LET'S WARM UP!

Every class we warm up [physically and with drawing.

May I have a volunteer to count to 10 in Mandarin while we circle our wrists?

Now let's make BIG circles with our arm!

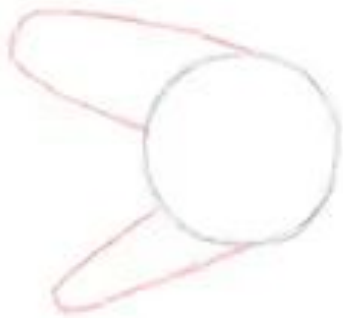

Finally, let's shrug our shoulders and drop them 10 time

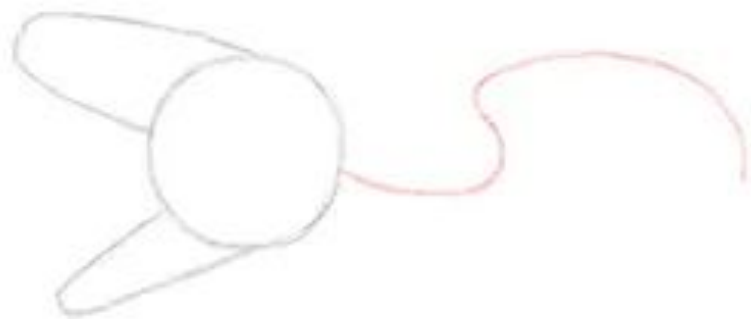

# Let's CONTINUE with ANIMALS FROM THE ZODIAC!

REMEMBER - if you can draw lines and shapes, you can draw ANYTHING!

