And it is explained in the 'About' Section of the PostScript.org webpage.

As one of the Revelation 12 Researchers, one came down in the 'middle' of all the Theories, Contention, Scoffing and Praise concerning the Sign in Virgo as it Astronomically appeared in the Fall of 2017. One is convinced that it was and did 'Signal' the coming Rapture and timing. It was a 'Sign' for the Times. Consider all the People worldwide that because of this Revelation 12 'Great Sign' in Virgo in 2017, there was much Discussion, Theories and Contention but Salvation. Many People started to read the book or Revelation for the first time or the Bible.

Realize that the topic of the Sun, Moon and the Stars and 'Numerology' had been suppressed for 1000s of years and not taught in the Churches. Realize that the Enemy counterfeits only the Original. Yes, Astrology is the corruption of Astronomy. Numerology is the corruption of Sacred Gematria. The Sign was a 'Wake-Up Call', but it also had its share of Scoffers. Yet, People have gotten saved, others repented and yes, others have hardened their Hearts because of the Sign. And this, especially as the 'Rapture' did not happen as many purported.

Do realize that the Scoffing and Ridicule is part of the 'Signs' as it was the Days of Noah. As some have said, Noah was considered a Conspiracy Theorist, until it started to rain. The Revelation 12 anomaly that depicted a certain array of Planetary Alignments in the Constellation or Virgo was a 'Sign' despite what Scoffers said. Most did not realize that the more one studied it, it became just that more amazing of how Prophetic Associations kept coming up. What follows is the evidence presented to corroborate why one can at least claim one was one of the initial Researchers into the Sign that attempted to reveal all its Glory. It also serves to present the evidence when many had asked if I was the 'One who Discovered it'.

One could have sensationalized the 'Claim to Fame' by doing the Book Tours, and making the flashy videos. But that is not what Prophecy is about, at least not in one's book. Remember that one's hope as a Follower and Believer of Jesus is not on 'Signs' but that Our Hope, our Blessed Hope is 'built on nothing less than Jesus Christ and His Righteousness.' Over the years in studying the subject of the Revelation 12 Sign, one has compiled the research and you all are welcome to download all that to look over. It is housed in my online Revelation 12 Resource Page. It is a compilation of various aspects of the phenomenon since 2008.

The Great Sign of Virgo Resources: <http://www.postscripts.org/revelation-12-sign.html>

The following evidence will show that it was not one's own word that could have asserted the 'coveted' place of having discovered the Revelation 12 Sign. It will show the Good, the Bad and the Ugly as it has been part of my Journey in studying this aspect of the Signs in the Sun, Moon and the Stars. There will be various Independent Sources that attested to the claims I can only make... That since 2008, I had studied the Revelation 12 renditions that appeared in Virgo every Fall. There will also be evidence of how my Research was misused. It will serve as a historical insight for those that would like to know my 'behind the scenes' experience. It was an amazing journey.

Revelation 12 – A Sign in the Heavens

May 24, 2017 / [The Convicted Mama](#)

'In around 2008 Luis Vega discovered the Revelation 12 sign in the sun, moon, and stars using Stellarium (around the same time that the Blood Moon tetrad of 2014/15 was discovered – although I don't personally believe that carried any significance). News of this hit the internet in 2011, and Scott Clarke took it to a new level in 2012.

He viewed the heavenly alignment every fall for 6000 years, taking screenshots, and September 23, 2017 is the ONLY time this sign occurs within a 6000 year time period. His discussions can be viewed on his YouTube channel

– [eternalrhythymflow](#). Many other Bible prophecy watchers have since verified the sign in Stellarium and other astronomy programs as well (from what I understand).'

The Exit Sign: MAY 2017

<https://www.alittlestrength.com/articles/2017/1705-exit-sign.htm>

'Scottie Clark, although primarily responsible for popularizing it, isn't actually the one who first noticed the alignment of the REV12 sign on 9/23/2017. That distinction belongs to a young man named Luis ("Lu") Vega, who currently works at Sonoma State University in Rohnert Park, California. Lu maintains a website devoted to Bible prophecy at [Postscripts.org](#), and I had previously heard his name mentioned in regard to being someone who noted the REV12 sign before Scottie Clark began making his YouTube videos.

