SPECIAL MEETING FOR BOND ISSUE

At a special Council Meeting of the City of Dorval, held on the evening of Tuesday, October 10th, 1961, tenders were opened for the sale of bonds amounting to \$1,750,000.00. It was unanimously resolved to accept the bid of Credit Interprovincial Incorporated at \$91.69 per \$100.00 at an interest rate of 5% for the complete issue. The yield of this issue is 5.87%.

It is interesting to note that a recent bond issue of \$1,000,000.00 sold by the City of Pointe Claire, that the yield of the issue was 5.75%. The difference in yields between the two municipalities can be attributed to the longer term of the issue of the City of Dorval. The Dorval issue extends partly to 30 years because of the cost to enlarge the filtration plant, and by so doing, the yearly loan charge can be kept at a minimum.

The Dorval issue covers capital expenditures of which approximately 50% will be charged bordering property owners for local improvements, the balance will be chargeable to the taxpayers at large. This will not involve any increase in the general and or special tax rates.

The last bond issue sold by the City of Dorval was in November 23, 1960, amounting to \$719,500.00, the yield being 6.29%.

CATHOLIC CHARITIES CAMPAIGN STARTS TODAY

Canvassers for the Federation of Catholic Charities are making their calls on homes and places of business throughout Dorval and will continue to do so for the next two weeks. Federation's 1961 campaign is being conducted between October 19 and November 2. The objective is \$675,000.

Unique in this type of United Appeal campaigning is the parish organization of the Federation of Catholic Charities. It is an area in which Federation is very proud and is responsible for approximately one-third or two total campaign objective.

General Parish Chairman, John F. Cullen of the Bell Telephone Company, placed great emphasis on the importance of this division at an organizational rally recently. He called this division the "back bone" of Federation and termed this localized campaigning as nothing more than "old time charity on an organ-

ized bases." Each parish operates autonomously in its particular area. Some conduct a one-day blitz in which an attempt is made to contact all parishioners on a single day. Others spread out their campaigning over the two week period of the drive.

E. G. Wakeling of 98 Roy Avenue, Dorval, has accepted the chairmanship of the committee for St. Veronica's Parish in this community. He reports excellent response from the workers and paid particular tribute to the priests of the parish for their cooperation and assistance.

However, he called on the people of Dorval to continue their assistance and enthusiasm until the campaign is brought to a successful conclusion.

In turn he asked for the support to all people irrespective of race or creed. Federation headquarters has suggested that anyone who is not called on personally for a donation may make their contributions direct to the Federation's headquarters at 2005 St. Mark Street in Montreal.

DORVAL SWEEPS "MAPLE LEAF BOWL" GAMES

Nearly 500 people turned out at Courtland Park on Saturday to see the second annual Pop Warner International Maple Leaf Bowl football games. In the Pee wee division, The Dorval Giants played the Staten Island Colts and in the Bantam division the Dorval Larks played the

Staten Island Titans. All the hoop-la and entertainment attached to games played on a much higher level was present at the games on Saturday and the officials who planned the activities must be given credit for an extremely well organized afternoon.

In the Pee Wee tilt, the Dorval Giants emerged victorious by the close score of 26 - 24. Giant Jim Yeates put the topping on a fine performance by scoring the winning touchdown midway through to the quarter. Al Perline of the Colts scored 3 touchdowns in a losing cause for the Staten Island team. Defensive teams shone in the Bantam game and a late fourth quarter recovery of a Staten Island fumble deep in Lark territory was the difference as Strathmore defeated the Titans 13 - 6.

DUKES IMPRESSIVE

IN FINAL GAME

Dorval Dukes, the city's entry in the Junior Q.R.F.U. wound up their season last Friday night by tying the Lachine Lakers 6 - 6. A good crowd turned out at Ballantyne Park to see the Dukes put forth one of their best efforts of the season. If they had won the game, they would have still been in the running for the playoffs. Coach Shorty Fairhead said that he felt that the Dukes had given their all and that they had played a good game.

