

# Magnet School Theme Information

**Northwest Suburban Integration School District** is a collaborative of seven school districts in the northwest metro. Students are eligible to apply to any of our magnet schools if they live within the school districts of Anoka-Hennepin, Brooklyn Center, Buffalo-Hanover-Montrose, ISD728 Elk River | Otsego | Rogers | Zimmerman, Fridley, Osseo, and Rockford. Transportation is available based on district guidelines.

The Priority Lottery Application is available on-line at [www.nws.k12.mn.us](http://www.nws.k12.mn.us) from mid-October through December 31. In January, a lottery will take place for each school, by grade, based on seats available. From mid-January through April, the lottery application will re-open for applications. A second lottery for any remaining available seats will take place mid-March. Families will be notified of magnet school assignments via post mail.

More detailed information about NWSISD and our magnet lotteries can be found on our website at [www.nws.k12.mn.us](http://www.nws.k12.mn.us).

## The Arts Experience

An Arts magnet school provides students with a strong academic core and opportunities for creative expression, critical thinking, self-confidence, communication, art, and multicultural appreciation through dance, theater, music, visual and media arts.

Teaching through the arts helps students experience concepts via a “hands-on” experience rather than merely discussing or reading about them. The study of the arts has been linked to students’ increased critical and creative skills, self-esteem, willingness to take risks, and ability to work with others.

## The IB Experience

International Baccalaureate magnet schools infuse a core curriculum with a world focus that can help young people understand their role as responsible global citizens. Emphasis is on changing technology, world languages, and cultures. Students are encouraged to inquire, think, communicate, take risks, achieve, be principled, caring, open-minded, well-balanced, and reflective.

The International Baccalaureate Programme is an academic program that is practiced around the world. Beginning in Europe in 1968 to meet the academic needs of children in international communities, IB blends the best educational practices of all countries. IB emphasizes rigorous study in all academic areas, responsible citizenship, critical and compassionate thinking, lifelong learning, an international outlook, and a respect for other perspectives.

## The STEM/STEAM Experience

A STEM/STEAM\* magnet school develops critical thinking, creativity, innovation, and real-world problem solving skills through scientific exploration, inquiry, and project based learning. Science, engineering, and technologies permeate every aspect of today’s society. A STEM/STEAM education provides students with the knowledge to engage in conversation with a real understanding of how STEM/STEAM impacts every aspect of our world.

## STEM + Arts = STEAM\*

When Arts education is infused into the STEM framework, great things happen. Through the use of artistic inquiry, students are additionally motivated through their interest in visual, performing, literary, media and applied arts. Students learn the inter-relationships of how things work in real life. Learning is hands-on and aims to bridge the gap between business and education, creating a productive and sustainable global culture.

## ARTS

### Elementary Schools:

Birch Grove Elementary School for the Arts 4690 Brookdale Drive, Brooklyn Park	PK-5	763-561-1374
Rockford Elementary Arts Magnet School 7650 County Road 50, Rockford	K-4	763-477-5837

### Middle Schools:

Anoka Middle School for the Arts - Washington Campus, 2171 6th Avenue S, Anoka	6	763-506-4600
- Fred Moore Campus, 1523 5th Avenue S, Anoka	7-8	763-506-5000

## International Baccalaureate (IB)

### Preschool:

Fridley Pre School - An IB World School 6085 7th Street NE, Fridley	4 yr olds	763-502-5100
