

THE JUBILEE COMET CONJUNCTION

This illustration shows the actual alignment of Comet 67p with the Moon of the Great Sign in Heaven on September 23, 2017. This Virgo Sign will occur 1 day after Rosh HaShanah on the Rabbinical Calendar. The Virgo Sign is approximated every year in either September or October as the Sun passes along the Ecliptic. What is apparently unique is that accompanying alignments and conjunctions make it stand out. Most notably will be the retrograde of Jupiter. It takes about 12 years for it to traverse the 12 Signs. However to have it synchronized to the Virgo Sign and Comet 67p adds significance.

1 Day After Rosh HaShanah and
Fall Equinox

Comet 67p
Pentecost Pattern of Time - Jubilee Cycle 1967
 2004: Mar 1 ESA launches Rosetta Space Probe
 2014: Sep 10 Enters comet's orbit
 So14: Nov 12 Philae Lander touches down on comet
 2016: Sep 30 Rosetta 'crashes', ends 12 year mission
 2017: Sep 23 Conjunction with Mon at Virgo Sign - Rev 12

The Comet 67p possibly adds prophetic significance to the Virgo Sign in the following ways. The numeration suggests a connection to 1967 when the Temple Mount was liberated from the Muslims. This event set the stage for a 50 year countdown to 2017 or -777. It is also very interesting that the Comet 67p is approximately 777 mio kilometers from the Sun on this day of the Virgo Sign.

Could this 'Sign' possibly signify an event that will facilitated the building of the 3rd Temple? As it has been noted by those that study Biblical numerology, 5-777 signifies that the Age of Grace has come to an end. This means that the Church Age is to close and the time of the Daily Sacrifices and Temple Ordinances are to begin. The number 5 stands for Grace, the number 777 is a triple confirmation of that which reaches a perfection beyond completion as in 5776, which was a 'capstone' year.
