VINYL BANNERS

Get your message noticed! Our full-color customizable vinyl banners are perfect for all your indoor-outdoor advertising needs. Vinyl banners are affordable, durable, and extremely versatile. Promote a store sale or announce the celebration of a special occasion with our vast array of banner materials and hundreds of size choices.

- »All vinyl banners are digitally printed in vivid full color using UV-resistant ink
- »Fully customizable; create a one-of-a-kind display that looks great for years
- »Perimeter hems and grommets included at no charge (when applicable)
- »Priced by the square foot
- »No minimum quantity or order amount on products in this category
- »Custom sizes are available; simply round up to the next standard size for pricing (example: a 2'6" x 5'6" banner is rounded up to 3'x6' to determine pricing)

WE'VE IMPROVED OUR DISCOUNT STRUCTURE!

All volume discounts for vinyl banners are now based on the total square footage of identical items (same product, same design, same size), and now your discounts will kick in at lower quantities. The more you order, the more you'll save per item!

XL VINYL BANNERS

From building wraps to tradeshow backdrops, our XL Vinyl Banners are designed to be noticed. These state-of-the-art banners are printed on the highest quality material around.

- » Digitally printed in full color using UV-resistant inks
- » All XL Vinyl Banners include perimeter grommets for easy hanging
- » Sold by the square foot. Custom sizes are also available. To find pricing for a custom size, round up to the next foot
- » Prices shown include standard finishing. Special finishing requests may result in additional charges
- » Please note that most XL Banners will be folded for shipping, so some creasing is to be expected. If it is important to have a smooth banner, you may contact us to arrange a freight shipment
- » No minimum quantity or order amount on products in this category

How do I know if the banner I need falls in the "XL" category?

1} If the short side of the banner is longer than 5 feet, then it is an XL Banner.

2} Any banner longer than 35 feet is also considered an XL Banner.

STANDARD FINISHING OPTIONS

In order to keep our banner prices low for all customers, we have identified our most economical production workflows and established a set of standard banner finishing options. Special requests that fall outside of these standard finishing options may require an additional production setup fee or a special quote.

See the chart on page 19 to determine if the finishing options listed below are available for the banner you are ordering.

HEMS

Standard banner hems are 1" and can be added to any and all banner edges at no extra cost

• Hems are default except for Fabric Banners (sewn hems)
• Custom-sized hems other than 1" require a special quote and are only available for Fabric Banners, XL Banners, and Double-Sided Banners. Custom-sized hems may be sewn instead of heat welded

GROMMETS

Grommets may be added to the corners or evenly spaced every few feet on any and all edges at no extra cost. Requests for special grommet placement or spacing will require a production setup fee.

POLE POCKETS

Standard pole pocket size is 3" flat {fits a 1" pole}, applied to one edge or two opposite edges. Pole pocket options differ by product type:

13 OZ VINYL BANNERS & HIGH-RES VINYL BANNERS
• Heat-welded pockets
• 3" flat only
• Available on sizes 2x2 to 4x12 only

SATIN FABRIC BANNERS & MATTE FABRIC BANNERS:
• Sewn pockets
• Pockets larger than 3" flat require a custom quote
• Available on all banner sizes

XL 13 OZ VINYL BANNERS & DOUBLE-SIDED VINYL BANNERS
• Sewn or heat-welded
• Pockets larger than 3" flat require a custom quote
• Available on all banner sizes

1 pocket - $4.17
2 pockets - $6.67

RETRACTABLE BANNER KITS

ABOUT ALL OUR RETRACTABLE KITS

Indoor or outdoor, large or small, economy-priced or ultra-durable professional-grade, we have the perfect retractable banner! From small tabletop or counter-top displays to strong wind-resistant sidewalk displays, we offer the best retractable banner for any need. These economical, eye-catching, and portable banner kits are a great way to grab attention.

All retractable stands feature a spring-loaded base that stores the banner inside the base housing when not in use. Simply pull the banner out of the base and attach the top rail to the included pole set to display your banner.