Mr. Whalen is survived by his wife, the former Lucille Poulin, of Richmond; his parents, Mr. and Mrs. James Whalen, of Nova Scotia; four daughters, Christina, Teresa, Sheila and Mary Anne; one son, Mark; seven brothers, Bernard, Jerald, Ralph, Hubert, Leonard, and Cletus, all of Hamilton, Ont.; and four sisters, Mildred, Anna, Josephine and Teresa.

particularly with the American four downs in effect. Tony Puca and Al Perline terrific one-two punch for Staten Island - ditto Jim Yeates and Jeff Thompson for Giants. Oddity of the game was that there was not one punt by either team. Staten Island looked mighty sharp and their formations went off like clockwork. Giants Yeates and Thompson also did outstanding work on defense.

BANTAMS:

Don Russo a real triple threat for Titans. He can throw bullets. Injury to Titan's George Harvel in the early minutes hurt their backfield. He is an outstanding wide runner. George Allen also a wide running threat for Titans. Robert Joyal and Key Wilmut strong ball carriers for Larks. Cammy Clarke's passing ac-

Russel Whalen - A Tribute To His Memory

Deeply to be mourned is the final blessing of every man. But to receive the tribute of the tears of those most dear to God, the poor and the young, is to be doubly blessed and is the most precious of blessings. It was to the adolescent and the impoverished that Russell Whalen had devoted so much of his life.

It was from a much larger school than was embraced by the walls of St. Stephen's that he was taken. Indeed, it was not so much a school at all as it was from a family. His teachers were part of that family as were his pupils and his poor. It was by personally and directly bringing the young into compassionate contact with the unfortunate that he enriched the life of both. So it was that as a teacher he supremely taught generosity.

And he taught so much to his teachers. If a school is a place where everyone learns and a few also teach, then it must be said in tribute that those who taught with him had opportunity to witness so very much that was inspiring. He never presumed superiority in himself, was ever most willing to concede in his own mind that that staff had something to teach him. His patience was unending, and was only exceeded by a gift of unending respect and deference to others, by charity in all things. Those who worked with him will ever know better what it truly means to educate the young.

Then looking to the hundreds and hundreds of boys and girls who knew him as principal and teacher, what is their tribute? To begin with, it was not merely that he made no enemies, but that he made friends, and gained warm respect, and instilled enthusiastic admiration. Those familiar with education will recognize, with all the complexities of administering education on the personal level, that this is so rare as to be nearly unique. His boys and girls will so sorely miss his cheerful authority, his invariable humanity..... a friend.

"His life was gentle,
And the elements so mixed in him
that Nature might stand up and say
to all the world,
This was a man."

The deep sincerity and eloquence of the above tribute to the late Russell J. Whalen, principal of St. Stephen's High School in Dorval, made such a strong impression on the staff of The Dorval Reporter that we discarded our own inadequate editorial in its favour.

Written by a member of the staff of St. Stephen's who knew him well, it privileges us with a rare glimpse of the true personality and character of a man who, respected and loved by those whose lives he touched, made a contribution to the entire community which can never be adequately measured - never completely acknowledged.
Editor.

I and 191 other people living in Dorval North interpreted this paragraph to mean there will be few, if any, aircraft using the present jet runway, after new ones are built. I and the 191 other people sent a letter to the Mayor and Council of Dorval protesting what we thought was an attempt to influence the Department of Transport to have all jet flights use the runway which is now being extended. This "new jet runway" is parallel to, and north of, the existing one and will direct traffic over Dorval North and Valois. Our letter pointed out that we don't mind sharing the noise, but we don't want it all. Contrary to general public belief, it is not the runway directing traffic over the industrial area of Pointe Claire, which is being extended.