Out of sheer curiosity, I recently contacted Lu and asked him straight out when he first noticed the coming fulfillment of the REV12 sign, and he graciously took the time to respond to my email. He told me he first noted the alignment in 2008, but studied it privately for a couple of years before the information began to make its way into the public arena in 2011. What are the odds: It didn't occur to me at first, but while I was writing this article it finally hit me like a bullet train.

OK, so Lu Vega first spotted the coming fulfillment of the REV12 sign back in 2008. Pop quiz: What other major astronomical sign did God reveal at the same time? OK, time's up...thank you for playing. Mark Biltz first spotted the Blood Moons of 2014–2015 in...wait for it...2008. Yeah, I know—so what? Let this sink in for a moment. That means God revealed two of the most stunning astronomical end-time signs at the same time:

one a sign primarily geared toward Israel that they are soon to be plunged into the Tribulation (and revealed to a man who heads up a Hebrew Roots ministry, no less), and the other a sign primarily geared toward the Church that tells us we're soon to be rescued from it. Go ahead—look me in the eyes and blow it off as a coincidence.'

The Sign of Revelation 12

New Book "The Final Harbinger" based on over 3 Years of Study

June 3, 2017

<https://www.youtube.com/watch?v=KZdo68ReusI>

'I understand where you are coming from, no, I am in no way claiming to be "the first" to discover this. But as I have posted before: Not taking anything away from Scottie, he is a great guy and a brother in Christ. We have spoken on the phone for several hours. It's not about "who" discovered the sign. It's about Jesus Christ. My book, The Final Harbinger, contains 18 chapters. Only 2 of them specifically concern the Sign of Revelation 12 and the man-child. The rest are about other signs and prophecies that confirm it. Kim Clement Prophecy | April 4, 2009 |

<http://www.kimclement.com/prophecyview.php?id=267&search=> William Tapley | April 7, 2011 | <https://www.youtube.com/watch?v=W5ZTvwago38&t=604s> Scott Clarke | July 30, 2011 | <https://www.youtube.com/watch?v=Rvkzpy7tOsQ&t=271s> And there are others such as Daniel Matson and Luis Vega.

Not everyone is on YouTube making videos. In fact, Scottie references Luis Vega's work in this 6/14/2011 video |

<https://www.youtube.com/watch?v=mQivKh63WaQ&t=96s> Many have been aware of and have been studying this sign for years, myself included.

God called some to make videos, some to write books. Not everyone knows each other either just as there were OT prophets who prophesied about the same topics and lived hundreds of years apart. I first learned about Stellarium from a co-worker and Mark Biltz in 2013. I did not know any of the people or prophecies above at that time. Jesus said the Holy Spirit would "show us things to come." |

<https://www.youtube.com/watch?v=OxNjTveS8ys> (appr. 58:00). After 1 to 1.5 years of study, I first shared about this sign at a prophecy conference in October 5, 2015 | https://www.youtube.com/watch?v=ko_YAgjr_HQ (appr. 51:00). I started writing The Final Harbinger in a hotel room in Atlanta in Jan. 2015. Based on a vision I had on March 23, 2017 at 3:30 am, which led me write two entirely new chapters, The Final Harbinger is now complete.

[RonKris4](#)

Thank you Scott Clarke for discovering this in 2012 and sharing with the world. Now there are ministries built around the discovery.

<https://www.youtube.com/user/eternalrhythmflow>

[Revelation 12 Ministries](#)

Yes, Luis Vega's research goes WAAAY back. And I bet not many have seen this either (April, 2011): <https://www.youtube.com/watch?v=W5ZTvwago38&t=600s> But it really doesn't matter "who" discovered the sign (or shouldn't). Jesus said the Holy Spirit will show us things to come. When I began studying and preaching on this back in 2014 (from studying the blood moons), I did not know of Scottie Clark or any of the others.

That's like saying there was only one real OT prophet. Multiple prophets wrote about the same topics - some knew each other, some did not - some lived hundreds of years apart. Don't put God in a box (or the Holy Spirit for that matter).

https://www.youtube.com/watch?v=ko_YAqjr_HQ I am tired of all of the prideful, negative comments (not this post but others) by fellow Christians when the real focus needs to be Christ and sharing the Gospel. Not much time left.'

