

MINUTES OF JUNE 3, 2018

Meeting was hosted by Charlie and Lisa Musto in Pa. It was a low turnout due to the distance but those who attended especially the guys thought they died and went to heaven. Charlie has an extensive and very impressive collection of T-Birds and a few special Ghia's . He has made a few changes since his last meeting . Cleaned and downsized his collection. I believe he only has 57' T-Bird's that he has and is working on . We met his parents, daughter and granddog, a Golden Doodle puppy.

MEETING STARTED: 2:15

Minutes were waived.
