2018-01 – Unified Carrier Registration (UCR) Agreement Enforcement Bulletin for 2018 Registration Year

Created: Jan. 1, 2018

Summary

This bulletin provides guidance for verifying compliance with the Unified Carrier Registration (UCR) Agreement during a roadside inspection and encourages roadside enforcement for the 2018 registration year, effective Jan. 1, 2018.

The UCR Board of Directors anticipates that the Federal Motor Carrier Safety Administration (FMCSA) will complete a rulemaking addressing UCR fees shortly. As a result, the UCR Board of Directors is suspending enforcement of the 2018 registration period until further notice and recommends to all states that the enforcement period for 2018 compliance not begin until 90 days after the final rulemaking is published.

Background

The 2005 U.S. Department of Transportation (DOT) re-authorization bill, also known as SAFETEA-LU, codified UCR into federal law.

Enforcement of Previous UCR Registration Year (2017)

For roadside enforcement of the previous UCR registration year, enforcement staff should first obtain evidence of interstate/international operations occurring during that registration year. Proof may include but is not limited to:

- log entries
- toll receipts
- shipping papers
- bills of lading
- previous year's apportioned receipt
- prior years' roadside inspection reports of interstate/international operations

PRIOR TO PUBLICATION OF UCR FINAL RULE

Beginning Jan. 1, 2018, roadside enforcement should only include the previous year (2017).

AFTER PUBLICATION OF UCR FINAL RULE

Beginning 90 days after publication of the final UCR rule, roadside enforcement should only include the current year (2018) and the previous year (2017).

The following groups are not subject to UCR:

- A state that has adopted the UCR Program for intrastate carriers (those that do not handle interstate/international freight or make interstate/international movements)
- Private motor carriers of passengers (those that operate as a private motor carrier engaged in the interstate/international transportation of passengers which is provided in the furtherance of a commercial enterprise and is not available to the public at large)

Guidance

Until further notice, the UCR Board of Directors is suspending enforcement of the 2018 UCR registration year, effective Jan. 1, 2018. States should, however, continue to enforce the compliance for the 2017 registration year. Enforcement of UCR should only occur after online or telephonic verification that the company has failed to register for the 2017 UCR registration year. Roadside enforcement action should not be taken for the 2017 UCR registration year unless proof of operation in the 2017 UCR registration year can be obtained.

As an addendum to this bulletin, a listing of the 41 base states with phone numbers has been provided to verify compliance with UCR. This information should also be given to carriers that are required to register or have questions concerning the program.

To verify compliance, please call during normal business hours and provide the USDOT number with the carrier's name.

FMCSA has added a 49 CFR violation code into the ASPEN software to indicate that a carrier is not in compliance with UCR. It is:

392.2 UCR - Failure to pay UCR fees

For the issuance of a citation or a traffic summons, consult your state statute and department regulation.

To verify UCR compliance, access Query Central at the carrier level and click on the UCR link at the bottom of the page.

You can also go directly to www.safersys.org. Under the middle column “FMCSA Searches,” click on “Unified Carrier Registration (UCR).”

If the carrier is an intrastate-only carrier or an interstate/international carrier that has never registered in UCR, the message “No data found for this query” will appear. **Under this scenario, enforcement staff should take appropriate enforcement action against the carrier operating in interstate or international commerce.** No UCR enforcement action should be taken against a motor carrier operating solely in intrastate commerce unless that state has adopted the UCR for their intrastate-only motor carriers.

It is imperative to click on the “Search” button and not hit the “Enter” key. Clicking on the “Enter” key will result in an inaccurate screen that will not have the message “No data found for this query.”
