Your graduation today is in many ways a notable achievement in our family history, as it is the only one that I am aware of where the graduate has obtained a bachelor's degree from such a well-regarded, nationally ranked university as a *summa cum laude* graduate!

Moreover, what is equally remarkable is that you achieved all of this as a biology/pre-med student, while not shying away from the challenging, difficult courses! For that, I am proud—we are proud—of your notable achievement.

You will be pleased to know that our friends from the Alpha Nu Omega Christian Fraternity & Sorority; the Christian Bible Institute & Seminary; and the Lemba Cultural Association have joined me in extending this note of congratulations to you.

In addition, you will also be pleased to know that my colleague Marilyn Holifield, Esq. of Miami—for *whom you received your middle name*— and scores of other friends from my beloved St. Clements University, and who are from all around the world—including Australia, Central Asia, Southern Asia, West Africa, East Africa, throughout England and Europe, have joined me in extending this note of congratulations to you as well!

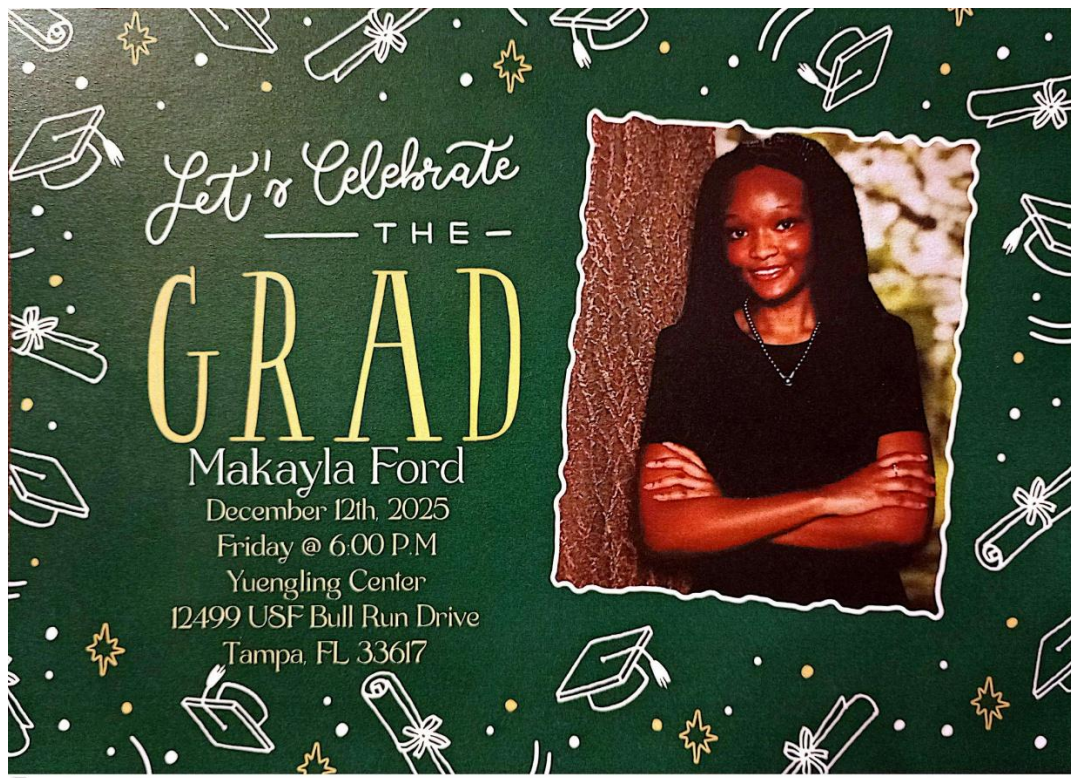

Today, I am an extremely proud Dad— a USF Dad! Go Bulls!

May God continue to richly Bless you always!

Love Your Dad,

~ **John 13: 34-35**
