

RSDSA NEEDS YOUR HELP.

This is the Second Annual **FLAME OUT – A WALK TO EXTINGUISH RSD/CRPS.**

Our daughter, Judy, suffers from a disabling, chronic, neuropathic disease, RSD/CRPS. Misfiring nerves send continual pain signals to the brain. The pain ranks higher than that of childbirth or kidney stones. It has been described as more painful than amputation of a finger, without anesthesia. RSD patients liken it to your skin being on fire, with no relief.

There is presently no cure for the disease. As an Orphan disease, there is little research or outreach. Only awareness and education will result in advancement of treatment options.

That is where RSDSA comes in. As the only National advocate, for over thirty years, they need your support. Please join us as our Pain Warriors step off to support those who, daily, battle this insidious disease. You'll meet some of the bravest and most inspiring people you'll ever come in contact with. Masks will be required and social distancing will be honored.
