## FOREWORD

Pan-America is a term applied to the twenty-one independent republics of the Americas. These republics extend from the northern border of the United States to the southernmost tip of South America.

The Pan-American Union, through its international co-operation, occupies an important position in the peace movement of the world. This union is administered by a governing board, composed of the Secretary of State of the United States, the ambassadors and ministers of other American republics.

Today, the Union is the "clearing house of good will," which is ever at the service of the Americas. Its headquarters are in a beautiful building in Washington, D. C., which was completed in 1910 as a gift of Andrew Carnegie.

To a war-torn world of today these twenty-one republics have shown that they can live as neighbors in peace and friendship.

In 1826 Simon Bolivar called the first Congress of the American nations. The purpose of that conference was to establish unity and co-operation among the independent republics of the Americas. Nothing but disappointment came out of the meeting.

Today, however, Bolivar's dream has been realized. The Pan-American Union brings together all the American republics and helps them live together in peace and happiness.

To this American ideal of friendship and good will we, the students of Magdalena High School, dedicate our annual.

## BOARD OF EDUCATION

Mr. Tom Scartaccini	-----	President
Mr. Kenneth Hughes	-----	Vice-President
Mr. Eulalio Baca	-----	Secretary-Treasurer
Mr. Emilio Tafoya		Mr. P. G. Ferguson

Magdalena community, and particularly the Magdalena Schools, is fortunate to have five business men on the School Board who are interested in making the best schools possible for Magdalena. This Board has pledged itself to a strictly business administration, and have planned a constructive program which includes the consolidation of several small school districts and eventually, the erection of a new high school building.

The members of this Board realize that these things cannot be accomplished without the co-operation of everyone concerned and they sincerely solicit the assistance and support of those interested in good schools.

The Board of Education extends its congratulations to the graduating Class of 1941.

### GREETINGS

It has been a pleasure to work in the Magdalena Schools during the past year, and I sincerely appreciate the co-operation which I have received, not only from the patrons of the school but also from the student body. It is my desire to be of more service to this community, and this is possible only if I can have the continued support of the patrons and friends of the schools.

My best wishes go to the 1941 Senior Class who are greatly responsible for the production of this School Annual.

## FRESHMAN GIRLS ENTERTAIN

The Freshman girls gave a tea on March 6. They served white, open-faced, brown and white sandwiches, candy cookies, olives, lemons, pickles, nuts and macaroons. All of these things were made by the Freshman girls.

Mrs. Remmele was the honored guest. Mona Gray acted as hostess. Peggy Moore had the honor of pouring tea. It was a grand affair and everyone had a lovely time.

## HOMECOMING CELEBRATION

The football boys held a homecoming dance at the close of the season, at which time their elected queen, Ima Jean Hanna, received the crown. Mary Armijo and Clara Chavez were selected as her attendants.

The queen, Ima Jean Hanna, was presented with a corsage of roses. The queen's attendants, Clara Chavez and Mary Armijo, were presented with corsages of gardenias. Grey Ferguson, honorary captain, made the presentations on behalf of the football squad.

## SKATING

Skating in the gymnasium has been quite an enjoyable pastime for school children and the people of the community. Skating basketball games have been held from time to time. The Magdalena Town Team played the Datil Lilies a number of games.

The skates were ordered by Mr. Ludlow. The equipment consists of thirty-one pairs of skates. A nominal sum is being charged for skating, until the skates are paid for.

Many groups have had the pleasure of the use of the skates and the auditorium for private parties.

The Student Council is one of the most effective organizations on the campus. This Council promotes understanding between the student body and the faculty, as Pan-Americanism promotes understanding among the Americas. The membership is made up of representatives elected to it by the various clubs and classes in the school.

A court composed of the president and four members of the Council was established to impose restrictions on members of the student body who were guilty of violating any of the rules.

The students are to be commended upon the very fine spirit in which they co-operated with these officers whom they helped to elect.

## "GREETINGS FROM PAN AMERICA"

One of the most outstanding assemblies given during the year was held on the night of April 18 in which all the students of the high school participated. The theme of the program was "Pan-Americanism."

"Greetings from Pan America" consisted of drills with flags of the twenty-one republics, accompanied by the music of their National Anthems. This was presided over by the Spirit of Panama. A song, "America the Beautiful," contributed to the beauty and effectiveness of this scene.

"Scenes from Latin America" depicted customs and dress characteristic to the countries. These scenes were: Jarabe Tapatio—Mexico; Ranchero song—Argentina; song, "Ojos Verdes"—Cuba; A street scene of Mexico City; Chiapanecas—Peasant Dance. A radio sketch, "Great Names in Latin-American History," outlined the movement for South American independence.

