1978- 1982 US Air Force, Honorable discharge, Holliman AFB, NM

Software Knowledge:

AutoCAD, Excel, AutoCAD Civil 3D, AutoCAD 2009 Land Desktop, & Micro station

Experience:

Over twenty years of experience preparing construction plans for various types of subdivision and civil engineering related projects. My experience included drafting of traffic and transportation plans. I have experience designing and drafting of public and private pavement, storm & sanitary sewer, and water distribution systems for both the Land and Site development, municipal and transportation departments, including detention basin design and emphasis on earthwork calculations. Additionally, my experience includes roadway and underground utility system design, parking lot site planning & design, preparing cost estimations for various projects. Duties have included scheduling of work, supervision and coordination of a group of designers, drafters and technicians, organization of construction plans, preparing bid proposal packages and submittals to various government agencies and inspection of construction projects.

Past Projects Include:

The Woodlands: Various subdivisions & Sections, including Village of Alden Bridge, Pine Croft Center, The Woodlands Town Center / River walk, Research Forest Drive- TXDOT

Sienna Plantation: Various subdivisions & sections, Steepbank Villages Fort Bend ISD, Cow Bayou Channel Improvement & Lake Systems

Village of Cypress Lakes: Various subdivisions & sections and detention basin

Municipal Utility Districts: Land & site projects in Harris County, Fort Bend County, Montgomery County, Galveston County.

Harris County Toll Road Authority: Segment E and various traffic signals.