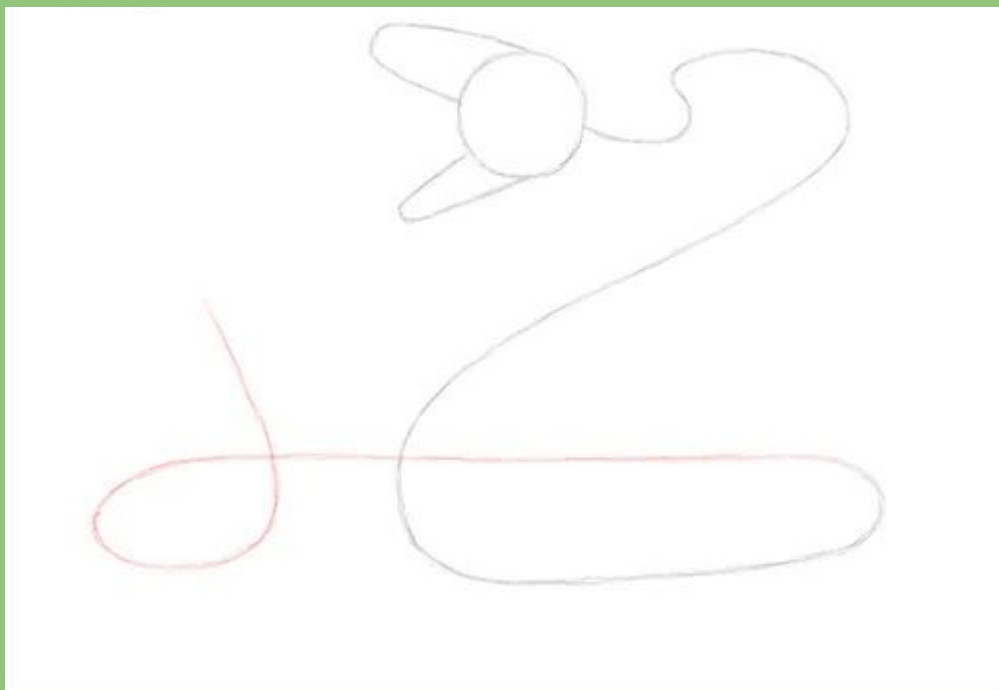

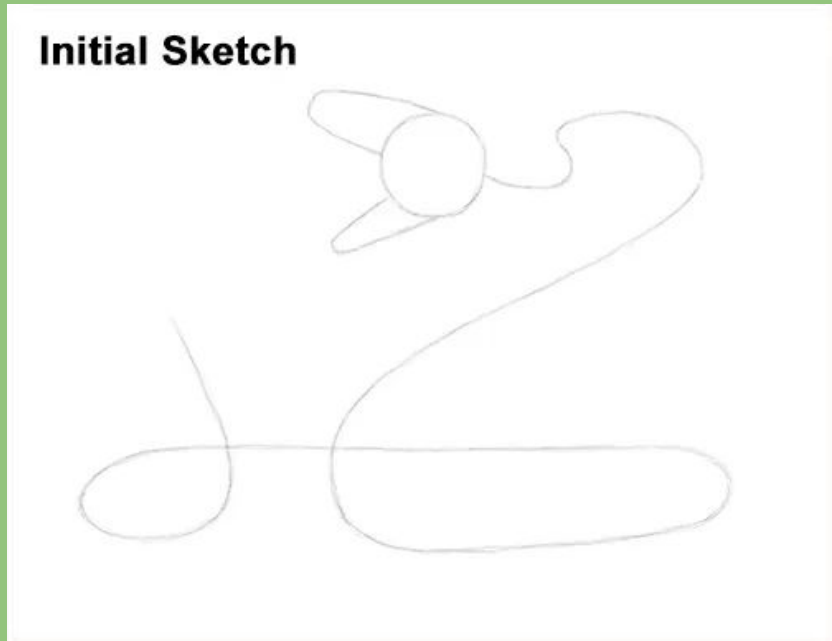

