Chaplain's Message

God Promised Us Strength

Isaiah 40:29-31

- 29** He gives strength to those who are tired and more power to those who are weak.
- 30** Even children become tired and need to rest, and young people trip and fall.
- 31** But the people who trust the **LORD** will become strong again. They will rise up as an eagle in the sky; they will run and not need rest; they will walk and not become tired.

An example of faith was found on the wall of a concentration camp. On it a prisoner had carved these words:

I believe in the sun, even though it doesn't shine,
I believe in love, even when it isn't shown,
I believe in God, even when he doesn't speak.

I try to imagine the person who etched those words. I try to envision his skeleton hand gripping the broken glass or stone that cut into the wall. I try to imagine his eyes squinting through the darkness as he carved each letter. What hand could have cut such conviction? What eyes could have seen good in such horror? There is only one answer: Eyes that chose to see the unseen.

Father, you promised that there would be faith and strength and hope to meet life's problems. Father, give that strength to those whose anxieties have buried their dreams, whose illnesses have hospitalized their hopes, whose burdens are bigger than their shoulders.

The Prez Sayz!

Wow, what great night it was on March 28th for our first Car Show of 2015! It is a great way to start the season. We had 300 cars with lots of new ones showing up. A great job was done by all who came to help. We needed YOU! It takes lots of judges for the big shows. We were ready to give out awards by 8:45 which I feel was good since the show was so large. We have another engagement April 11th and will need everyone's help that can be there. The club is being paid for judging this show. I hope that all of you that are not going to Oklahoma City and can help. See you at the next meeting April 14th.

Funny

If my body were a car, about this time I would be thinking about trading it in for a newer model.

I've got bumps and dents and scratches in my finish and my paint job is getting a little dull.

My headlights are out of focus, and it's especially hard to see things up close.

My traction is not as graceful as it once was.

I slip & slide & skid & bump into things even in the best of weather.

My whitewalls are stained with varicose veins.

It takes me hours to reach my maximum speed.

My fuel rate burns inefficiently.

But here's the worst of it...

Almost every time I sneeze, cough or sputter,

Either My Radiator Leaks or My Exhaust Backfires!

If you aren't there yet, don't laugh, it will happen sooner than you expect.

CHRISTAIN CLASSIC CRUISERS TARGET PRACTICE & BRUNCH

Well, we all seemed to have had a great time. I know **Darla** & I really enjoyed it all. There were twenty-five enthusiastic participants. We began the day with a great Brunch and a tour of the house and shop. You can always count on good food and good fellowship.

Obviously, safety was the paramount word of the day. **Bobby** presented all participants with two documents, "The Rules of the Range" and a "Waiver of Liability" to sign. I had set up a target area, pulled my flat-bed trailer into a proper position. We had built a "rest" on the shooting side. We had also stacked several bales of hay and mounds of dirt down in a small valley to create the range where any stray bullets would just hit the ground and not go flying across the countryside.

The target shooting began!! Again, safety was ever present. Only two shooters were on the trailer. Range Master - **Dick McRae** maintained order on the range. **Dick** also provided instructions to several of the first-time and inexperienced participants. A myriad of targets were available from small, round spinning discs to silhouette paper targets. There were no moving targets (i.e. dogs, cats, cows, or misbehaving husbands).

Club Happenings

CHRISTAIN CLASSIC CRUISERS TARGET PRACTICE & BRUNCH (Continued)

As part of the activities, **Dwain Klopfenstein** provided a Black Powder demonstration. **Dwain** showed how to properly load and fire a Black Powder rifle. I am not sure that any of us would have survived any type of attack (man or beast), as the process of loading the one ball was very slow and deliberate. So much different mentality than the 30-round magazine on an AR-15 rifle of today.

We moved a little closer to the targets (some could not see targets well enough). Still maintaining safety rules, with several shooters in a straight line firing down into the target area. Yes, we seriously damaged the paper targets, the toilet lid (not **Vicky Sowell's** trophy), a five gallon paint can, and a Dr. Pepper can. We did experience one scare, thankfully, not a serious one. One of the targets was a 12" piece of bullet proof glass. We had two bullets ricochet - with one hitting **Clifford Friesen**. He had a red spot on the right side. **Burl** checked with **Clifford** on Monday and **Clifford** said that he was okay. He now can say he has been shot with a .40 caliber bullet. **Clifford** said he was going to make a necklace out of it.

All the Members picked up the spent shell casings and **Darla** and I counted 487 rounds, not counting the shell casings that some members took home with them to reload. We must have shot well over 500 rounds. We took lots of pictures and hope you all enjoy them. Visit the CCC web site or the CCC FaceBook page to view all of the photos.

GOODGUYS at TMS

Submitted by J.B. West

Well sports fans. This years Goodguys show was definitely a separator of the trailer queens and the drivers. Friday was a very sparse showing of cars. With rain showers moving through, few paid attendance guests were seen. **TK, Dick McRae,** and **JB** went out in the 55 Pontiac. And no, the cars won't melt as some may feel. **Bob Bianco** came by for a short visit. Of course our club president **Gary Veach** worked the Goodguys booth. After sitting in the car to avoid getting wet, around 1 PM it was time for some much needed nourishment so a stop was made at the Twisted Root in Roanoke.

Saturday was a much better day weather wise. There were many more cars and attendees. I particularly enjoyed seeing many fellow Street Rodder Road Tour cruisers and discussing our next big tour for this year. **Stan** and **Pat Friesen** were seen taking photos. **Ed Hogan** was one of the club members in attendance who enjoyed his outing. There was an all electric Mustang capable of near 200 MPH (per the owner). We had an electric scooter that didn't go as fast but it did save the shoe leather.

As usual some very nice cars were there along with the hodgepodge of rat rods. I may have missed some club members who attended. But I've slept since then so forgive me if I failed to acknowledge you. Mid-afternoon the skies opened up and rain quickly dashed any enthusiasm for the car show. A hasty retreat for the exit by both cars and attendees ensued. Alas, enough of a good thing was chastened by the rain.

Motorhead Sunday at Dayspring Church Arlington, TX

03/22/2015

Submitted by Bob Stout

Jim Rowlett Ministries held the annual "Motorhead Sunday" at Dayspring Church on this Sunday morning. Everyone was a little anxious, as the sunshine did not peek out from the clouds. Rain had fallen earlier in the morning, but the faithful still brought their cars and trucks. I believe that there were thirty-some members of CCC and other car family members that made the event. **Linda Rowlett** fed us sugar disguised as donuts, so that we would all be awake for church. There was coffee and orange juice. There were some that brought their own gallon of milk.

This event had a first, **Pastor Gary** had invited the Dayspring Spanish Church to join the morning worship services so that they could enjoy the cars, the quartet, the sermon, the fellowship, and the food. Because of this invitation, it required that **Jim** preach his sermon and a Spanish speaking minister that would interpret the sermon. Not sure, but I believe that **Jim** was pretty tired after concentrating so hard to keep his thoughts in perspective. The Pacesetters Quartet sang several songs that brought smiles and tears (is not that what Southern Gospel Quartet music is suppose to do). GREAT JOB by all. Our own CCC member, **Fay Powers**, played the piano and her twin sister, **Kay** lead the song service during the opening music.

Food and fellowship followed the morning worship services. Dayspring Ministries provided the hamburgers and chips. For those with a sweet tooth, they had brought several dozen CiCi's Pizza cinnamon rolls. A BIG THANK YOU to **Joe Bob** and **Fay Powers, Wayne Klopfenstein**, and all of the Dayspring members for a wonderful event.

CCC member, **Rick Rodgers**, won the "Children's Pick" award. As you can see, there were several judges for this award. Congratulations **Mr. Rodgers!!**

If you were at Dayspring, thank you for coming. If you missed it, there is another Motorhead Sunday in April (the 19th) at Northeast Baptist Church in Southlake, TX. Car show, coffee and donuts at 9:00 a.m. with church services starting around 10:30. Pacesetters will provide the music in songs, and **Rev. Jim Rowlett** will feed us The Word. The church will provide hamburgers and hot dogs and there is always a great selection of cakes and pies!!

Please plan to be there - RAIN or SHINE!!

NSRA APPRECIATION DAY & SAFETY INSPECTIONS **AT PAINLESS PERFORMANCE**

NSRA Appreciation Day was held at Painless Performance facilities on Saturday, 28th March. This was probably the very best weather that we have experienced for several years. This is an annual event, hosted and sponsored by Painless Performance. We had thirty+ sweet cars and trucks. NSRA members receive a Hat Pin at registration. NSRA's North Texas State Inspector, **Dwight Leatherwood**, and his inspection team members were busy inspecting the vehicles. **Dwight's** team that were present were: Inspectors - **Dick McRae, TK Kinnan, Chris Sowell, and Burl Hurley**. Several of the team member's wives were there to help with setup, registration, and just made the day better by them being there. They were: **Linda Leatherwood, Darla Hurley, and Carolyn Stout**. A BIG thank you to **Dwain Klopfenstein** and members of Top Tin that cooked the lunch. There was a large contingent of ladies that solved most of the world's problems sitting inside the building. In addition to those already named were: **Linda Rowlett, Margie Rodgers, and Anne Davidson**.

Our own CCC Club Member, **Ed Hogan** was excited that his '32 Roadster was chosen by the Safety Team for the only award that was given at this event.

Dennis Overholser, well, what can we say except Thank **YOU**? **Dennis** organized and orchestrated the food and the grill, he provided everyone with a guided tour of the Painless Performance facilities (the offices, the Product Development area, and the Assembly plant), and he stayed until the end to lock the doors and close the proverbial gate. Thank you for all that was in attendance with their vehicles. Thank you for the ladies that came out to spend the morning with us. And most of all, thank you to the ownership of Painless Performance for their graciousness of being an annual sponsor and host for this event.

We received this from a member of the Cassville Cruisers. The auctioneer says there are 451 cars, owned by 2 brothers who started buying cars 30 years ago, and they have been sitting out in fields, starting bids will be \$300 (because they will bring that at the crusher) and everything must go by the end of day. All will need some repair but he said there might be some that you could put a new battery in and drive off in it, but they will need new tires since they have been sitting (and probably new gaskets if I was guessing). Some are in worse shape than others. I did not get the man's name, but the (479) 236-8879 number is his cell phone and you can call him anytime for more info. If you could please pass along to the Mustang and Chevy Clubs, they might find some interest in the flyer.

All the cars have been sitting for 20+ years, some are complete some are parts cars, but they have most years Impalas, lots of Novas and Chevelles, a few Corvettes including a 1960 model. Some GTOs, a few Firebirds, early Barracudas [humpbacks], Chargers, a couple of Challengers, several Chevy pickups. There is some old stuff but I don't think they even know for sure what it is. It should be online soon.