» Every kit includes a custom banner {two banners if double-sided}, stand hardware, and carrying case
» Printed on 15 oz white PET with blockout layer and white backing; non-curling and scratch-resistant
» CMYK full-color digital print with UV-resistant inks
» Easily portable stands are a great solution for presentations on-the-go
» Kits arrive preloaded and ready for quick setup
» Replacement banners are available only for Telescoping Pro; all other models come with the banner permanently attached to the stand.

ARTWORK SPECIFICATIONS

Print: Digital Full Color - CMYK - UV-Resistant Inks
Resolution: 100-150 DPI at Full Scale Recommended

{⭐🕐🎯🔍}

ECONOMY RETRACTABLE

Our most popular retractable banner kit. Printed in beautiful full color on our 15 oz PET material with blockout layer for 100% opacity. The material is attached to the base's spring-loaded retractor mechanism which holds your banner securely inside the hardware. Simply insert the support pole into the back of the base then pull the banner out of the housing and attach the hook to the top of the support pole, and your display is ready. Recommended for short-term applications; works best for customers who do not need to change graphics {banners arrive permanently attached to the stands}.

TELESCOPING PRO RETRACTABLE

The most versatile retractable banner kit we sell, perfect for professionals who need a long-lasting display that allows easy graphic changes. Your banner is held fast by a snap-rail system allowing you to remove and replace your banners as often as needed. Setup is easy: simply insert the support pole into the back of the base and hook the banner rail to the top of the support pole. Hardware includes one-year warranty!

» Printed in full color on white 15 oz PET
» Kit includes banner, retractable stand, and carrying case
» Twist-locking pole provides an adjustable display height of 36" to 86"
» Easy setup: insert the support pole into the base and turn clockwise until secure, set the pole height using the twist lock, then attach the sign rail to the top of the pole
» Spring tension is adjustable, allowing you to reduce tension during storage and increase tension when the stand is in use
» Wide foldout base for extra stability
» Most orders ship 1-2 days after proof approval
» Includes one-year hardware warranty
» Replacement banners now available online

VEHICLE MAGNET

We are pleased to announce our new line of Vehicle Magnets! Magnetics will provide a super simple way to get your message across, while also providing the option of transfer another vehicle or metal surface. Made of sturdy yet flexible .030 mil magnetic substrate so they're tough enough for all-weather road, but with print quality pretty enough to bring indoors. This custom magnetic sheeting lays flat and adheres to metal surfaces for a semi-permanent bond that stays where you want but comes off when you like. Ideal for mobile advertisement and identification. Just wash-and-dry magnetic backing before application on a clean dry metal surface.

» Most orders ship 5-6 days after proof approval

» Available in 12"x18", 12"x24", 18"x24", and 24"x36" sizes

» Minimum quantity of two signs per design

» Available with matte lamination for an additional charge of $1.38 {V} per square foot

EZ DOT ADHESIVE VINYL

EZ Dot Adhesive is one of the easiest ways to present your advertising message. The back of your EZ Dot Adhesive banner features raised adhesive dots that allow air to escape during product application to any smooth surface, preventing the material from wrinkling or bubbling. Available single-sided only, EZ Dot goes up easily on any surface. This matte-finished, white-backed adhesive product removes from most surfaces without trace of residue. Designed for short-term indoor applications, EZ Dot can be applied to any dry, clean surface, and can even be used as a short-term vehicle graphic. When you are in need of a repositionable adhesive material that is easily applied by hand with practically no bubbles, this is the product for you.

» Recommended for indoor use with a maximum outdoor life of 2-3 months
» Most orders ship 1-2 business days after proof approval

PERFORATED WINDOW SIGN

Perfect for promoting your business using your valuable window space. This material's unique "one-way viewing" properties allow you to see out your windows from the inside but it appears as a solid display from the outside.

» Printed on 6 mil perforated white vinyl film with black backing

» 80/20 perforation; 80% printed space, 20% empty space

» Great for offices; provides shading similar to window tinting

» Easy to hang – simply peel and stick using the small transparent adhesive strips around the perimeter of the sign

» Adhesive is repositionable up to 2 or 3 times if kept clean

» Display multiple pieces together to create one large sign

» Applied to inside of window; not recommended for exterior use or on automobile windows

» Most orders ship 1-2 business days after proof approval

ADHESIVE NON-SLIP FLOOR SIGN

Our Adhesive Non-Slip Floor Signs can stick to ANY wall or floor surface - walls, sidewalks, brick, tile, doors, carpet, wood, metal, glass, painted surface, stone, cement, and asphalt! With its OSHA approved slip-resistant surface, these adhesive signs are a great way to reach customers as they shop, to promote or decorate for a special event, to create or reinforce brand identity on storefronts, and even to direct traffic in parking lots and drive-thrus. This material's unique texture adds extra depth to an interior wall, but also has the durability to promote your advertisement on an outdoor brick wall or exterior window.

» Printed on 8-mil slip-resistant textured vinyl {textile reinforced}

» Sticks to any clean, dry surface

» Wraps and bends with corners and uneven or ridged surfaces

» Slip-resistant surface with no laminate - OSHA, ASTM D-2047, and R12 certified

» Removes cleanly with little or no residue

» During installation surface must be clean and dry - roller application recommended

» Lifetime of these signs depends on usage. Indoor wall, window, and no-traffic floor applications last up to 2-3 years. Outdoor and high-traffic floor applications last up to 3 months

» Most orders ship 1-2 business days after proof approval

ADHESIVE FABRIC WALL SIGN

An elegant wall covering perfect for creating a warm, inviting atmosphere. Printed on a strong 10 oz matte fabric with white adhesive backing, this material adheres to any clean, smooth surface.

- » Premium 10 oz opaque matte fabric with white adhesive backing
- » Able to be repositioned multiple times during installation without leaving a residue as long as adhesive is kept clean
- » Resists ripping, wrinkling, shrinking, and curling
- » Adheres to walls, windows, metal, and almost any smooth surface
- » Recommended for indoor use in a dry location {ink can smear when wet}
- » Most orders ship 1-2 business days after proof approval
- » If used on painted walls, we recommend a good coat of primer to help prevent paint removal when the sign is taken down

ADHESIVE SIGN USAGE AND REMOVAL

When removing your adhesive sign from a wall, window, or floor, carefully pull diagonally from the corner, back onto itself. This will help ensure an easier and cleaner removal.

Do not pull straight down or to the side when removing your signs, as this may increase the likelihood of damaging the sign or application surface.

VINYL POSTER

A superior, less-expensive alternative to paper posters, especially in short runs. Our Vinyl Posters feature beautiful upscale color reproduction with a low-glare finish and are specially engineered to hang flat with no edge curling, even with heavy ink coverage.

Vinyl Posters are waterproof and highly scuff and scratch-resistant, making lamination unnecessary for most applications. This versatile product meets many needs: tape them to a wall or window, staple them to a wooden post, or request grommets in the top corners at no extra charge and hang them in your windows with suction cup hooks. With no minimum quantity required, this product has quickly become a go-to item for many of our customers.

» Printed on 15 oz white PET with white backing and blockout layer for 100% opacity
» Waterproof, scratch resistant, and engineered to hang flat without curling
» Pearl semi-gloss material finish
» Posters are smooth cut to the edges of your artwork
» Recommended for indoor use or short-term outdoor displays
» Most orders ship 1-2 business days after proof approval

FABRIC FLAGS & DISPLAYS

Increase your advertising reach with attractive fabric flags, perfect for outdoor and roadside displays! Four types of flags are available. Deluxe Feather Flags come single-sided or double-sided with premium all-aluminum hardware. Value Rectangle, Tear Drop, and Feather Flags are available single-sided with lightweight aluminum/fiberglass hardware, best suited for short-term applications.

