

Dear Preschooler Parent,

Many area parents are considering their options for this coming school year. Some parents stay home with their preschooler, some work part or full time and have their children stay at a day care center, and some parents enroll their children in a preschool.

The lines have been blurred over the past few years, given all the child-care choices, between a play-oriented day care business and that of an institution dedicated to growing the child's knowledge and independence. **Freedom Montessori School (FMS)** is an institution that will prepare your preschooler for elementary school like no other day care and most preschools. FMS is a traditional Montessori school based upon the teaching principles developed by Maria Montessori more than 100 years ago. Our educational materials and our personal attention to children help the child self-direct their educational growth. For example, our graduating Kindergarteners are often introduced to multiplication and division - concepts that are usually introduced to children in 3rd and 4th grade.

We also stress the importance of creative development through our enrichment program in arts and crafts. We help grow their language skills with our highly interactive Spanish language training every day. This program helps develop their English vocabulary and in seeing the similarities of the languages.

Time and Money -- These are two critical concerns for all of us who live in Northern Virginia. Time – FMS offers several flexible program options to fit most parents commuting schedules. We are very close to where you live! Money – our tuition rates are well below most other preschool and Montessori-named programs in the area.

The FMS Advantage:

- ~Montessori certified teachers
- ~ Most affordable Montessori preschool in the area
- ~ Flexible program options
- ~ Spanish, Music, and Art Enrichment Programs included
- ~ Toddlers pay the same tuition as Primary

Give your child a leg-up on their growth and independence by enrolling them at Freedom Montessori School. 703-955-7920; School@FreedomMontessori.com
