Golf Information

Quivira Golf Club

Created as an exclusive amenity for owners and guests of Quivira Los Cabos and Pueblo Bonito Oceanfront Resorts and Spas, the award-winning Quivira Golf Club is anchored by a Jack Nicklaus Signature Design course, built on one of the most stunning settings in the world: the tip of the Baja Peninsula. Its world-class layout offers dazzling views and breathtaking drops from tee to fairway. In a destination revered for its unique ocean-desert-mountain setting, Quivira offers more oceanfront exposure than any other course in Los Cabos, with panoramic views of the Pacific Ocean from every hole. This is the one course you'll play twice - your first and last rounds!

Cabo Real Golf Course

Cabo Real's front nine, completely refashioned by Jones from a pre-existing layout, provides a scenic, gentle test with broad fairways tumbling down to the Sea of Cortes, notably at the short par-4 fifth, which plays across an arroyo in route to the beach.

With breathtaking holes chiseled into desert foothills at the foot of rugged mountain peaks, Cabo Real's longer back nine presents a great test of golf. Free-form bunkers and small, elevated greens combine with fairways that play along ridge tops, to provide an expansive feel.

Cabo del Sol Golf Course

The Cabo Del Sol Course (formerly the Desert Course) is a stunning oasis winding through canyon-like arroyos framed by lush desert landscapes and picturesque mountain backdrops. Originally designed by Tom Weiskopf—the master of desert golf—the Cabo Del Sol Course is undergoing a multi-year renovation by the team of Fry/Straka Global Golf Design. In both cases, the course blends breathtaking scenery with a pure challenge, all while offering beautiful ocean views from every hole.

Puerto Los Cabos Golf Course

Puerto Los Cabos features a rare composite design by two of the sport's most legendary figures, Greg Norman and Jack Nicklaus. Both nines are etched into rolling desert foothills back-dropped by the Sierra de la Laguna Mountains, with all 18 holes perched high above the Sea of Cortes, the pristine coastline and the resort's marina.

The Mission Course, a 3,590-yard, par 36 creation by Norman that serves as the front nine has over 400 feet of elevation change. With its large, flashed-faced bunkers used to signpost the fairways and defend the greens, the layout reveals Norman's fondness for Australia's classic Sandbelt courses.

The club's 3,871-yard, par 37 Marina Course, by Jack Nicklaus, features rippling fairways, undulating greens and sculpted bunkers. The Marina Course skirts the new Secrets Puerto Los Cabos Golf & Spa Resort and brings players to the sea at the beach side par-3 15th hole, its target a tiny green tucked in the dunes. Amazingly, all of the holes on both nines at Puerto Los Cabos offer expansive panoramic views of the coastline and sea. A full range of food and beverage (included in green fee) is served at a pair of on- course culinary palapas, complete with bartender and chefs.
