DESCRIPTION: Fasco was a respected maker of higher end bows. This bow is a sculptured work of art in addition to being a great shooter. This left-handed bow has a massive riser that is nearly 28" long. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. 2 filled screw holes on back of the riser (see pic on p. 4). No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in excellent condition. Overall, this is an amazing show-piece bow in excellent condition for its age. The only thing that keeps it from being in near-mint condition is the two filled sight holes (see pic).

I have a wholesale catalog from 1965-66 which listed this bow. The 1965 dealer price was \$114.50, which was a discount of approximately 35% off a suggested retail price of \$154.60. In 2020 inflation adjusted dollars, that equates to \$1,242.00
