

FINANCING FOR THE CANNABIS MARKET

Securing capital to help you get started or grow in the cannabis market is tough. Most banks have chosen not to finance this market due to regulations and/or policy so business owners are forced to operate through cash and savings. Falcon Financial Services has other options and we can help you secure the capital that you need to start or grow your cannabis business. Offering both loans and revolving lines of credit Falcon can make your financing FAST, EASY and AFFORDABLE.

- We offer personal loans and operating lines of credit to the cannabis market where the borrower can use the funds for anything needed for the business.
- Terms range from 12 - 60 months
- Minimum size transaction \$25,000
- Most applications can be processed and funded within 1-3 weeks.
- Competitive rates throughout the United States
- Financing for new and established businesses
- Borrower needs to have a personal credit score of 680 or higher and needs to have a verifiable outside income to support the loan
- Borrower does not have to be the owner of the company.