The Mayor of Dorval answered the letter that I and the 191 other people signed. He wrote a letter to our spokesman with copies to all of us. The Mayor accused our spokesman (and indirectly all of us) of not having sufficient schooling to understand the English language and of needlessly bothering and agitating other people. The Mayor accused our spokesman of misrepresenting the content of his letter to the Department of Transport, and he asks for an apology. I don't intend to apologize. I do intend to do everything I can to be sure everyone gets his fair share of aircraft noise. That includes those people who buy houses in any new development being constructed in line with the existing jet runway.

It could be argued that the letter I and the 191 other people signed should have been sent to our Federal Member rather than to the Mayor of Dorval, however, I believe when we introduce the welfare of two streets in particular in Dorval, viz. Allard and Claude, we are dealing with Municipal rather than Federal affairs. For this reason alone I think we had justification in addressing the Mayor of Dorval with our protest.

EXERPTS FROM LETTER TO MAYOR FROM MINISTER OF TRANSPORT

"Reference is made to your letter of September 1st, 1961, concerning the use of Runway 24L-06R and the subject of jet operations during the night hours at Montreal International Airport (Dorval).

"You are aware of the numerous operating procedures and restrictions (short of prohibition) which have already been introduced for abatement of jet noise. Although these measures have, collectively, resulted in some general overall improvement, this gain has been off-set by the increased number of jets now in service and by the increased frequency of jet schedules as compared with those of a year ago. As you know, we have been reluctant to introduce any kind of prohibition because of the detrimental economic factors such would impose. This is a last-resort

measure where only curtails the full utilization of costly airport facilities. It is neither compatible with the service obligations of the air transport industry nor in the best interests of the airport neighbourhood com-

munities and the city as a whole. "In keeping with our previously stated objective my officials are presently working out the mechanics and administrative details-of yet

Letters To The Editor

Dorval Reporter

Dear Sir,
The context of a letter to the Minister of Transport from the Federal Member for Jacques-Cartier-La Salle appeared recently in your paper. I quote the first paragraph of that letter:

"As I have mentioned before, a great many people are hoping that when the promised new runways are completed there will be no take-offs over Claude and Allard Avenues. From conversations I have had with Department of Transport personnel I gather that under certain conditions of weather it may still be necessary for some aircraft to continue to use this present runway indefinitely into the future. This is one point that I think should be cleared up by publicly announcing immediately under what conditions, if any, traffic will continue to use this offending runway 24-L, even after the new runways are completed."

 another measure in the regulatory field which involves the establishment of a reasonable ceiling on both day and night noise levels for jet operations at Montreal. It will be some time before this new measure can be implemented because there is much more to it than simply monitoring or taking noise level readings. In the meantime, we propose to discuss this matter as well as the subject of after-midnight operations with airline officials at our next meeting with them to be held shortly.

"I am glad to hear that the local residents were very much heartened by the arrival of our new mobile sound monitoring van. At the time of the writing of your letter the sound

crews were only monitoring during the evening hours from 7 p.m. until 12:30 after midnight. You will be pleased to know that monitoring operations have now been extended to cover the period between 12 noon and 3 a.m. since most of the jet operations take place during this time.

Yours sincerely,
 Leon Balcer."

COURTLAND PARK H. & S.

It's "Meet the Teacher Night" at Courtland Park School on Oct. 23rd at 8:15 p.m. While this evening is not intended to inform the parents how well their children are doing, it does provide them with a picture of what the children are learning. At 9:00 p.m., when the bell rings, Mr. Thomas, the principal, will give a talk on "The Parent's Role in Educating the Child". All those wishing to join the Home and School Association, may do so, this same evening.

SURREY GARDENS H. & S.

The Surrey Gardens Home and School Association is having their second Home and School meeting for the season on October 25, 1961, which will start promptly at 8:15 p.m.

The second section of "Meet the Teacher" night will be for the Senior Grades; 4th, 5th, 6th and 7th grades.

Our guest speaker will be Mr. J.D. Campbell, Education Officer for Administrative Area Number 4, of the Protestant School Board of Greater Montreal. His topic will be on "Subject Curriculum" for the Senior Grades.

This will also be a membership evening.

