

The Architecture Group, Inc.

## COMPANY OVERVIEW

- The Architecture Group, Inc. (TAG) is a professional firm providing a range of architectural services. Established in 1991 (S Corp) by Roberta “Bobbie” Unger, TAG has focused on the institutional and public sectors, which accounts for 95% of their client base.

## CORE COMPETENCIES & DESCRIPTION OF SERVICES AND/OR PRODUCTS

- In addition to traditional architectural design services, the firm has expertise in feasibility studies, ADA surveys, master planning, existing conditions surveys, and pre-design planning & programming. Project types are typically special-use facilities for state, federal and local agencies. TAG executes successful projects from pre-design through contract administration, and incorporate practical, sustainable design principles into each of their projects using BIM Technology.
