Dogs

Basted Biscuit Treats with Smoky Bacon Flavor™ & **Gourmet Biscuit Treats with Real Cheddar Cheese™** are a great reward for your dog or a perfect training aid. **The Gourmet Biscuit Treats with Real Cheddar and the Basted Biscuit Treats with Smoky Bacon Flavor™** are perfect for helping your dog's teeth remain clean and healthy. Particles in soft foods frequently stick to the teeth resulting in tartar build up, causing dogs' bad breath. The hard, crunchy texture of the dog biscuit treats helps avoid this problem and it helps satisfy your dogs need to chew. Used daily, these biscuit treats can help remove loose food particles and tartar. Both treats are grain free, naturally preserved and made in the USA. We sell both these great dog treats by the pound or box.

Beef Sliders, Raw Hides & Pig's Ears are fun additions, and a great treat for your pet.

Fido-Vite K-9 Supplement™ -Designed with probiotics and enzymes for your dog's optimum intestinal health and wellness. **Fido-Vite™** works to improve the overall health and appearance of your dog. Fido-Vite™ was used by Wisconsin dog "Rumor" The 2017 Westminster Kennel Club "Best in Show" winner.

Poultry

Chickens have different nutritional needs based on their development stages. Our feeds are mixed to be nutritionally balanced for all stages of your birds' lives. **Hatching to 8 Weeks**-Chicks' need a starter crumble with 20% protein to ensure they are supported in their initial growth the first few months of life. Chicks **8-18 Weeks**-A pullet grower of 17% protein. Chicks **18 Weeks and Older-Hohl's Chicken Feed**, at 19% protein, it is a well-balanced complete feed for laying chickens.

Grit- Grit is the term for the hard materials that aid in digestion. Chickens must have grit supplied for healthy digestion because they have no teeth and the foods are ground with grit in the gizzard.

Scratch-Chicken Scratch is a good source of extra energy, especially during cool months. Hens that are brooding will benefit from extra energy but, scratch is not a complete feed, use with **Hohl's Chicken Feed** to ensure your birds have all nutritional needs met.

Mealworms- Mealworms are a great treat for your poultry, high in protein and fat.

Bin Run Wheat & Bin Run Rye-Extra energy!
