

First, I want to congratulate Jim Rhoades on his induction into the MRF Freedom Fighters Hall of Fame. It's an honor well deserved and should be recognized.

I hope all our members have contacted their Michigan representatives about SB 528, the insurance law fix. I got an email from the board with a letter that all you have to do is fill in your representative's name and your information, address and stamp and send.

This is a well thought out letter, it states our case clearly that even a representative should be able to understand. You can get a copy from the Region 9 Facebook page, I also sent contact information to the other biker sites in hopes that we can get this injustice fixed.

Nick
