February 11, 2018

Dear Lions of Wyoming,

**Approximately 65 years ago**, what was to become the Allen H. Stewart Lions Camp on Casper Mountain, became the proud owners of 100 mattresses to be used by individuals staying at the camp facilities. In the summer of 2017, students attending the Summer School for visually impaired children, campers enjoying the solar eclipse and all the other groups using the camp **slept on those same mattresses!** **We did purchase new bedding for the camp and all visitors can sleep on sheets with blankets and pillows.**

We now have an opportunity to purchase **100 brand new mattresses, made especially for camps such as ours, for \$110.00 each.** They are foam mattresses completely encased to prevent moisture and critters from getting into them. We have received a \$1,000.00 donation to make the down payment on the purchase.

While we do have a fundraiser coming up at the Lions convention in Laramie, June 1-3, 2017, to support the camp, we are making a special request to clubs, individuals or anyone else who might like to buy a mattress or mattresses for the camp. We do have a very busy summer coming up at the camp and those sleeping there will greatly appreciate the new sleeping accomadations.

If you have any questions, you may contact:
