**BOYCOTT ALL
MANAGEMENT
SURVEYS!**

JUST A REMINDER TO ALL APWU MEMBERS

JUST SAY NO! TO THE POSTAL PULSE

The postal service is at it again with their postal pulse. However, some things have changed this year. A new company is conducting the survey—Perceptyx—instead of Gallop. There is now a “5-point” scale (Strongly agree to Strongly Disagree). Questions have been added and others “refreshed”. The questions added and the “refreshed” ones are in the attachment.

*There will be no more paper surveys sent to employee homes. They claim most participation is electronic. They are still sending paper surveys to the work locations.

Negotiations for a new union contract began June 25, and any information you give management can be used in retaliation against us during negotiations and arbitration.
