Discs

Yo-Yos

Diabolos

Wheels

Gyroscopes

Spin
Tops

Throtons

...And MORE!

The K-6, ALL-DAY program that teaches the
TEKS Science Objectives of Force & Motion

**(Gyrosopic Stability, Friction, Gravity, Levers, Planes of Spin,
Potential & Kinetic Energy, Distribution of Mass & More!)**
in a fun, visual way PLUS SKILL-BUILDING CLINICS IN P.E.!!

You choose how we spend ALL DAY at your school:

Option 1: All-school assembly (1 or 2) followed by hands-on yo-yo or spin top clinics in your PE classes.

Option 2: Multiple Science presentations by grade level followed by hands-on yo-yo or spin top clinics if time permits.

Option 3: All-day hands-on yo-yo or spin top clinics only.

Option 4: You design how we spend ALL day presenting science, yo-yo and/or top spinning skill building to your students!

This program is entirely **FREE** if your PTA, School Store, PE, or Science department offers to sell yo-yos/tops for five days following the program. **NO MINIMUM** amount of sales is required. That's it! More information on back.