Folk Singers Entertain Surrey Gardens School

On Thursday afternoon, October 12th, Surrey Gardens School was filled with excitement as three folk singers, Mr. Bob Moore, Mr. Tom Ken and Mr. Austin Reed, entertained us with their talent.

The concert began with several rousing songs including "Michael", "The Frozen Logger", "Bury Me Beneath the Willow", "Old Dan Tucker" and "Red River Valley". The audience was invited to join in the singing and were delighted to learn the words of a new song, "Clean-O". As the programme continued several classes contributed by singing folk songs of their choice.

We concluded with that old familiar song "Twinkle, Twinkle, Little Star", after which John Nutter, of Grade Seven, expressed our thanks and appreciation of the concert.

ARTISTS: Dori Thomson is busy preparing a one artist show which will exhibit her paintings at Holiday Inn through the month of November The Lakeshore Association of Artists has a new collection of paintings on display at Miss Montreal's, Dorval What happened to the "Live a Borrowed Life" programme scheduled to originate in Montreal for October 16 presentation, with guests Mayor Pratt and Mary Feate? Pat Dorval, of Dorval Avenue, Dorval, heads a list of ladies from Dorval who also participated in the Channel 12 TV appearance of Harmony Inc. last week, it turns out that singers from Dorval make up a fair percentage of this delightful chorus; other ladies from Dorval who were not mentioned are Louise Brown, Lillian Hawker, Gerry Heilts, Lee Charnichael, Ann Grace, Betty Fraser, Melba O'Brien. You have an opportunity to hear the fine choral harmony singing of this group in international competition, at Montreal High, Saturday evening, Oct. 21, at 8:15.

ASSISTANCE RENDERED: CFOX lent a hand in the entertainment of the visiting Pop Warner Football teams from New York State. The boys were interviewed during their Friday night supper, which by the way was on the house -- at Miss Montreal's, Dorval Dorval Police provided an escort as the visitors entered the city Frank DeSantis of Staten Island came upon the weekend to officiate as head referee.

WEEKEND OF A BOY:

DORVAL OCT. 12, 1961: It is the weekend of the long anticipated Pop Warner Football conference games with two Staten Island Teams arriving to play in Dorval. A Dorval boy looks forward to having as a guest in his house for the weekend, a boy of his own age from New York. Mr. M. Arless, honorary Commissioner of Pop Warner Football, Dorval, has said so often what a wonderful reception the boys from Strathmore received in New York last year. It is his aim to make this a memorable time for Dorval boys and visitors alike. It is a time to get acquainted with the United States, a time to compete against them, to entertain-- it proves to be a time to remember.

QUEST'N THE HOUSE: Representative of the boys from New York, the guest in one house, Paul Blaine, 12 years old, Number 20 on the Midgets, is really a sturdy boy, who looks like formidable opposition. He is a little quiet and shy at first. However the Dorval boy finds out that he is in grade eight, that there are forty five boys in his class and that he has a man teacher. He lives in the upper part of an older house on Staten Island; his father is a salesman and has come up on the weekend to see his boy play football. The clincher in the conversation seems to be that the boy from Staten Island has only once ridden on the Staten Island Ferry.

GETTING ACQUAINTED: The boys get acquainted gradually and spend some time at first telling jokes, the age old standby for folks who haven't too much in common. Sometimes the point of the story is almost lost in the accent from New York. The boys examine equipment, and the Dorval boy sees that Paul is well outfitted, heavy pants and jersey, well padded helmet, proper shoes and a strong rain cape. This begins to look like formidable professional opposition! Game time approaches and there is a lot of kidding between boys. Paul comes in for some teasing at the breakfast table. "Come on Paul, dig in! At home you are the oldest and you've got it soft. In this family if you tumble the toast, you've lost it!"