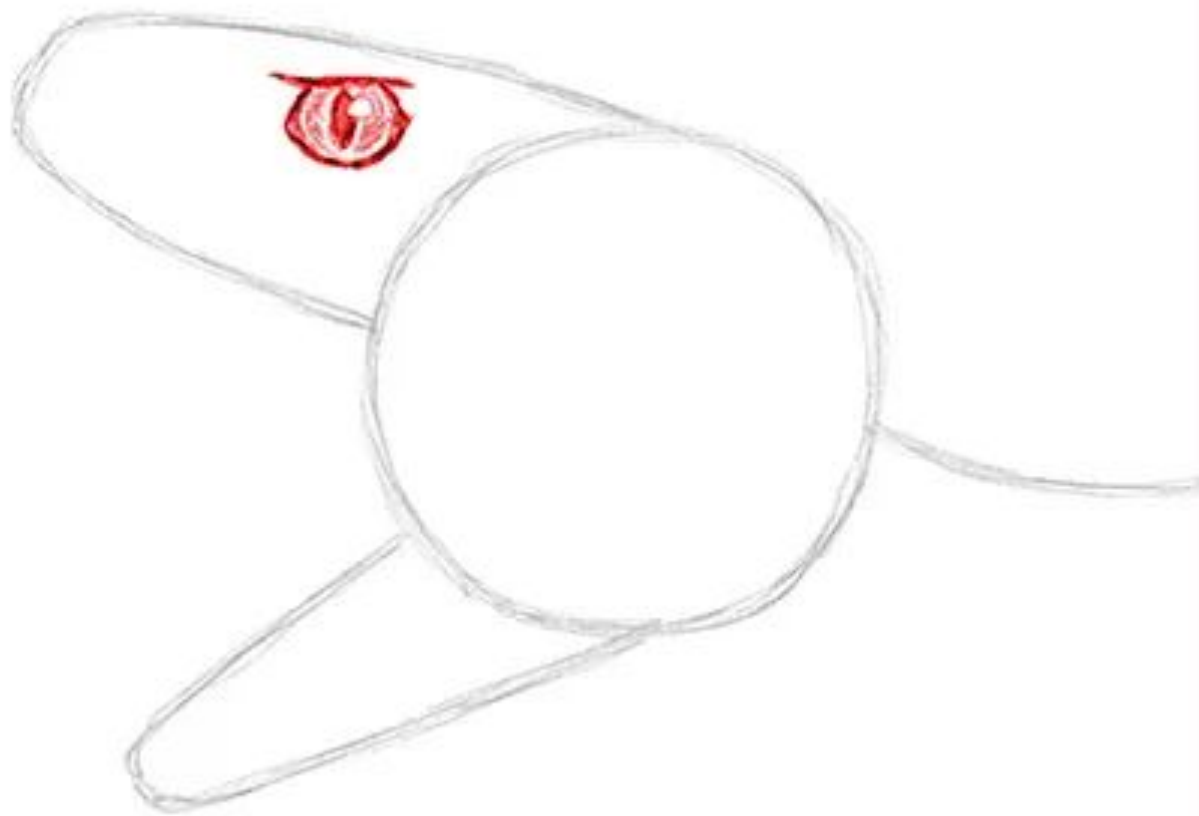

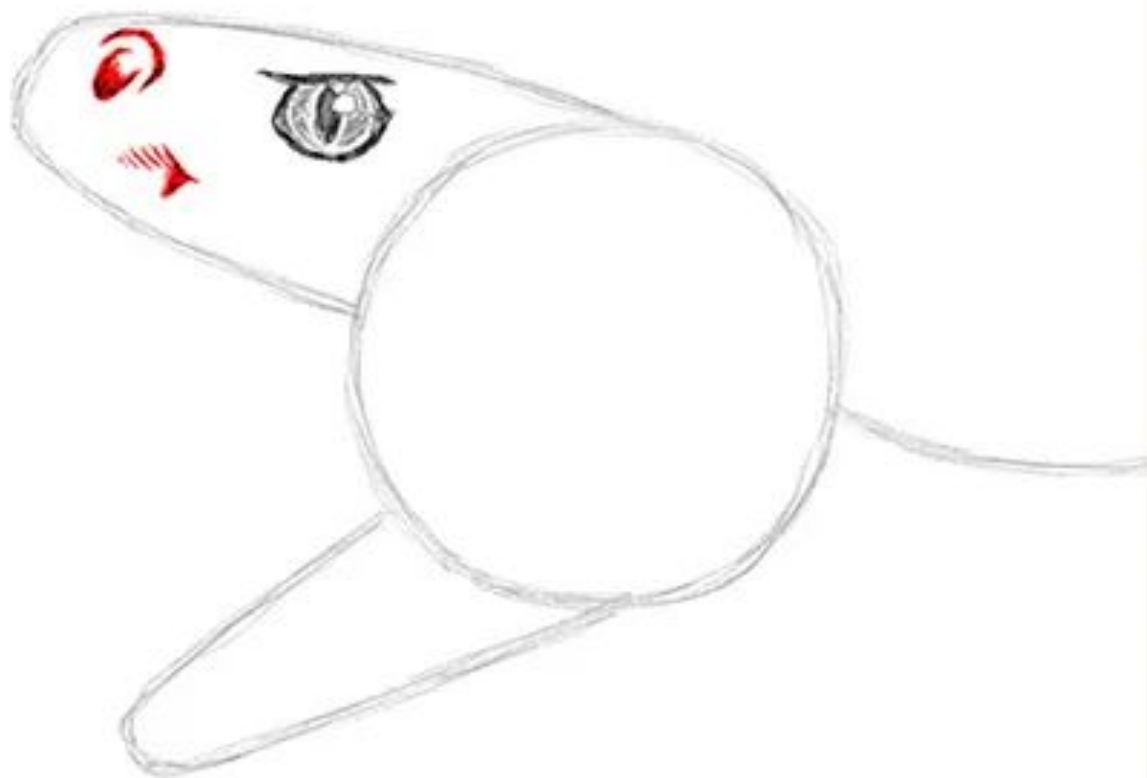

