# FREE Oriental or Area Rug Washing In-Plant Service Only

Includes: Air Dusting, Gentle Massaging Wash, Thorough Rinse, and Finishing Detail.

\*Good for ONE area rug, any size up to 8'x10' (Valued at \$320.00) Customer responsible for rug transportation.  
Decontamination due to pet urine extra. Expert repair, protective coating, and custom-fit pad available.

## DUST:

Over 80% of the soil in your rug is dry, particulate soil. We clean your rug before we clean it.

## WASH:

Your rug gently swims in the washtub as water flows through the pile, massaging out soluble and sedimentary soils. Rugs love this!

## RINSE:

Oh My! We rinse your rug with cool, clean water, then roll and place in the centrifuge where excess water is spun out at 900 rpm.

## FINISH:

We groom the nap, detail the fringes, and dry your rug carefully under ideal conditions to restore its original fluffy goodness.
