

Spring Has Finally Sprung!!!

There are lots of things happening in Rockford this spring:

The Southeast Spokane County Fair Association received grant money from the Department of Agriculture to replace the animal barn at the fairgrounds.

Demolition has already begun, so watch for the new construction, soon!

The Fair Association has also acquired grant money from Innovia Foundation to replace the playground equipment at the Town Park. They will be working with Public Works to get this project completed.

The Annual FredNecks Frog Regatta Festival is Saturday, April 20, 2019. Check the out www.rockfordwa.com for a full schedule of events.

The Rockford Easter Egg Hunt is also Saturday, April 20, 2019 at 10am sharp.

Both events are sponsored by the Lion's Club and are held at Primeland Park.

Thank you to our local service clubs, for helping make Rockford a more beautiful and functional place to live!

Have a
Happy Easter!!!

There have been a reports over the last couple years of cougar sightings around town. Here's what you can do:

Call Washington Fish and Wildlife Department at 509-892-1001 to have the information passed on to one of their enforcement officers. The more information the better, and as timely as possible. You are also welcome to report to the Town however we do not have the resources to handle the matter directly.

For more information about living with potentially dangerous wildlife, check out the

[Washington Department of Fish and Wildlife website](http://wdfw.wa.gov) at wdfw.wa.gov.

They also have a specific page about cougars.
