DESCRIPTION: This is a nice reconditioned late 1971 Bear Grizzly. Great performing recurve. Sheduwa riser. Comfortable grip. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. The lower patent decal is in fair condition. The Bear Grizzly logo is a reproduction. The original was in poor condition and I didn't try to save it when I refinished the limbs. Overall, this is a really nice bow in excellent condition for its age. This bow was put to a stress test (held at full draw for 16 hours to make sure the old glues still held and no stress cracks developed. Then taken to the range and test shot. Comes with a new Bear style rug rest and side plate, and a used string that is still in good shape.