THE GAME: It is an exciting day with the two New York teams out on the field, the Mount Titans in bright gold and black, the Midgets in green. There is a pink jeep, cars filled with United States visitors, cheerleaders, the Union Jack, the Fleur-de-lis, the Star Spangled Banner wave in the cold wind. The Dorval Giants win in a close game against the Midgets and the Strathmore Larks win against the Titans. The game between the Giants and the Midgets is as close as they come -- between the boys the winning and losing isn't so important any more.

The spirit of it all is worded in the Dorval Football League Pop Warner Conference Programme. "Victory by athletic scoring is a short term accomplishment. It stimulates elation and joy at closing whistle time, which emotions peter out in a day or two. Old scores are soon forgotten -- as time approaches the next game or season. Victory by character scoring is a long term accomplishment."

There is still a full day ahead. The banquet at the Dorval Recreation Centre is attended by about 600 people -- coaches, parents, American visitors. For all players to keep for years there are Certificates of Participation in the 1961 Maple Leaf bowl game, Dorval, Quebec, Canada, signed by Mayor Pratt and M. Arless. There is a big exchange of souvenirs and the Dorval boys have crests, pins and sporty ties which announce the 50th anniversary of Staten Island. When the boys arrive home the Dorval boy hands over a new, purchased and cherished football, a personal take home memento for Paul. The day is not finished. The boys go off with their fathers to the Forum to see the hockey game. The Canadians win -- it's a bad day for New York in the big league too.

ON SUNDAY: On Sunday the boys say goodbye. By this time they are really friends. Stream Avenue along Courland Park is lined with parents and boys from both sides of the border and there is lively conversation. Two bus loads of players and spectators pull away, and the last words from both sides are -- "We'll beat you in the States next year!"

AND ON MONDAY: On Monday, in a church filled to overflowing with grieving students, the boy attends the funeral of his school principal, Mr. R. Whelan. The boy does not yet know how short the time of youth, but here he feels how brief the time of leadership . . . Two long lines of students stand outside the parish cemetery in Dorval. In winter cold, good-bye. "It will be different at school on Tuesday". . . And sometimes even a boy may cry.

The above picture taken recently, shows a group of the Lachine-Dorval Kinettes, putting the finishing touches to plans for their Annual Telephone Bridge. Reading from left to right: Jean Morrison, President; Iris Page, Secretary; May Jack, Past-President; and Tammie Robb, 1st Vice-President.

Benedict Labre Conference At St Veronica's School

The second Benedict Labre Conference for adults got underway in an atmosphere of warmth and keen anticipation on Saturday morning, Oct. 14th at St. Veronica's School. Registration of the 150 attendants at 9 A.M. was followed by Prime. Mr. Anthony Walsh paid a very fitting and beautiful tribute to the late "Russ" Whelan who passed away unexpectedly last Friday morning. Mr. Whelan was to have chaired the Conference.

The theme of the Conference was "Baptism" and its significance in the life of a Christian. Fathers D. Berigan, S.J. and L. Cox, S.J., both of LeMoyne College in Syracuse, N.Y. reminded the audience that with this Grace a Christian must be a creative and positive shaper of history and of the community. A dialogue Mass was celebrated in the temporary chapel which was erected in one of the classrooms.

The Lachine-Dorval YMCA has announced that the Ladies Day Out program at Strathmore United Church will be held on Tuesdays commencing next Tuesday, October 24th. This program which was formerly held on Wednesday mornings includes one hour of calisthenic exercises under the capable instruction of Mrs. Maie Mullaste, a qualified physical culture specialist. A coffee break along with an interesting talk from a guest speaker of a fascinating demonstration is also included in the

two hour program which runs from 8:30 to 11:30 a.m.

There is still room for additional ladies who might like to take part in this popular activity. A nursery for children from two to five years of age is also provided and gives Mother an opportunity to join a healthy and recreational program each week. Strathmore United Church is located at the corner of Carson and Brookhaven Avenues in Dorval.

charm. Mrs. J. Beaudoin Handfield lent humour and interest to the afternoon, with her delightful commentaries on the hats. In her short speech, Mrs. W. Harkness the President of the W.A. stressed the need for more Auxiliary workers and hoped the membership campaign would attract enough new members to make up for the loss of valuable workers who will be devoting their time to the new Lakeshore Hospital.

