DESCRIPTION: Great looking and performing recurve. This bow has a massive riser that absorbs almost all of the shock of the shot. Very comfortable pistol grip with thumb rest. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No screw holes. No chips, dings or cracks. A couple of light stress lines on the riser (see pic) section that does not extend into the working area of the limb. No crazing. Main decal is in very good shape, the other is very faint. Overall, this is an exceptionally nice bow for its age.

Note: Limbs are white but look a little blueish in the pics.