When browsing our flags, don't let the term "Single-Sided" fool you. All of our flags are printed using a unique dye-sublimation process which also saturates the reverse side of the flag, creating a mirrored image with 95% of the color depth of the front side. All flags are printed in full-color {CMYK}, UV-resistant inks to ensure vivid colors that prevent fading and grab attention.

DELUXE FEATHER FLAG

The finest feather flags on the market, ideal for long-term roadside displays. Deluxe Feather Flags feature edge-to-edge dye-sublimation printing and a sturdy aluminum hardware set that comes with a two-year warranty when used exclusively with single-sided flags. Replacement flags are now available online so you can easily and inexpensively change your message as needed. Easy to assemble, and arrives with ground stakes for installation in grassy areas {cross base also available for flat surfaces}.

FLAG INFO

» Full-color, dye-sublimated print on 3.2 oz polyester fabric

» Vibrant colors with a print that includes the pole sleeve and extends from edge-to-edge

» Designed to stay open and remain taut even in zero wind conditions

» Reinforced sleeve pocket prevents tearing

» Flag is secured to hardware via a clip at the bottom of the pole sleeve

» Material is recommended for indoor-and-outdoor use in moderate weather conditions

» When used outdoors, the hardware will outlast the flags; replacement flags are available

» Most orders ship 7-8 business days after proof approval

POLE SET & GROUND STAKE INFO

» Hardware consists of a rigid three-piece aluminum pole set, flag whip, and ground stake

» Flag whip with ball end slides into pole sleeve, designed to prevent tearing and slippage

» Base of pole set features a steel ball bearing pivot to provide a 360° turning radius

» Pole hardware is easily secured to the base with a sturdy cotter pin

» All feather flag kits and hardware come with a ground stake for outdoor installation in grassy areas

» Optional Cross Bases are available for installations on hard, flat surfaces; Water Bags also available for extra ballast {used with cross bases only}Pole set comes with a two year warranty when used exclusively with single-sided flags

ALL FEATHER FLAGS COME COMPLETE WITH:

» One full-color single or double-sided feather flag

» One 3-piece bungeed pole set with whip

» One ground stake to be used in soft ground

» One heavy-duty carrying case, organized with identification pockets

» 2-year warranty on pole hardware when used exclusively with single-sided flags

Cross base and water bag available separately.

{ 2 YEAR WARRANTY }

SINGLE-SIDED VS. DOUBLE-SIDED

All of our flags are printed using a dye-sublimation process that saturates both sides of the material sheet and results in a 95% saturated mirror image on the reverse side of the fabric.

Single-sided feather flags are constructed out of a single sheet with a mirror image on the reverse side. They are lighter and less expensive, turn more easily with the wind, and place less strain on the hardware than double-sided flags.

Double-sided feather flags are assembled from two sheets of material with a blockout layer sewn between. The front and back images are printed separately from two different pieces of forward-facing artwork {no mirror image bleed-through}. Double-sided flags are heavier, do not turn as well in the wind, and place more strain on the hardware than single-sided flags, which is why no warranty is offered for pole sets used with double-sided flags.

NEW VALUE FLAGS!

Our Value Flags are an attractive and inexpensive option for your outdoor display needs. Improved pole and flag structure creates tension so the flag will remain unfurled for continuous graphic exposure. Featuring the same high-quality 3.2 oz polyester flag material as our Deluxe flags, but with new lightweight fiberglass hardware suitable for temporary display. These flags easily attach to an in-ground stake or cross-base for a full 360-degrees of rotation. Available in Rectangle, Tear Drop, and Feather Flag shapes.

VALUE FLAG GRAPHIC INFO:
- » Printed edge-to-edge using full-color dye-sublimation on 3.2 oz polyester fabric
- » Designed to stay open even in zero-wind conditions
- » Reinforced pole sleeve prevents tearing
- » Recommended for for indoor or outdoor use in mild to moderate weather conditions

VALUE FLAG POLE SET & GROUND STAKE INFO:
- » Hardware consists of pole set and ground stake; cross basses also available for installation on hard, flat surfaces
- » Flexible, but sturdy, flag whip is included with Tear Drop and Feather Flag kits
- » Flag is secured to the hardware using an elastic band that slips over the hardware anchor
- » Hardware is made of a fiberglass/aluminum composite, recommended for use in short-term/low-stress environments

VALUE RECTANGLE FLAG

Our Value Rectangle Flags are a great indoor and outdoor advertising solution! Available single-sided only in 9 ft, 12 ft, and 15 ft sizes, the state-of-the-art dye-sublimation technology results in a water-resistant flag.

