SIX-TIER INSTITUTIONAL ECOSYSTEM OVERVIEW

Development of Ecosystem to build sovereign AI infrastructure

(Update 2.0 22/03/2026)

TOP 10 SUMMARY—

Sovereign AI Infrastructure Credibility List

1. Stuart Russell

Professor, UC Berkeley — Global AI Safety Leader: The most globally recognized voice in AI safety. Adds enormous credibility to alignment and governance claims.

2. Margrethe Vestager

Former Executive Vice President, European Commission: One of the most influential digital-policy leaders in Europe. A heavyweight in competition, AI, and sovereignty.

3. Thierry Breton

Former European Commissioner for Internal Market — Architect of the EU AI Act: The most powerful figure in EU digital sovereignty. His name alone signals strategic alignment.

4. Bjorn Berge

Deputy Secretary General, Council of Europe: Second-highest official in the entire institution. Signals continental legitimacy and rights-based AI alignment.

5. Vadim Pak

Council of Europe — AI & Human Rights (Framework Convention + HUDERIA): Central architect of the world's first binding AI treaty. Perfect conceptual match for governed memory.

6. Peter Kimpian

Secretary to Convention 108+, Council of Europe: One of Europe's most respected data-protection governance figures. Direct relevance to auditability and traceability.

7. Patrice Caine

Chairman & CEO, Thales: Thales is Europe's defence-grade digital-sovereignty backbone. His name signals high-security infrastructure relevance.

8. Sir Rob Wainwright

Former Director of Europol / Deloitte Cyber Partner: A major figure in European cyber governance. Adds operational credibility in security and trust.

9. Marc Murtra Millà

Chairman & CEO, Telefónica S.A.: Telefónica is one of Europe's sovereign-infrastructure giants. His presence signals telecom-grade seriousness.

10. Juan Manuel Moreno Bonilla

President, Junta de Andalucía: Regional political authority. Shows you are anchored in the territory where the infrastructure will be built.

This list demonstrates a blend of **policy, sovereignty, safety, telecom, defence, and regional legitimacy**.

- **continental governance reach** (Berge, Pak, Kimpian)
- **EU digital sovereignty alignment** (Breton, Vestager)
- **global AI safety legitimacy** (Russell)
- **sovereign-infrastructure credibility** (Murtra, Caine)
- **cyber-governance authority** (Wainwright)
- **regional political anchoring** (Moreno Bonilla)

TOP 50 (SIX TIERS) — Institutional Ecosystem **Overview for Sovereign AI Infrastructure Partnership**

Introduction

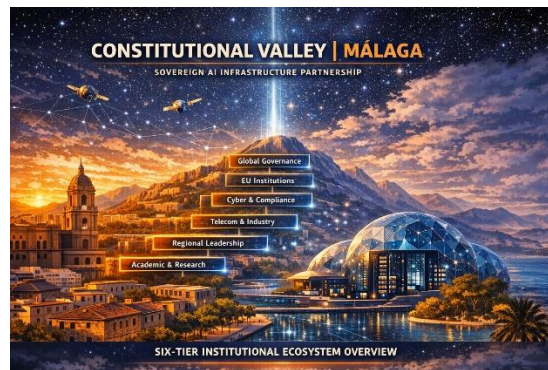

This document provides a structured overview of the institutional ecosystem surrounding the development of the “Constitutional Valley” sovereign AI and governed-memory infrastructure initiative anchored in Málaga, Andalucía.

The contacts listed here span:

- **Continental governance bodies** (Council of Europe, European Commission)
- **Global AI governance leaders** (US, UK, EU)
- **Telecom, cybersecurity, and digital-sovereignty actors**
- **Regional political and academic leadership in Andalucía**

Together, they demonstrate that the initiative is developing **key ecosystems shaping rights-based AI, public-sector trust, digital sovereignty, and high-reliability infrastructure**.

The list is organized into **tiers**, reflecting strategic relevance and institutional influence.

