

**DAIRY PRODUCER PETITION IN
SUPPORT OF DAIRY SUPPLY MANAGEMENT**

Let this be the generation that takes back control and makes a difference by efficiently managing milk production to match profitable milk demand. Let your voice be heard in support of a nationwide supply management system because it is the only way to restore profitable milk prices to dairy producers, assure stable supply and end taxpayer subsidies. Now is the time to show how many of the remaining 37,000 dairy producers support supply management to effectively manage milk production and improve milk prices.

The undersigned dairy producers support farmer-led milk supply management policies to achieve PROFITABLE and SUSTAINABLE MILK PRICES.