ECONOMY RECTANGLE FLAGS INCLUDE:
» One full-color, single-sided, rectangle flag with edge-to-edge print
» One pole set
» One ground stake for installation in grassy areas
» Cross base, water bag, and carrying case available separately
» Most orders ship 7-8 business days after proof approval

Please note that flags need to be placed indoors if winds exceed 30 mph

COMPARE FABRIC FLAG BANNERS

The difference between our Deluxe and Value Flags lies primarily in the hardware. All of our flags are produced on the same 3.2 oz fabric material with the same great print quality, but Deluxe Feather Flags come with stronger all-aluminum pole sets, while our Value Rectangle, Tear Drop, and Feather Flag hardware is constructed of a metal and fiberglass composite.

INDOOR DISPLAY KITS

Take your promotion to the next level with our extensive selection of professional indoor display kits. Whether you need free-standing banner displays or high-quality poster hanging kits, we have many options that work great for retail stores, restaurants, trade shows, or showroom floors.

Specially designed to make the most of your available space – no more worrying about how to hang your banners in tricky locations. These stands and hangers set up quickly and easily to advertise your latest sales and promotions, giving you a polished and professional-looking display at a price you can afford.

Art template files for all display kits can be found at www.bannerfulfillment.com.

X-STAND BANNER KIT

Our most popular banner and stand combo, the X-Stand Banner Kit is an inexpensive yet professional looking banner display, great for indoor use. This easy to use and versatile stand allows you the flexibility to change graphics and copy as often as needed.

» One of the most affordable and flexible ways to display your banners

» Lightweight and simple stand is made of aluminium and fiberglass

» Four arms reach from a center hub to the 4 corners of the banner, hooking through grommets to hold the banner taut

» Rear leg is adjustable to balance the banner at any angle, like a tripod

» Available in 3 sizes: 24"w x 66"h, 31.5"w x 70"h, and 36"w x 80"h

» Banners are printed on 13 oz Vinyl Banner material {page 6} with grommets in the 4 corners

» Comes with a black canvas carrying case

» Recommended for indoor use only

» Most orders ship 1-2 business days after proof approval

» Banners require .25" bleed

FABRIC BACKDROP DISPLAY

Our new Fabric Backdrop Displays (a.k.a. Step-&-Repeat Backdrop Displays) are made of lightweight aluminum frames with flanged ends and interlocking-button construction, making the task of setup easy for one person to handle. The steel base provides adequate stability for indoor usage. The material is special 260 gram stretchable polyester, and is washable in cold water. Sure to impact, these dye-sublimated displays are available single-sided or double-sided and pull over the aluminum frame like a pillow case.

» Perfect for use as a step-and-repeat backdrop
» All backdrops are 7.5' tall; three widths available: 8 ft, 10 ft, and 20 ft
» Most orders ship 7-8 business days after proof approval

REAL ESTATE YARD SIGN

Introducing a new and innovative way to market homes, announce yard sales, or direct traffic! By inserting a 13 oz Vinyl Banner and securing with included bungees, our new yard signs give you clear, crisp, double-sided exposure at a fraction of the weight and cost of typical yard signage. These new signs are constructed from tubular steel and to withstand year-round elements. Simply slide the 18" bottom posts into soft ground, wrap the vinyl banner around the top bar, and secure with bungees for a sturdy, portable, and economic yard display!