The membership campaign commences on October 15th.

LACHINE HIGH REPORTS

The seventeenth Annual Student's Council Conference will take place in Lachine High School on November 10 and 11. One hundred and fifty to two hundred students and their advisers from various schools throughout the Province are expected to attend. They will arrive on Friday afternoon and after registration will go to the homes where they will spend the night. The delegates will then attend a reception followed by a dinner. A short discussion will precede the dance. On the second day of their stay they will participate in discussions on the theme "Why have a Students' Council?" The purpose of the Conference is to exchange ideas between schools and has been very successful in the past.

Our congratulations to the golf team who brought the cup back to Lachine High for the fourth time in

a row. Team members were Barry Britcher, Alan Fletcher, Ted Fletcher and D ve Ross. The Junior and Bantam Soccer teams were also successful. They won their games over MacDonald, the Bantams by a score of 1 - 0 and the Juniors by 3 - 1. In football the Junior team was victorious, defeating Beaconsfield High 13 - 6. The Seniors however lost to Loyola, 13 - 0.

We are very fortunate in having Mr. G. Atkinson to direct our Dramatic Society again this year. Two plays are planned. One is an English translation of a French farce, "The Farce of Pierre Pathelin" and the second is a comedy, "Johnny Dunn".

The elections for the Girls' Athletic Association President were held on October 13th. We would like to congratulate Marge Gough who is the 1961-62 winner of the position.

The Junior Red Cross Executive has also been elected for the coming year. Marcus Collins is President, Bonnie Gourlay is Vice-President and Diane Pibus is Secretary-Treasurer.

For the first time in our school a current events club has been formed. One of their projects is planning a suitable program for United Nations Day, October 24. We hope that it will be as successful as the one held last year.

DORVAL HORTICULTURAL SOCIETY HOLDS ANNUAL MEETING

On next Monday, October 23rd, the Horticultural Society of Dorval will hold its Annual Meeting to elect a new executive. A large turnout of members is expected to give the new slate of officers strong support in their work during the following year to make Dorval a city noted for its beautiful gardens.

When the business is completed, the meeting will be addressed by Mr. J. A. Martell from Ste. Eustache sur le Lac. He will discuss a novel

venture which should prove of great interest to horticulturalists during the winter months. This is the use of dried plant material to make beautiful and unique pictures. Mr. Martell has done a great deal of experimental work in this field and has developed techniques which will appeal to those interested in artistic floral effects.

The meeting will be held in the St. Andrew's (Strathmore) Parish Hall at 8:15 p.m.

A Dessert Bridge under the auspices of the Strathmore Women's Club will be held on Thursday, Oct. 26th at 1:15 p.m. in the Strathmore United Church Hall. Tickets .75 per person are obtainable from members or at the door. Please bring your own cards.

D. LOUDON

J. M. Crawford, chairman of the board of management of the Lachine-Dorval Y.M.C.A. announced today that Mr. Dave Loudon, 4420 Sherbrooke St., Lachine, has been appointed chairman of the division's annual maintenance campaign.

This year's objective for the Lachine-Dorval division has been set at \$7,200, and according to Mr. Loudon, this represents an increase of \$450 over the objective for 1960.

"We have had to set our sights higher this year" Mr. Loudon explained, "primarily because it is essential that we increase our work in the teen-age 'Hi-Y' programs. Other important programs, including those for adults, are also expanding and will require additional support."

The campaign starts on November 13 and will continue for two weeks.

Working with Mr. Loudon on the financial campaign committee are J.M. Crawford, 825-43rd Ave., Lachine; J. Beckenridge, 4170 Jean Renou St., Lachine; R. J. Morton, 45 Tourin Ave., Dorval; W. A. Warren, 30 - 52nd Ave., Lachine; and G. J. Glencross, 5 Denton Ave., Dorval.