TIER 1 — Continental & Global Governance (Highest Strategic Value)

Rank	Name	Affiliation	Specific Relevance / Value
1	Stuart Russell	UC Berkeley	Global AI safety authority; credibility anchor for alignment and governance.
2	Sir Nigel Shadbolt	Oxford / Open Data Institute	UK data-governance pioneer; strengthens trust and transparency framing.
3	Margrethe Vestager	Former European Commission EVP, chair of Board of Governors at the Technical University of Denmark (DTU),	Central figure in EU digital policy; signals alignment with EU sovereignty.
4	Thierry Breton	Former European Commission	Architect of EU AI Act; sovereign-infrastructure relevance.
5	Herman Van Rompuy	Former President, European Council	High-level political legitimacy and EU institutional visibility.
6	Bjorn Berge	Deputy Secretary General, Council of Europe	Second-highest official; rights-based AI governance alignment.
7	Vadim Pak	Council of Europe (AI & Human Rights)	Core actor in AI Framework Convention + HUDERIA; perfect conceptual fit.
8	Peter Kimpian	Council of Europe (Convention 108+)	Key figure in European data-protection governance; auditability alignment.
9	Suresh Venkatasubramanian	Former White House OSTP	Architect of AI Bill of Rights; global governance credibility.
10	Dame Julie Maxton	Chair, ADA Lovelace Institute	AI-Governance Research Institute overseeing AI-ethics

TIER 2 — Institutional Trust, Compliance & Cyber Governance

Rank	Name	Affiliation	Specific Relevance / Value
1	Patrice Caine	CEO, Thales	Major sovereign-tech actor; defence-grade infrastructure relevance.
2	Claudia Nemat	Deutsche Telekom AG	Telecom governance and digital-infrastructure alignment.
3	Sir Rob Wainwright	Former Europol Director	Cyber governance and cross-border trust.
4	Marc Murtra Millà	Chairman & CEO, Telefónica	Telecom sovereignty and infrastructure credibility.
5	Tomislav Sertić	Head of Unit, ECCD (CoE)	AML/CFT, integrity frameworks, cross-border governance.
6	Ed Humpherson	UK OSR	Public-sector trust, data integrity, transparency frameworks.
7	Michael Halepas	Barrister, Digital Assets	AML/CFT + digital-asset governance; forensic traceability.
8	David de Francisco Marcos	Sub-Director Ministry of AI Regulation	National Political Authority
9	Nadia Calviño	President EIB, ex Minister Economy & Digitalisation	Previous role in Digital Transformation.

TIER 3 — EU Institutional Ecosystem (JRC, EC, Digital Policy)

Rank	Name	Affiliation	Specific Relevance / Value
1	Ulla Engelmann	JRC / DG GROW	Senior EU scientific-policy leadership; strategic visibility.
2	Sabine Henzler	JRC Strategy Director	Scientific governance and programme alignment.
3	Michele Ronco	JRC Researcher	Safety-critical AI and geospatial intelligence.
4	Martina Levi	EC (Data Protection & AI)	Legal-governance alignment with EU privacy frameworks.
5	Margine Mori	EC (Digital Policy)	Governance-adjacent contact; privacy and compliance.
6	Ekaterina Zaharieva	EU Innovation	Deep-tech and startup ecosystem alignment.

TIER 4 — Málaga & Andalucía

Institutional Ecosystem

Rank	Name	Affiliation	Specific Relevance / Value
1	Francisco de la Torre	Mayor of Málaga	Political anchoring and regional legitimacy.
2	Juan Manuel Moreno Bonilla	President, Junta Andalucía	Regional political authority; institutional alignment.
3	Bernardo Quintero	Google / VirusTotal	Cybersecurity credibility; Málaga tech ecosystem anchor.
4	Raúl Jiménez	Director General, ADA	Regional digital-policy leadership.
5	Jorge Paradela	Regional Minister / President ADA	Regional digital-policy leadership..
6	Chema Alonso	VP Cloudflare, Chief Digital Officer of Telefónica	High-visibility digital-policy figure.
7	Felipe Romera	CEO, Málaga Tech Park	Local innovation ecosystem integration.
8	José María López	Director General Malaga Ayuntamiento	Local Council & Metropolitan area
9	Teodomiro López Navarrete	Rector, UMA	Academic anchoring and institutional legitimacy.
10	Elisa Bendodo	Political Coordinator	Regional political network.
11	María González Veracruz	Secretary of State for AI	National-level AI policy alignment.
12	Manuel Escobar	Sub-director Digital, ADA	Technical alignment with regional digital strategy.
13	Enrique Rando Gonzalez	CTO, ADA	Manager of Technical Services
14	Manuel Pereira Domínguez	Digital Director, Strategy ADA	Innovation ecosystem integration.
15	Rafael Ventura	UMA Entrepreneurship	Startup ecosystem relevance.
16	Victor Muñoz	UMA Professor Engineering	Academic credibility.
17	José Gerdan Ibáñez	Ex-CTO Telefónica Digital	Telecom and cloud-infrastructure expertise.
18	Ernesto Pimentel	UMA Professor Computer Science	Technical academic alignment.
19	Francisco Herrera	UGR Professor Computer Science & AI / DaSCI	AI research ecosystem integration.

