

Greena[®]
Makers of Garden Products

Our Collection Nov 2025

Ver 7

Greena has been manufacturing garden pots in Mumbai for the past 10 years. Backed by decades of expertise in precision mold manufacturing from our parental company, we have consistently delivered products that meet global standards.

As one of the pioneers of innovative self-watering pots in India, we have continually evolved our designs to cater to urban gardening needs. Our range of accessories, including hanging, wall mounting, and balcony hooking options, ensures our pots can fit seamlessly into any landscape.

At Greena, we are dedicated to creating innovative garden products that simplify gardening while keeping nature at the forefront.
