

PERFECT TIMING

We got a call from a new customer, she was having car problems. She brought her car in so we could look at it. She needed a crank sensor. We told her the cost to fix it, she said she did not have the money. So, we decided to fix the car for her at no charge. She said no, she didn't know how long she had to live, she wanted us to find a good home for it. The next day, we got a call from a customer who happens to be a pastor of a church. He had a couple that needed a low-cost car and asked if we knew anybody that had one. "Yes" we said, "Just So Happens"

HOLIDAY TRAVEL IS RIGHT AROUND THE CORNER

Check your mileage and call us. We will make sure your vehicle is up to the task of those Holiday Travel Plans.

DON'T FORGET AIR FILTERS !

We have had a severe Pollen season. There are more cars on the road than ever before. Add to that the extended time we have been in hazardous air from forest fires. ***You and your vehicle need to breathe clean air.*** Your Engine Air Filter traps the contaminated air, so it does not go into your engine. The Cabin Air Filter traps the contaminated air ***inside*** your vehicle, so the air you breathe is clean. We recommend replacing both filters at least once per year. You would be surprised how dirty they get just driving around town.

A BIG THANK YOU TO OUR CUSTOMERS !
"For Over 35 Years Our Customers have trusted us with one of their most important assets: Their vehicles."

SEND US YOUR PICTURES

We want to see *your* pictures ! Post them on our facebook page, or send them to us. Pictures of you with your vehicle (include the name of your vehicle – yes, some people name their cars and trucks !), or you at our shop, or just a drive by picture of our shop. Post them to Z's Car Care Facebook – and don't forget to like our page ! Or you can send them to us and we will post them - zscarcare@frontier.com, or text them to 503-952-6292

Have You Seen Our New Look ?
