Discussion of binder fees, hats etc

Danny - Banquet at Kim Son Restaurant 2 blocks from GRB - 2001 Jefferson Street 11am Tuesday

Officers and members engaged in general planning discussions related to Installation of Officers, Banquet, Trophies, Competition, Indoor Floor Surface, Teams competing, timing etc. A discussion was introduced to consider allowing mixed units of 2 wheels and trikes in the future given growth of trikes, but no resolution determined.

Horace LaPrell & Luke Baker of Morocco were introduced and South East Competitions in Nashville were discussed.

Other officer reports: Mike McLaughlin - Midwest meeting attended & trophy process; Howard Helwig - thanks for great year run by Danny Garcia

Discussion was had that competition dates in future would be changed from Monday to Sundays. One member, Tony Flaris, indicated he did not like Sundays but the overwhelming majority supported the change. Future dates are to be: 2017 Comp on July 9th - Sunday Daytona; 2018 July 15th - Sunday Daytona.

A member of Hella Shrine - commented and protest on conditions of the pad - believed field unsafe. Considerable discussion was had. Additional drill time was allowed without penalty so teams could reduce speeds without penalty. After comment: competitions went smoothly and no significant incidents occurred. Most agreed however that indoor competitions on finished concrete vs. asphalt surfaces should be avoided in the future due to less available traction, even given treatment of the surfaces.

Past President Jack Knight - motion to advance all officers one position up the line. This was seconded, opened for discussion of which there was none, and approved by unanimous vote. All officers were formally installed in their positions at the Awards banquet the following Tuesday afternoon, July 7th at the Kim Son restaurant.

Meeting was closed and a closing prayer was given by Howard Helwig.