» Printed on our 13 oz Vinyl material- strong, waterproof scrim vinyl with UV-resistant inks
» Available as a kit with one banner or three banners (additional set-up fees apply if all three banners have different graphics)
» 2'x4' vinyl banner folds over the hardware to create a 2'x2' double-sided display
» Stand has durable tubular steel construction with powder coated finish
» Signage is secured inside the frame with bungee cords

A-FRAME SIDEWALK KIT

These rugged A-Frame signs are an inexpensive way to attract new customers to your business. Setup is a snap – just spread the feet at the bottom of the sign, and your display is ready to go. Highly wind-proof, these stands can be ballasted by filling them with dry sand, yet they are still light enough to be easily repositioned throughout the day.

Available in both white and black frames.

» Holds two 24"w x 36"h adhesive signs that are displayed on each side of the stand

» Printed in full color on our Adhesive Non-Slip Floor Vinyl material {page 31} with semipermanent adhesive

» Full-color print with UV-resistant inks to prevent fading

» Made of high-grade plastics that can withstand years of use without warping, cracking, or fading

» Lightweight and compact, folds up for easy storage

» Stand comes ready to use with displays already attached

» Inexpensive replacement signs are now available for this kit

» Stand can be internally ballasted with dry sand - 5 lbs per side recommended

» Molded handle for easy portability

» Molded stacking lugs make it easy to securely stack multiple signs in storage

» Most orders ship 1-2 business days after proof approval

FLEX SIDEWALK KIT

The perfect sidewalk and storefront display! Our Flex Sidewalk Kit allows for interchangeable graphics in a heavy-duty windproof casing. The stand's easy-to-use snap frame allows graphics/copy to be changed quickly. Great for restaurants, grocery, retail and convenience stores, and auto-maintenance centers. Whether on a downtown sidewalk or a showroom floor, this display is guaranteed to grab your customers' attention.

» Complete with two identical 23"w x 33"h signs for front and back display; inexpensive replacement signs are also available

» Printed digitally in full color on our high-quality Vinyl Poster {page 34} waterproof material - producing sharp, vivid images with fade-resistant inks

» Includes a clear, scratch-resistant, waterproof cover sheet for extra outdoor durability

» This stand's strong spring mechanism and base balance system ensures your display won't blow over in the wind

» Heavy-duty stand snaps cover sheet and poster display in place, holding secure until you are ready to replace your poster display

» Most orders ship 2-3 business days after proof approval

» Some assembly required

OUTDOOR BANNER FRAME KIT

Introducing a unique new way to display your outdoor banners. Manufactured in our own plant in Kansas City - you won't find these anywhere else! Great for outdoor/roadside advertising. Simply assemble the interlocking pieces, install the assembled hardware in a soft-ground/grassy area using the included ground stakes, and fasten the banner to the frame with bungees for a long-lasting outdoor display.

» Kit includes one or two banners, hardware, and ball bungees
» Signage is secured inside the frame with bungee cords
» Flanged tube frame is constructed from 1.25" diameter steel tubing with black powder coat
» Portable and easy to assemble with interlock button construction
» One-year hardware warranty

Banners/bungees and hardware ship separately. Banners ship within 1 business day for proofs approved before 3:00 pm Central (banners approved after 3:00 pm CST will ship in two business days). Hardware ships within 3 business days of proof approval.

Let's Go Digital
Helping the Environment & Reaching You More Efficiently

With the industry's largest selection of banner materials and sizes, we are the printing and dye-sublimation expert!

We provide you with significant savings by leveraging our online ordering and production efficiencies. Now that we've gone digital we can help you save time and reduce your carbon footprint. Get information on thousands of products in our digital catalog with zero paper waste.

Replace stacks of paper catalogs with digital, emailable files.

Shop online! Information on thousands of our quality products delivered to your inbox paper-free. Let's go Digital!

ADDITIONAL INFO

PRICING

We strive to keep consistent pricing for our customers. However, pricing is subject to change without notice.

SETUP FEES

When you submit a print-ready file that needs no adjustments from our design staff before printing, your setup fee is $10 {P} per design. If you need help putting your artwork together, design service is available. Minimum charge is $50 {P} per design. Any additional design work which requires more than 25 minutes per design will be charged at a rate of $60.00 {Z} per hour. Design templates for our products and instructions to set up print-ready files are available at www.bannerfulfillment.com.

VOLUME DISCOUNTS

Volume discounts are available for most products we sell. Most banners are discounted by the total square footage of each unique item. Other units are discounted by the quantity of each item ordered. These discounts only apply to multiple copies of identical items. Any item that uses different artwork, is of a different size, or has different production specs must be ordered as a separate item.

MINIMUM CHARGES

Most products have no minimum quantity or order amount. However, certain products require intensive setup in production and therefore require minimum order amounts per item. Double-Sided Banners have a $100 minimum charge and Coroplast Signs have a $50 minimum charge. Custom-order items shown on page 68 require a $250 minimum charge. These products can still be ordered at any quantity, but the minimum charge per item will apply.

SPECIAL FINISHING REQUESTS

Product pricing in this catalog includes standard finishing only. Special finishing requests will result in additional production setup charges. Our standard finishing options for banners are as follows:
- 1" Hems - perimeter, your choice of sides, or none
- Grommets every few feet on perimeter, corners only, or none
- 3" flat pole pockets {fits 1" pole} - one or two sides
- 1" perimeter webbing {XL Mesh}
Any other requests such as special grommet placement, pole pocket sizes other than 3" flat, or hem sizes other than 1" will require an additional production setup charge.

RUSH SERVICE

Pricing includes the standard turnaround time shown on each product page. Depending on production volume, rush service may be available for an additional fee. Please call to verify that rush service is available before placing your order.

SHIPPING CHARGES

Shipping charges are based on bulk packaging of all items shipping to the same USA or Canada address. We can custom pack and ship your items in separate boxes for an additional fee.

ARTWORK

FILE TYPES

Vector art is recommended whenever possible, as it will produce the best resolution and color accuracy in your print. Vector files can be scaled to any size with no loss of resolution. Accepted vector file formats are: EPS, PDF, and AI {Adobe Illustrator}. All text must be converted to outlines and any linked images must be embedded. Raster {pixel-based} artwork is also accepted, but it limits our ability to manage color and places a limit on how large the image can be scaled

before resolution is lost. Accepted raster file types are: JPG/JPEG, TIFF, and PSD. 100 dpi resolution at actual print size is recommended for most products. Keep in mind that increasing the resolution beyond 100 dpi generally does not increase the final print quality of most products. However, some products can print with greater detail. Check each product's page in this catalog for recommended resolution settings. Please avoid sending DOC, PUB, and PPT files when possible. We cannot use these files or any images contained within them for print. They can be used to show suggested layouts, but they are not print-ready files, and will be subject to a $50 {P} minimum fee per design. Also keep in mind that most images saved from the internet will not work unless they are specifically high-resolution or vector images. For fastest service and to avoid extra design charges, please make sure any print-ready files are set up at the same proportions as the item you are ordering. Vector files can be submitted at smaller scale as long as the proportions match For example, artwork for a 2'x4' banner should have a height-to-width ratio of 1:2.
Product templates and instructions for setting up print-ready files are available at www.bannerfulfillment.com.

PRO TIPS

When creating banner artwork, keep all important text and graphics at least 1.5" away from the edge of the design. This will ensure no part of your message is lost when hems and grommets are added.
The amount of bleed to add to the edges of your artwork differs from product to product. Please refer to the bleed specs shown on each product page to set up your artwork with appropriate bleeds.
For greatest visibility at a distance, use text colors that have a high contrast against the background color. This is especially recommended when ordering mesh banners. When in doubt, go with simple high-contrast colors and large block-text.
To determine how visible your text will be from a distance, a good rule of thumb is 1 inch of text height for every 10 feet of distance away from

the banner. For example, if you want your message to be visible from 100' away, make sure your text is at least 10" tall. Font thickness and color contrast will also affect the range at which text will be visible.

