Gatekeeper Program of Oklahoma County

The Gatekeeper Program is part of Oklahoma County Social Services and is a community-wide effort to identify and assist vulnerable older residents in need of help. Many of them are healthy, active people involved with family and friends, church or community groups. But many others are not so fortunate. They may live alone and have little contact with others. If they become ill, or unable to function independently, they can easily go unnoticed and unattended. "Gatekeepers" serve as the eyes and ears of the community.
