

Fridays from 7-8 PM in the small chapel.

Adoration is a celebration of presence, a prayer of presence. It is a, grace filled way of being alone with God, intimately alone with Him who loves us so much. About God, not us.

Adoration is our personal recognition of the reality of God's presence. It is a deep desire of our mind and heart to respond to and to savor the every-nourishing presence of God. It is a realization of being loved by God and loving Him in return, a real exchange of love. It is love following upon love, and of this love we have all received (John 1).

Adoration is a silent way of loving and being loved. It is the best kind of prayer. It is about God, not us. Adoration takes no special talent, just desire and faith, along with God's grace. Everyone can do this kind of worship.