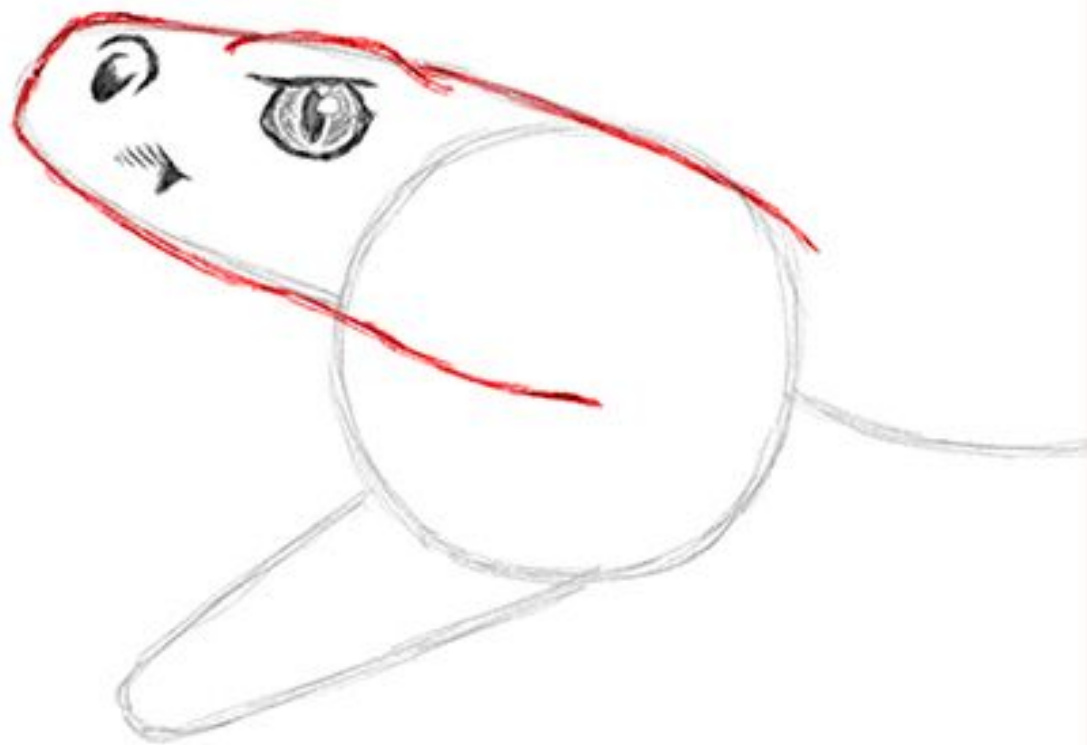

**Initial Sketch**

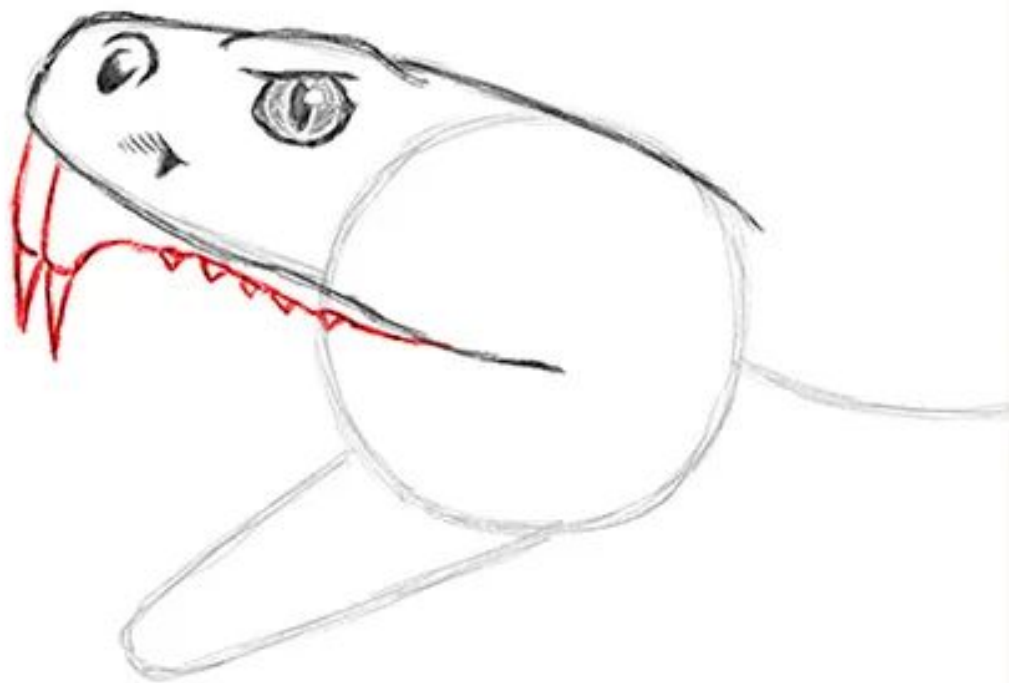

