

BLACK HAQ ENTERPRISES, INC.

Black HAQ Enterprises Inc. specializes in material, heavy highway and pipeline by way of tri-axle and quad-axle trucks for local and heavy highway construction projects. Our primary service is bulk hauling. A new addition to our services is we haul coal from local mines to large coal fired power plants throughout the year and in all types of weather. Black Haq Enterprises has successfully completed the Coal Mining Safety training program and is certified to participate in large government contracts. President/CEO James Bennett founded Blackhaq Enterprises in 2013. Mr. Bennett has developed and maintains a strong working relationship with many larger local trucking companies, and he has built a great reputation as a great company in area.
