Tall Oaks Country Club 2020 Club Updates

Hello Everyone, welcome to Tall Oaks Country Club 2020! We're commencing the 51st year of the club's operation. There are many exciting changes and events for 2020 and we look forward to another great year. With this being membership sign-up, we thought we would take the opportunity to inform you of the changes, plans, and events for the upcoming year.

Clubhouse Updates

The 2019 50th Anniversary Party and Fundraiser has enabled an extensive renovation of the locker rooms and common areas in the lower level. New flooring is being put in, along with painting the walls. New fixtures and other updates are planned as well. We are excited for the membership to see the new basement once the season begins!

The course will also be rerated by the Chicago District Golf Association (CDGA). This rerating will include yardages, slopes, and indexes. It has been over 30 years since the last time the course was rated. Tall Oaks will now be a member of the CDGA, and, the handicap system will be provided through the CDGA. This is a web-based system and maybe accessed anywhere. CDGA will set-up a kiosk for posting scores and we will be able to transfer any existing handicaps to the new system. This will be a great update and benefit for club members.

News from the Turf

Weather permitting, the new Senior and Lady tee box, for hole 15, should be operational by the end of May. We will continue our efforts to place rock along the banks of the creek by tee box 2, and, along hole 7, as funding and the weather permits. To solve the water retention issue just before green 8, we are looking to install a surface drain. Other priorities for the year include fixing and filling the bunkers and "coring" of the greens. Of course, weather always plays a role in outdoor activities so watch the club board for updates on the timing for items that might impact play.

Other News

The Board is currently exploring the possibility of setting up a golf cart rotation system that will assure that the fleet of carts is continually updated.

Kings and Wings is back! The Wednesday event is returning for 2020, so, watch for the start date and further communications on the event. We look forward to seeing everyone soon!
