

THE ECLIPTIC PENTECOSTS

IN RELATIONSHIP TO THE SYMMETRY OF GOLDEN RATIO AND THE MENORAH

The purpose of this chart is to illustrate the peculiar day-count patterns centered around Pentecost 2012. There appears to be several numerical associations and symmetry in relationship to repeating number sequences and specific occurrence of Pentecost in-between eclipses. One such pattern involves a very symmetrical (13, 6-2, 6-2, 13) day-counts. There will also be an association presented that correlates the number of the 153 Fish caught by the Disciples in John 21 to the number of 120 Disciples gathered in the Upper Room on Pentecost in Acts 2. Do these astronomical eclipses in direct symmetry to Pentecost signal a prophetic countdown or emphasis as far as the prophetic clock of prophecy is concerned?

THE PENTECOST ECLIPSE PATTERN

For Pentecost 2012, there appears to be a geometric pattern with dimensions in terms of time. The 2012 Feast of Pentecost is also encompassed by 2 symmetrical Golden Ratio proportions in relation to the Eclipses. One Golden Ratio can be configured from the Annular Solar Eclipse of May 20, 2012 to the 1st Day of Pentecost. The 2nd Golden Ratio occurs from the 2nd Day of Pentecost to the Partial Lunar Eclipse of Jun 3-4th 2012.