A playlet, "Tit for Tat," was presented. This summarized the ideal of Pan Americanism, that of the children of all the Americas joining hands in a spirit of deeper understanding.

The theme is beautifully summarized in

### LA INMENSA RONDA

Haced una inmensa ronda,

The boys have been wanting a Home Economics course in school for a number of years. This year it was offered the last semester. Eight boys enrolled for this course. This class has covered many interesting subjects: cooking, care of clothes, manners in home and social life.

Just a tip to some of the girls: these boys might even make good "housewives." It has been a very interesting course and it is hoped to have the same course for boys that are interested next year.

## SPRING

Spring is in the air!  
 It brings to every being  
 A wonderful, joyous feeling  
 Spring! Smell it everywhere.  
 It is more than a school boy can bear.  
 Daily are his senses reeling.  
 And he has that lazy feeling.  
 For he knows Spring's in the air!  
 What will Spring bring to me?  
 It is my Senior Year.  
 So soon will start my life-to-be.  
 End of childhood's very near.  
 Dear classmates, though you may not see,  
 From my eye I brush a tear.

"El Club Espanol" was organized in the Magdalena High School in 1932. As stated in its constitution, the principal object of the club "is to make its members familiar with the Spanish language, the customs and literature of Spain and of Latin-America." With this aim in view, the club has striven toward an intelligent and sympathetic understanding of our neighbors, and thus has helped to spread friendship and good will.

The programs consisted of Spanish plays, reports, Spanish games and Spanish songs, some of which are from Mexico.

The annual dancing party was held and games were played. Each member of the club was allowed to bring a guest. A very enjoyable time was had by all. "El Club Espanol" presented their annual assembly which was enjoyed very much.

As the members paid no dues, they made candy which was sold at two basketball games. They made curtains for the CCC Camp to pay their expenses to the district meeting in Belen. They attended this meeting April 19. A five minute talk on "Charm" was given by Lois Ferguson and a reading was given by Ima Jean Hanna. Each member exhibited a hobby of knitting, crochet or handicraft work. Each member took her own lunch and enjoyed herself very much.

There was no more active organization in the school than the Pep Club. It had a large membership and conscientious leaders. Throughout the year the group loyally supported all school functions.

A new song was adopted for the school and many yells were streamlined to suit the moderns.

The club successfully sponsored entertainments, including a party for the ball players at the close of the season.

A number of high school boys joined the club after Christmas. We hope that even more will join in the future. The club might well include all students in the high school. School spirit is carefully nurtured in the Pep Club and the students have done much to build up this loyalty and pride in Magdalena High School.

### HOT LUNCH PROJECT

Through the leadership of Superintendent Ludlow and the help of the P.-T. A., Magdalena School has been able to sponsor one of the largest and best organized school lunch programs in New Mexico. The school lunch project was organized in the early fall, but because of inadequate housing facilities, the Methodist church basement was made available as a school lunch room.

Surplus commodities and WPA labor were furnished by the government. Members of the P.-T. A. were very generous in working at the lunch room until it could be well established. Continued support of cash and foods of various kinds served to amplify the menu and provided balanced meals.

Nearly 400 children have been served at the lunch room since its inception, and we are thoroughly convinced that the lunch project is a most valuable asset to the students.

The Magdalena Steers enjoyed a successful basketball season, and when the District Tournament arrived the Steers were playing a good game of basketball.

At the end of the season they defeated the Albuquerque Indians. The Steers doubled the score on the surprised Redskins. Defeats were also handed St. Mary's and Lourdes. Reserve lost to the Steers 44-25.

In the District Tournament, the Steers easily defeated Estancia and held the vaunted Socorro five for three exciting quarters.

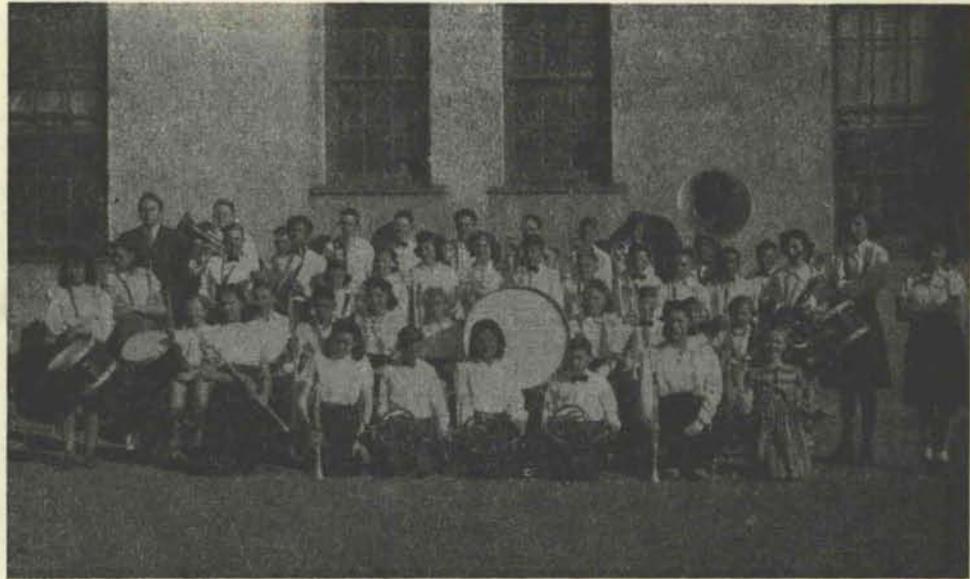

Playing their last high school game of basketball against Socorro, Grey Ferguson, Julian Nunez and Juan Sanchez graduate this year. Eddie Sais was the only Junior on the team. Sophomores and Freshmen made up the greater part of the team, which augurs well for next year. Sophomores are: Frank Gabaldon, Nelson Knoblock, John Armijo; Freshmen include: Bob Hoffman, Remy Cordova and Paul Fewell.

An interclass tournament was held at the end of the regular season. The Sophomore team, composed of John Armijo, Frank Gabaldon, Nelson Knoblock, Justiniano Armijo, Jake Chavez, Justiniano Baca and Jim Kelly defeated a Freshman team for the championship.

### MAGDALENA SCHOOL BAND

The Magdalena School Band, organized and directed by Mr. Tenney, is the realization of a dream the people of Magdalena have had for years. Although just started in September, the band, which now numbers over 45 pieces, gave their first concert on the night of December 6, just eleven weeks after the first group rehearsal. The band has added a real spark to our athletic program by playing at the basketball and football games, school spirit of which we are justly proud.

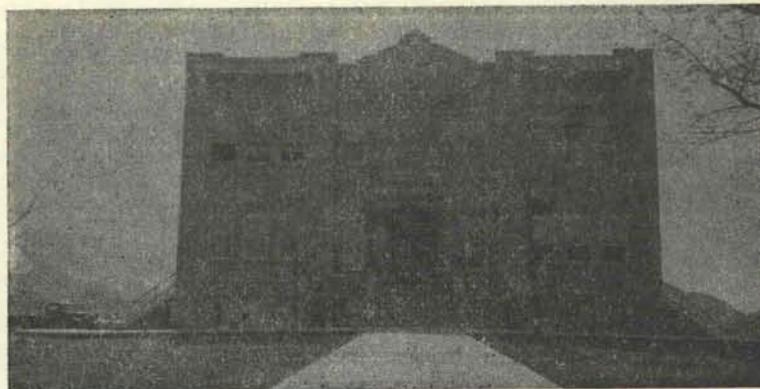

They made one public appearance in Socorro, gave another concert in May, but the highlight of the year was the participation in the District Music Festival in Santa Fe on April 26 when they made a very commendable showing. Such progress in so short a time takes a tremendous amount of time and energy on the part of both the students and director. They are to be congratulated for contributing something very worthwhile to our schools.

We want to thank the organizations, and individuals, who have given so generously of their time and money to support our band.

## GRADE SCHOOL STUDENT COUNCIL

Our Student Council is made up of a Head Boy and a Head Girl who act as President and Secretary of the Council, respectively, and Representatives from each room in school.

The President of each home room automatically becomes a Council member and, in the upper grades, two other members are elected by the students of the rooms. In the lower grades, just one extra member is elected.

The Council meets weekly and has full power in passing and enforcing legislation that has to do with student government.

The Head Boy and the Head Girl are elected for one semester. The representatives serve a full term. The first semester Roy Reynolds acted as Head Boy and Agnes Landavazo as Head Girl. The second semester, because of a tie vote, J. B. Kelly and Leo Innerbichler acted as Head Boys and Betty Martin as Head Girl.

| Tom Shilton -----    | President      |
| Nestor Sanchez ----- | Vice-President |
| Barney Saiz -----    | Secretary      |
| Selma Stendel -----  | Treasurer      |

The Honor Club consists of members from the upper grades who have received a minimum of eight H's on their six weeks' progress reports.

The Club meets regularly twice each month and discusses ways and means of improving our school.

The Club sponsored an assembly program the second semester. The program was in the form of an amateur contest and was very entertaining.

They closed the season with a picnic in Hop Canyon which was very much enjoyed by everyone.
