Board of Commissioners  
Williamson County Emergency  
Services District No. 2

We have audited the financial statements of the governmental activities and the major fund of Williamson County Emergency Services District No. 2, (the "District") for the year ended December 31, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated December 15, 2016, and continuance letter dated December 31, 2020. Professional standards also require that we communicate to you the following information related to our audit. For the purposes of this letter, the term "management" refers to the Board of Commissioners and/or District consultants.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. Significant accounting policies used by the District, including new accounting policies, if any, that have been adopted and implemented during the current fiscal year, are discussed in Note 2. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period. The financial statement disclosures are neutral, consistent, and clear.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were management's estimate of depreciable lives of capital assets. Depreciation of infrastructure assets is based on industry wide accepted estimated useful lives taken on a straight-line basis, or on the life of the applicable contract in the case of intangible assets. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The District's bookkeeper will be provided with all such adjustments.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated May 20, 2021.

*Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We were engaged to perform the following non-attest services for the District: (1) preparation of financial statements and related notes and schedules in conformity with accounting principles generally accepted in the United States of America. These services were performed based on information provided by you. We performed these services in accordance with applicable professional standards. The non-attest services we performed are limited to those specifically defined and did not result in assuming management responsibilities.

We applied certain limited procedures to the Management's Discussion and Analysis and the budgetary comparison schedule for the General Fund, which are required supplementary information ("RSI") that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

With respect to other supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the Board of Commissioners of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

McCall Gibson Swedlund Barfoot PLLC