Revelation 12 Sign

Last updated on **25 August 2017**

Overview

'Luis ("Lu") Vega discovered the astronomical alignment in 2008 and wrote about it on his website and then in 2011 Scott Clarke from ERF Ministries began popularizing the alignment on YouTube.

On April 7, 2011, William Tapley's channel ThirdEagleBooks published the first video about the alignment entitled "Stellarium" giving the 2017 date of the sign and explaining how the planetary alignment that year matched the text of Revelation 12 better than a 2011 alignments, which he said three earlier videos from other people had mentioned.

A few months later, on July 30, 2011, Scott Clarke posted a video on YouTube describing the alignment, which some people worldwide have now come to believe is the Revelation 12 Sign. In 2012 [Unsealed World News](#) suggested that the purported sign might be connected to the [rapture](#) of the Church, though they have repeatedly stated that the exact date of the rapture is unknown and might happen sometime before, on, or after September 23rd.'

Are the heavens announcing the start of the Apocalypse?

A study using Luis Vega charts

Aug 29, 2013

'There are two posts today in <http://www.fivedoves.com> that are very significant in the determination of the start of the day of the Lord or the seven year Tribulation called the Apocalypse.

The first is an excellent article by Mr. Luis Vega with a link to some charts he produced of the heavens and the link to the sign of the woman and the dragon shown in Rev :12. The other is by BG Ellis. The links to both are given below.

Luis Vega (29 Aug 2013)

"Rev 12 Heavenly Sign: 2017 – the Coming Middle-East & Celestial Wars"

<http://www.fivedoves.com/letters/aug2013/luisv829.htm>

I will try to explain what I see in the post of Luis Vega and the video of Gallups.

First I must say that I believe that the 70th week of years of the prophet Daniel 9:27 and the span of time from Rev 6 to 19 are the same.

I also believe that the seven seals, seven trumpets and seven bowls are in series and that none occur in parallel or in any combination that the readers imagination wants to put it. The word is precise and orderly and rev12 does not come at the same time or before rev7.

At Rev 11 we see the role of the two witnesses and it says that their testimony is 1260 days long and they are killed, remain dead 3 1/2 days and are resurrected, at Rev11:4 it says this ends the second woe or 6th trumpet. <http://biblehub.com/niv/revelation/11.htm>

Next we see the 7th trumpet sound and the coming of the seven cups of wrath.

At this point with Rev12 the woman and the dragon are shown. The woman was pregnant and the dragon was ready to devour the child. On verse 6 the woman fled to the desert for 1260 days to be protected. Rev 13 is a continuation of the narrative and shows the dragon coming out of the sea and in Rev13:6,14 was given 3 1/2 Years to exercise its authority. <http://biblehub.com/niv/revelation/12.htm>

From these two chapters we see the same period of time 3 1/2 years that are describing the same period one describes what will happen to Israel at the same time that the other describes the dragon doing his thing in the rest of the world. This is to me the great tribulation.

Going back from the description of the woman in the heavens a period of 1260 days we can determine the start of this seven year time period, or the beginning of the ministry of the two witnesses of Rev 11. The 3 1/2 days that they are dead could be a period between the two halves or as I am more inclined to think include in the last 3 1/2 years. *In Luis Vega's article and charts he gives the most probable date for the sign of the virgin and dragon to appear as September 23, 2017. Going back 1260 days from that date*

<http://www.timeanddate.com/date/dateadded.html?m1=9&d1=23&y1=2017&type=add&ay=&am=&aw=&ad=1260>

we get the date April 12, 2014 which is 3 days before the blood moon lunar eclipse that falls on Passover April 15, 2014, the first of the moon tetrads. It is important to understand also that at the start of the tribulation the years will revert back to 360 days in a year so the calendar dates will not coincide any more with the ones we have now. But the position of the constellations will keep their order and each will align with 30 days. The Rapture of the church in my opinion could occur at any time before the start of the Tribulations. It could well be today and the world would still have a few months to the Tribulation. All the numbers are based on the date of the virgin of Rev 12 in the sky and as such it could be on a different year and the scenario be off. Nando'

Revelation 12 Sign Prophecy

August 24, 2017 Version

'Years later, Greg Lauer posted about the astronomical alignment and references Scott Clarke's reports on his website dated May 2017 that Lu Vega claimed that he discovered the sign about 2008 but told no one until after several others posted about it in 2011. [6].'

NOTE: The above Footnote and Paragraph were deleted that stated a claim by me.

'Also in 2017, Luis ("Lu") B. Vega connected the sign to a "Conception Comet". [6]'

NOTE: The current description has the following revised that is incorrect in that the quote was not from Greg Lauer.

'Also in 2017, Luis B. Vega connected the sign to a "Conception Comet". [7]'

Sweet Hour of Prayer

<https://www.alittlestrength.com/articles/2017/1709-hour-of-prayer.htm>

'What that suggests to me is that people who believe we will know the date of the Rapture in advance may be right; but if we do, it will not be because any of us steely-eyed missile men figured it out. It will only be because God revealed it to us. Why? Because it's not ours to figure out—it's His to reveal.'

Think about it. We know the two great signs of Revelation 12:1–5 herald the season of the Rapture. I see no compelling reason to think it pins down the day, but we at least know it's the season, right? But how do we know? Because Lu Vega is so sharp and observant? Because Scottie Clarke made some kickin' YouTube videos about it? NO! We know it for one reason and one reason alone: God has revealed it, and He revealed it to the right people, at the right time, and in the right way so that it could be revealed to all who have ears to hear.

*And that leaves us right where God wants us:
Patiently watching and waiting to see what He will reveal next.'*

So, as to who 'Discovered' the Revelation 12 or other possible Prophetic Factors, one is not interested and cannot defend that as it is not what one is about. But, when it comes to one's Research and Charts, then yes, one does take it seriously and seeks to maintain a degree of Credibility in an 'Ocean of Prophetic Insanity' at times of what is put out there in the 'Name of Prophecy'.

And case in point was how because one did believe the Rapture event itself was NOT going to take place on September 23, 2017, one had to keep a distance. one kept arguing that a 'Sign' is not the 'Event'. It was of a Rapture Picture for sure, the Rapture of the Bride of Christ. But that it would be coming thereafter. Timing? Unknown but within a 'Prophetic Self Life' as JD Farag has stated and one would agree.

So, this disposition and objection of mine prevented one from being 'invited' to the Revelation 12 Rapture Table, as it took on a life of its own and a 'Cult Following'. But one can say, based on the presented Evidence that it was because of one's Charts and Research into the Revelation 12 Sign that got Scottie Clarke going and perhaps it had to take someone like him to deliver the 'Sign' to the World. But one does think the Sign was and is one of the Greatest Signs given at the end, because we are at the end.

Finding the Great Sign

May 5, 2017

<https://redmoonrapture.org/2017/05/24/revelation-12-a-sign-in-the-heavens-september-2017/>

'The Revelation 12 sign was first discovered by Luis Vega in 2008 using astronomy software. This discovery came on the heels of Rick Larson's 2007 documentary entitled [The Star of Bethlehem](#), which used astronomy software to locate the stellar sign heralding Jesus' first coming. The Star of Bethlehem documentary sparked a new interest in looking for prophetic signs in the heavens. Although there were several prophetic watchmen who looked into the Revelation 12 sign before him, Scottie Clarke has become somewhat of a poster child for this great sign over the last 6 years.

His discussions can be viewed on his YouTube channel – [eternalrhythymflow](#). Many other Bible prophecy watchmen have since verified the sign in Stellarium and other astronomy programs as well. Today, thousands (if not tens or hundreds of thousands) of people have verified the Revelation 12 sign which will occur on September 23, 2017. Rev12Blogspot has written up [detailed instructions](#) on how to view it for yourself, if you would like to check it out.'

Revelation 12 - September 2017 Theory

September 22, 2017

<https://escapeallthesethings.com/sept-2017-revelation-12/>

'Although it does not give credit, the article referenced above is just another take on previous Revelation 12 speculation. I first saw it in a Scottie Clarke video in 2013 on his "Eternal Rhythm and Flow" YouTube channel and website. (I was informed by Mark Chiswell that Luis Vega put out the theory earlier.)

Whoever originated the theory, what it gets right is that the constellation of Virgo (the virgin) fits the heavenly woman spoken of in Revelation 12'.