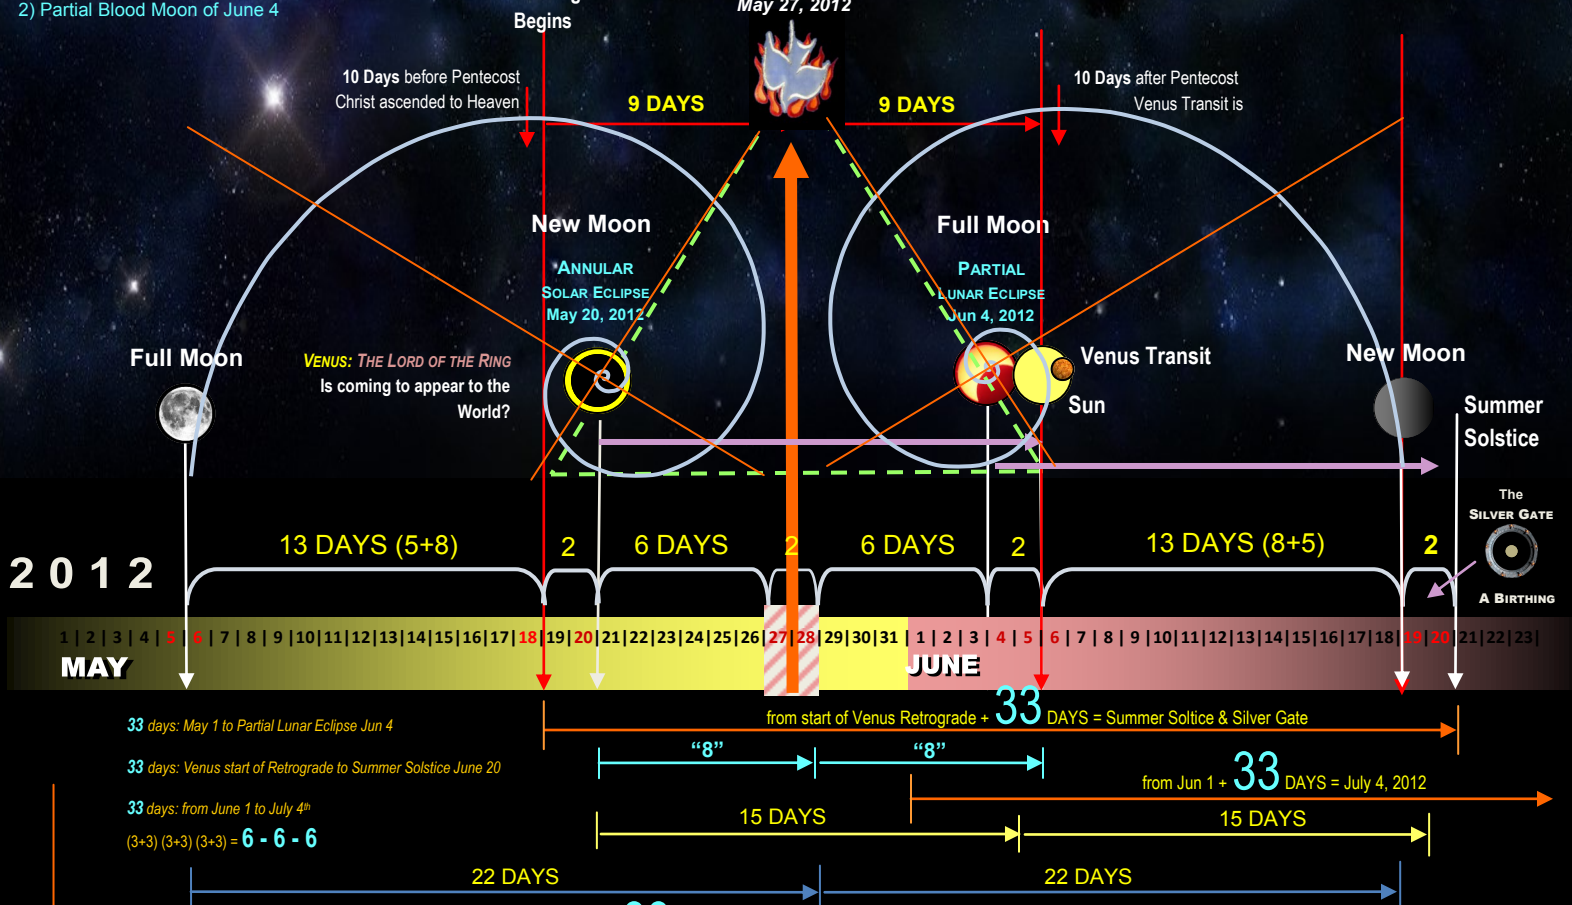

MA-

JOR CELESTIAL EVENTS

- 1) Annular Solar Eclipse of May 20
- 2) Partial Blood Moon of June 4

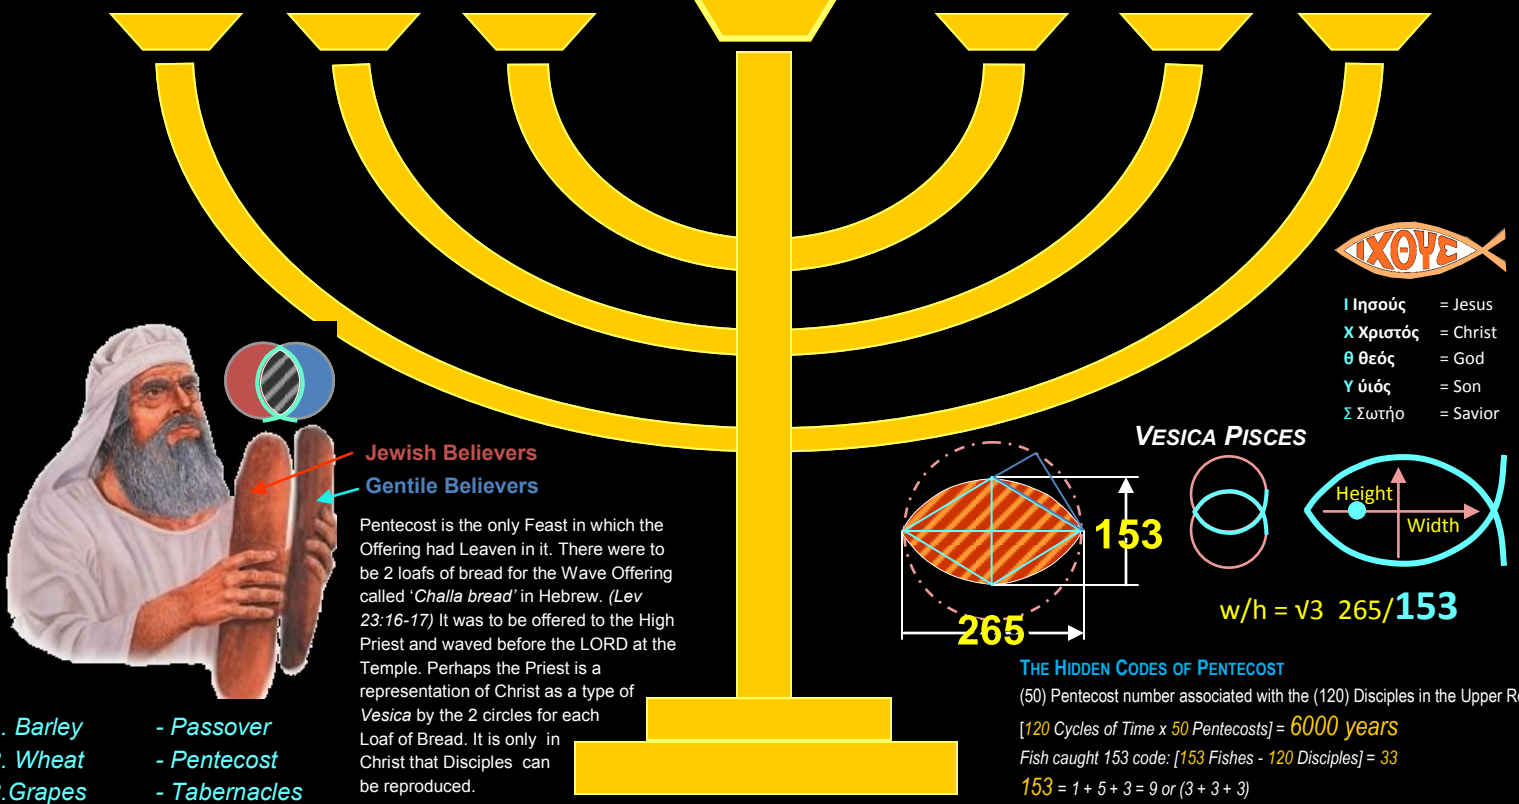

PENTECOST
(Spiritual Calendar)
May 27, 2012

There are specific astronomical and number correlations happening during Pentecost. The Feast is 'bracketed' between a solar and lunar Eclipse.

