

Baldwin Fire Department Meeting Minutes | 2014

Nov 17, 2014

Meeting called to order by Chief Jim Dolloff

Eight members present: Howard B, Ben C, Steve M, Jason B, Allen D, Chad N, Bruce C and Steve T

On Nov 2nd Bruce Crawford, Jason Brown and Jim Dolloff did a walk-through of the proposed wood pellet mill site to locate possible water sources for emergencies. We found that onsite cisterns would be best due to DEP regulations. The size and location will have to be determined by an engineer of ISO.

We still need W-4ME and I-9 Forms from a few members.

We have found that within the first few minutes of recent calls that there is a lot of unnecessary radio chatter. We ask that radio communication be limited to senior officers and anyone signing on.

We discussed the structure fire that we responded to in Demark that occurred on Nov 2nd.

We also ask that after a fire has been extinguished that people would remain and help pack the equipment.

A CPR class will be set up in the near future.

Steve Mckenny asked if maps could be made up for detouring traffic during a call.

Meeting adjourned 20:30

Next Meeting Dec. 29th 2014 at station 1
