

### **Are You a Border Collie or Retriever? Help Us:**

- Practice the highest level of care and client education
- Maintain and improve our medical and surgical standards
- Maintain and promote our practice vision and core values
- Enjoy enriching our pet owners' lives while being part of a positive, encouraging team that never stops learning

Our team of dedicated pet care professionals is a mix of retrievers and border collies and consists of 5 technicians (4 credentialed), 4 veterinary assistants, and 6 kennel assistants.

We are a 3.5 doctor practice located in Cherokee County that practices the highest level of care while genuinely connecting with and building relationships with our clients. We love to have fun as a team and encourage one another while working together to achieve our common mission and purpose. We fully support continuing education and leveraging our technicians and assistants to use their skills to the fullest extent. Our hospital's core values are Respect, Compassion, Integrity, Teamwork, Service, and Personal Growth.

Prospective applicants must be positive minded and possess outstanding communication skills, have a minimum of 2 years of veterinary experience, and a strong work ethic. RVT highly desired, but we will consider non-RVT with outstanding work experience.
