

MCCPTA Presents

How Much Digital Danger Are Children In?

Today's Cybersecurity Risks and What to Do About Them

Tuesday, October 22

6:00pm - Program

The program combines excerpts from a short play, *Cyber-Mare* by Cindy Keegan, featuring a series of true-to-life vignettes of scenarios that can lead to trouble on the internet, and features a cast of mostly young, student actors. That will be followed by a panel discussion that included advice and tips for staying safe, and an opportunity for an audience question-and-answer session.

7:00pm - MCCPTA Delegates Assembly