COLOR QUALITY

CMYK
We print in CMYK 4-color process only. Please be sure all submitted files are in CMYK color mode. RGB colors cannot always be replicated in a CMYK print, especially bright neon colors. Web proofs are required to be in RGB color, so some minor color shift between the web proof and the final print is to be expected. If color accuracy is important for a job, we recommend viewing your web proofs on a color-calibrated monitor and requesting printed samples for large jobs.

COLOR MATCHING
Pantone color matching for select products is available for an additional fee of $60 {P} per color per line item - unless you request a color match, we cannot be responsible for color accuracy.
Slight color differences are to be expected between the original file as seen on your screen, the web proof, and the final printed product. However, we constantly test and update our printer profiles to meet G7 calibration specs and to maintain the greatest color accuracy possible. For best color results, please submit vector files using either CMYK or Pantone Plus Solid Coated colors. Pantones are especially recommended for closest color accuracy in fabric products such as fabric banners, flags, and table covers.
Print colors are affected by the finish of the material {gloss finish = brighter colors; matte finish = darker colors} and the inks used for each method of printing. Vinyl products are digitally printed, while fabric products are printed using dye sublimation. Each process uses its own ink set, and each will have different results when printed on different materials.

MATERIAL SPECS

WEIGHT
Vinyl material weight is measured by the number of ounces per square yard. The higher the ounce count, the thicker, more opaque, the more durable the material is.

OUTDOOR BANNERS
All of our outdoor vinyl banner material is constructed with a polyester mesh scrim woven into the material to provide superb outdoor strength. The density of this scrim is measured in units called deniers. Denier in vinyl banners usually ranges from 200x200 to 1,000x1000. A higher denier count creates a stronger banner and a smoother print. We know that durability is key to a successful outdoor advertising project, which is why we only use 1000x1000 denier material for our outdoor banners.

INDOOR BANNERS
Our indoor banners {such as High-Res Vinyl Banners} are printed on a smooth scrimless vinyl that can last years indoors but is not durable enough to be used for long term outdoor displays.

FINISHED PRODUCT SIZES
All banner and sign sizes are approximate. Items with no hems and trimmed edges will be within .25" of ordered size. Due to variations in hemming, banners with hems may be slightly shorter or longer than the ordered size, usually within .5".

CUSTOM SIZES
Most banners and signs priced by the square foot are also available in custom sizes. To order a custom size, round up to the next standard size for pricing and include the dimensions of your custom size with your instructions. There is no extra charge to produce a custom size.

PRODUCT GUARANTEE
We use the highest quality materials and hardware available, and most products can last years if installed and stored properly. Handling, installation, and storage are critical and not within our control, and while we guarantee your products will arrive free of any defects, we must limit our warranties to the following:

VINYL BANNERS
13 oz Vinyl Banners, 18 oz Vinyl Banners, and Mesh Vinyl Banners - 90 day outdoor warranty (does not apply to XL or Double-Sided Banners) We recommend using bungee cords when hanging banners outdoors in windy areas. Bungees reduce stress on the banner material and help your banner resist tearing in strong winds, unlike rope, twine, wire, or zip ties. You can also use a combination of rope and bungees when extra length is needed.

DELUXE FEATHER FLAG HARDWARE
Hardware comes with a two-year outdoor warranty when used exclusively with single-sided feather flags. The flags themselves have no warranty.

RETRACTABLE BANNER HARDWARE
Telescoping Pro and Double-Sided Indoor comes with a one year warranty.
Economy Retractable and Table Top Retractable hardware comes with a 6-month warranty.

RETURN/REPLACEMENT POLICY
All products are custom-printed just for you, so returns and refunds are only accepted if:
• A product arrives with a malfunction, a print or finishing error, or damage from transit
• A warrantied product which has been exposed only to normal wear and tear becomes unusable during the warranty period {grommets tear out of a banner, premature image fading, wind damage, retractable hardware is not working correctly, etc.}
By ordering, you agree that you must notify us of any problems with non-warrantied products within two weeks of delivery to be eligible for free replacements or full refunds. If the defect is visible, photos must be submitted for verification.