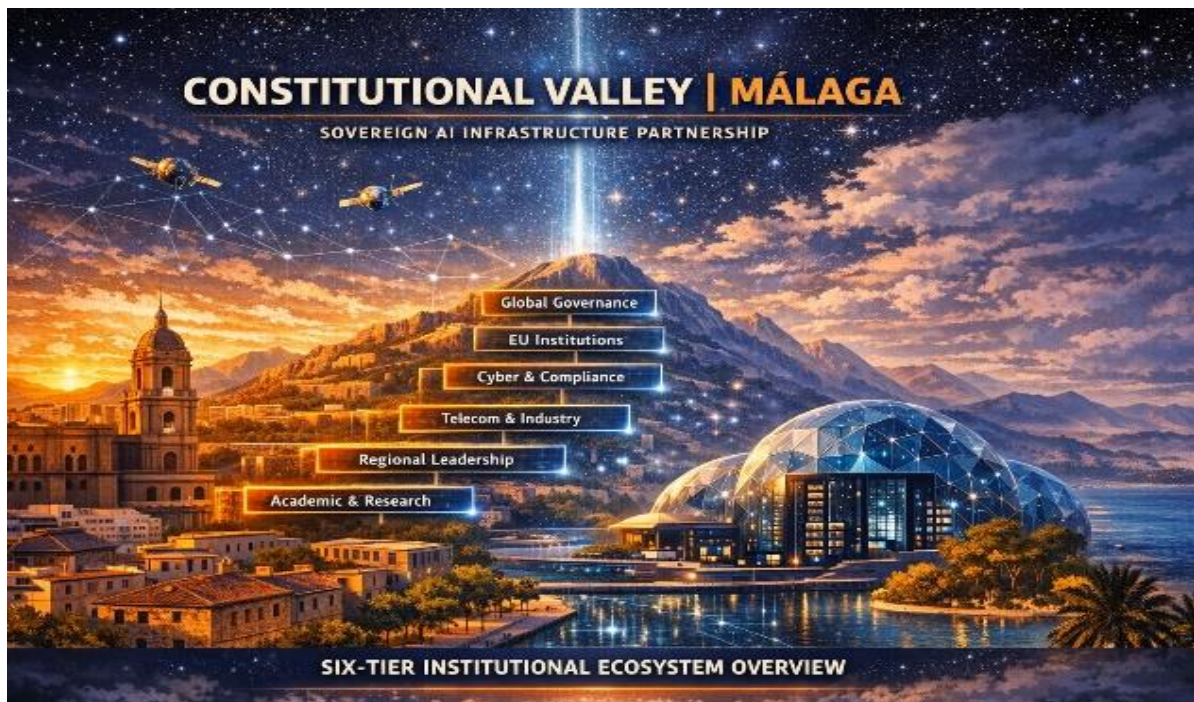

TIER 5 — Academic Anchoring

Rank	Name	Affiliation	Specific Relevance / Value
1	Natalia Díaz Rodríguez (UGR)	University of Granada - DaSCI	Local academic anchor; research legitimacy. Proposed Scientific Advisory Consultancy Role.

TIER 6 — Global Thinkers & Narrative Leaders

Rank	Name	Affiliation	Specific Relevance / Value
1	Flavien Chervet	AI Alignment Thinker	High-visibility narrative amplifier; French Senate AI contributor.
