with San Diego County Women's Golf Association, I occasionally take my eyes off the fairways or greens to look at the spectacular mountain views, the magnificent oak trees, the great sycamores and elms ... even the cottonwoods. (Of course, when I am hunting my ball in those leaves in the fall, I do not appreciate it quite so much.) Every hole has a different character ... some are a delight to play, some are very challenging. However, it's the beauty of our local courses, as well as the unique characteristics, that make golf in our area so special. Not to mention that we can play year round!

Scheduling the 2022 tournament events has been very difficult due to continuing pandemic uncertainty. Some courses have been limited in what they could/would book, such as no shotgun starts. However, San Diego County Women's Golf Association has some magnificent San Diego courses lined up on our 2022 Calendar. Please watch for the publication of the 2022 Calendar shortly.

Meanwhile, we have one challenging course left on the 2021 Calendar ... the Holiday Event at Lomas Santa Fe. Sign-up is closed for 2021. Please make a note to play this event in 2022. It is a special, challenging course and play wraps up with fun social time at the delicious post-golf luncheon!!

## **RULES CORNER November 2021**

### **New Rules involving Penalty Areas**

Rule 17 is a specific Rule for Penalty Areas, which are bodies of water or other areas defined by the Committee where a ball is often lost or unable to be played. (These areas were previously referred to as hazards or water hazards.)

Your ball is in a Penalty Area when any part of it lies on or touches the ground or anything else inside the edge (formerly referred to as margins) of the Penalty Area. (Rule 17.1a)

Rule 2.2c tells us that if your ball is partly in a Penalty Area and partly in any other area (General Area, Bunker or Putting Green) it is considered to be in the Penalty Area.

Under Rule 17.1b you may play the ball as it lies without penalty.

Also under Rule 17:

- There are no longer any special restrictions when a ball is in a “penalty area”
- A player is allowed to touch or move loose impediments and touch the ground with hand or club (such as grounding the club right behind the ball) for any reason.

\*Please remember that Rule 8.1a prevents you from moving, bending or breaking any growing or attached natural object or immovable obstruction, integral object, boundary object or tee marker; moving a loose impediment into position to build a better stance; or altering the surface of the ground.

This Rules change was made because previously the penalty seemed overly harsh if touching the ground was inconsequential and provided no advantage or when touching the ground could only be detected by later video review. The change is consistent with the notion that the Penalty Area is not meant to make the challenge even more difficult than it already is by virtue of being in the Penalty Area.

All monthly rules reviews are available on the SDCWGA website.
