

Shoot Your Way to a HUNT and PRIZES at Rice Creek! Join the League

Join one of our Sporting Clays leagues and earn points towards hunting here at Rice Creek. Competitive leagues and our walk-in hours start Friday April 20th, (see hours at the bottom of page). We have both 2 and 4 person competitive teams in Low Brass. For the Family League, get as many relatives and friends as you can to shoot on your team. Each target broken adds to your team score. All league shooters are invited to the End of the Year Party, which is August 19th, 2018 with lots of prizes for league shooters from our sponsors.

League Teams - All teams receive certificates to hunt at LeBlanc's Rice Creek Hunting & Rec. some bigger, some smaller depending on where you end up in the standings. Prizes at the End of the Year Party and Tournament for teams and individuals. Improve your shooting - shoot at least 100 targets per month at your convenience

Low Brass League - Will be the same as last year; Shooters will shoot the 2 courses A & B. Reshoot as often as you like and keep the best score. You can have up to 8 shooters on a 4 person team and 6 shooters on a 2 person team; we will use the top 4 (or 2) scores from all the shooters. You can also enjoy a handicapped system and division of classes that keeps shooters on a more level shooting field. There will be bonus hunting if you win your division. (Divisions are decided halfway through the league)

Family League - This year get your family together and see how many targets you can break; each one broken adds to your total, there is no limit to how many you shoot at or how many family members you bring. If you shoot at 2100 targets, your family will win a party automatically. Remember the rule; you can pick your friends but you can't pick your family, so if you bring someone to shoot and you say they're family to you, then they're family to us and they can shoot on your team. There are no entry fees for a family team.

Small Bore - Set up the same as low brass expect you shoot as an individual and must use any of the three small bore gauges when you shoot at the targets and can be done coherent with low brass league.
