Enrollment Update: Canada-Wide Early Learning and Child Care System

Dear Parents and Guardians,

On [August 24, 2022](#), we advised parents and guardians that Jackman Community Daycare opted-in to participate in the CWELCC program for 2022. On September 8, 2022 we received news that Jackman Community Daycare had been accepted into the program.

What is CWELCC? It is a 5-year plan that aims to improve affordability, enhance quality, increase child care access and support inclusion for licensed child care centres in Canada for children under 6 years old.

Once we have received additional information from the *Toronto Children's Services, Canada Wide Early Learning Child Care (CWELCC) Team*, we will be in a better position to provide you with next steps regarding retroactive credits or payments for eligible families. *Please note that eligibility applies to any child, until the end of the month in which your child turns six, **or** until June 30 in the year they turn six (if their birthday is between January and June) and they are in a kindergarten program.*

Please visit the [Parent Resources](#) page on the Jackman Community Daycare website for communications, relevant documents and available information regarding CWELCC.

As Jackman Community Daycare is presently recruiting for an Executive Director, please contact Miranda Wu, Supervisor at supervisor@jackmandaycare.ca with any inquiries regarding your family's eligibility.

Sincerely,
Jackman Community Daycare Board of Directors
