

Hi, all

You have made it almost two third of the way through our class! Keep going! Don't lose steam just yet!

Today we were continuing exploring sentence patterns in lesson ten. The homework for the week is to write two sentences for each:

1. 本來....以後/現在....
2. 每....都+verb(人/对方)....一次
3. 住在

As always, I am available for any questions, needs, etc...

Sincerely,  
Ms.Tan