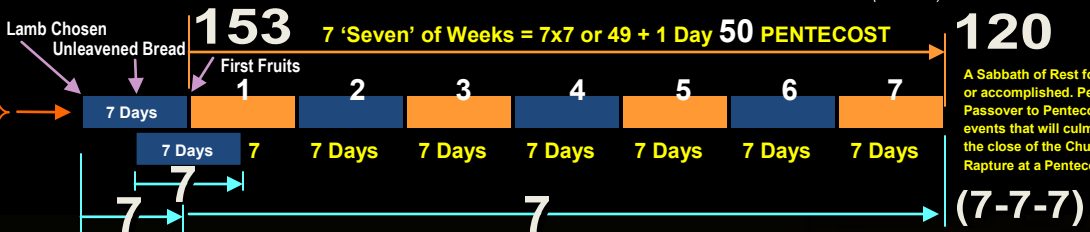

When one places a Menorah dimensions from one of the Menorah ends to correspond to the Full Moon on May 5 on a timeline to the last stem of the Menorah to correspond to the New Moon on June 18, the proportions will place the time-frame of the 2-Day Feast of Pentecost right down the middle from the corresponding end stems -as the 'center 4th stem.'

The Feasts of the LORD are a dress rehearsal of the type and shadow of Christ's finished work on the Cross for the redemption of Mankind. The first 3 have been literally fulfilled by the LORD Jesus Christ at His 1) Death-Passover, 2) Burial-Unleavened Bread, and 3) Resurrection -First Fruits. Thus it is plausible to assert that the Church Pentecost Age is what is being fulfilled now. This age is the 'Gap' in-between Daniels 69 and 70th Week. After the Resurrection/Rapture, the last 3 Feast of the LORD - Trumpets, Tabernacles and Booths will be fulfilled at Jesus Christ's 2nd Coming.

1. Barley - Passover
2. Wheat - Pentecost
3. Grapes - Tabernacles

- New Moon: 1st Day of Month
- Lamb Selected: 10th Day
- Passover: 14th Day
- Unleavened Bread: 15th Day
- First Fruits: 16th Day
- Pentecost: 49th Day + 1 Day

Perhaps a direct association would be linked with the '50' number of Pentecost associated with the 120 Disciples in the Upper Room. The 120 Disciples = 120 Cycles of Time. Some believe that this numerical factor is related to the 120 Jubilee count of Genesis. These 120 cycles of time are linked to the number of the 153 Fish caught by 7 Disciples at the specific direction of a Risen LORD Jesus in John 21:11. The 7 Disciples at the time of the catch represent the 7 Churches and 7 Church Ages.

Bases on this typology presented, there is an association of mathematical proportions that is derived from the dimensions of the fish symbol itself that is linked to the number 153 and the Vesica Pisces. Perhaps these numbers, 153, 120, 50, 777 are hidden 'codes' to reveal the hidden sequence of prophetic events.

Perhaps 153 is a prophetic number of those since Pentecost that are to be Saved; that would be 'caught' prophetically by the Church until the Great Commission of the Church Age would be fulfilled. Thus this 'picture' could, in one layer of meaning, allude to the number of 153 Fish as one of 'reproduction' and harvest. As it started in Pentecost could also end at such a season or time.

Will a Feast of Pentecost signal the arrival of the 'Departure' of the Body of Christ? Is this the time when the Holy Spirit is lifted up and out with the Body of Christ from this world? IF the typology is valid, it so happens that Christ's Ascension is directly tied to Pentecost. Jesus was 'Raptured' to Heaven 10 days prior to Pentecost.

This possible 'code' of 153, in turn could be linked to the Great Commission given to the Church by Christ to His Disciples after Pentecost. It was at Pentecost where the 120 Disciples soon after according to Acts 2 re-gathered in the Upper Room to celebrate Pentecost. The Scriptures once again specifically number 120 total Disciples there. At this time, the Holy Spirit came down as a Dove of Fire to indwell the Believers and infuse them with 'power from on High' to perform the Great Commission. Thus if the stipulation is carried forth, the whole 120 amount could thus represent a small token as 'First Fruits' of the whole Body of Christ that is to be Raptured by the Holy Spirit at some Pentecost time. It might coincide with the fulfillment of the Church's labor until a 'prophetic' 153 catch of humanity is brought in by the Church Age.
