

Mission Trip—Work Day 3—August 8, 2018

We went out to dinner last night with Kerry and Rene'e to celebrate their work with us. We heard from Jenny that she was not well after her trip to Albuquerque, so she will not join us for this trip. Keep her and us in your prayers and safe journey to the Mays.

We nearly finished the roof Wednesday and the indoors team has insulated most of one room and has replaced most of the damaged studs. Everyone is well, a few aches and itches, but we will make the best of it for two more days.

Chuck

Please continue to keep *Cathy, Carol, Chuck, Dean, Isabelle, Mikayla* and homeowner *Marion* in your prayers as they continue to labor during these challenging weather conditions.

Looks like they are making progress from the photos! Thanks be to God.