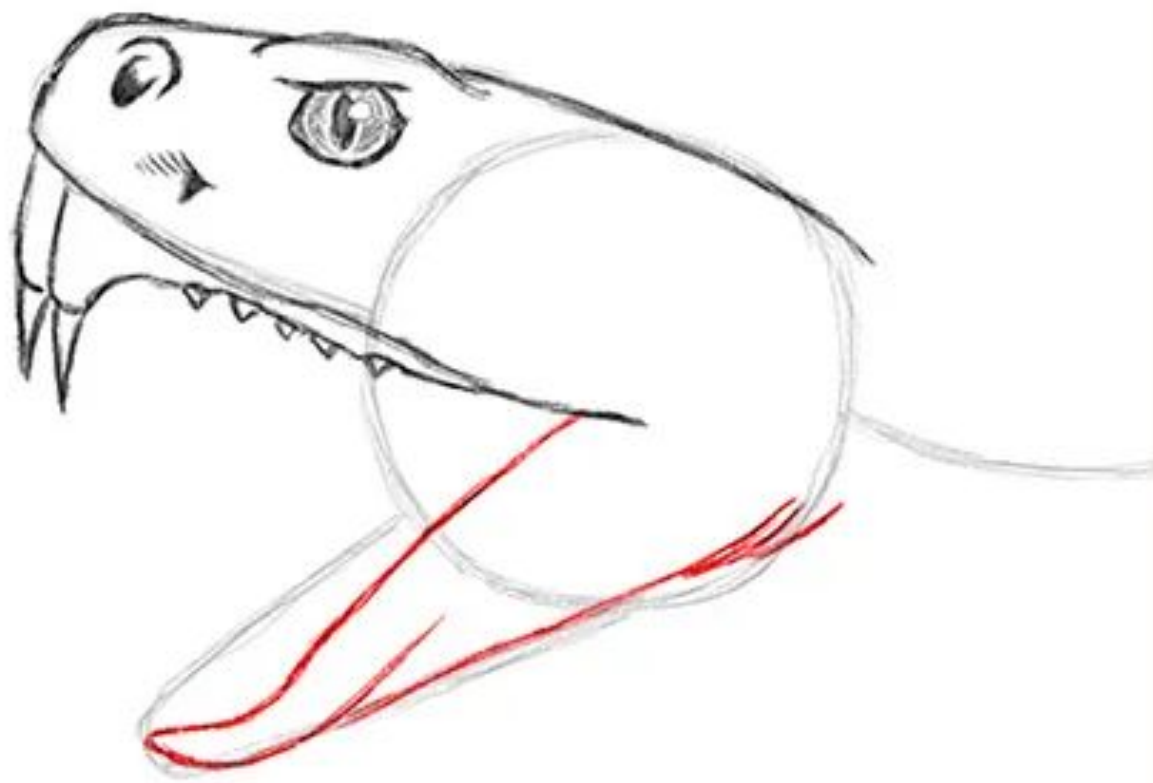

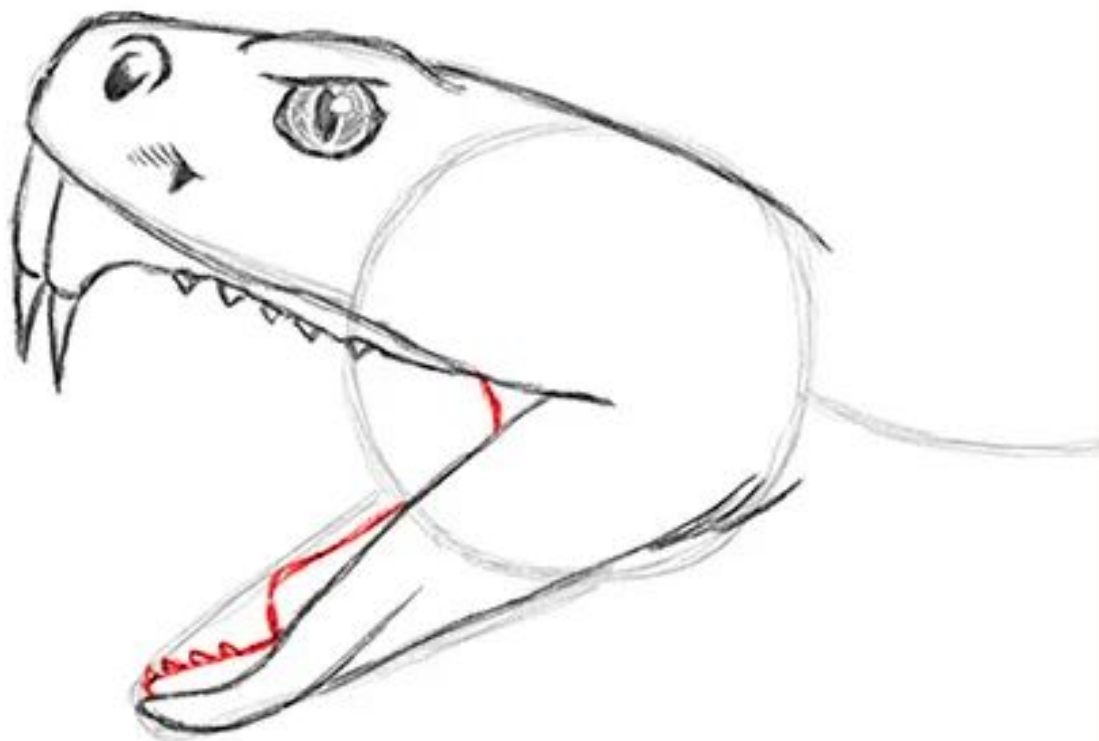

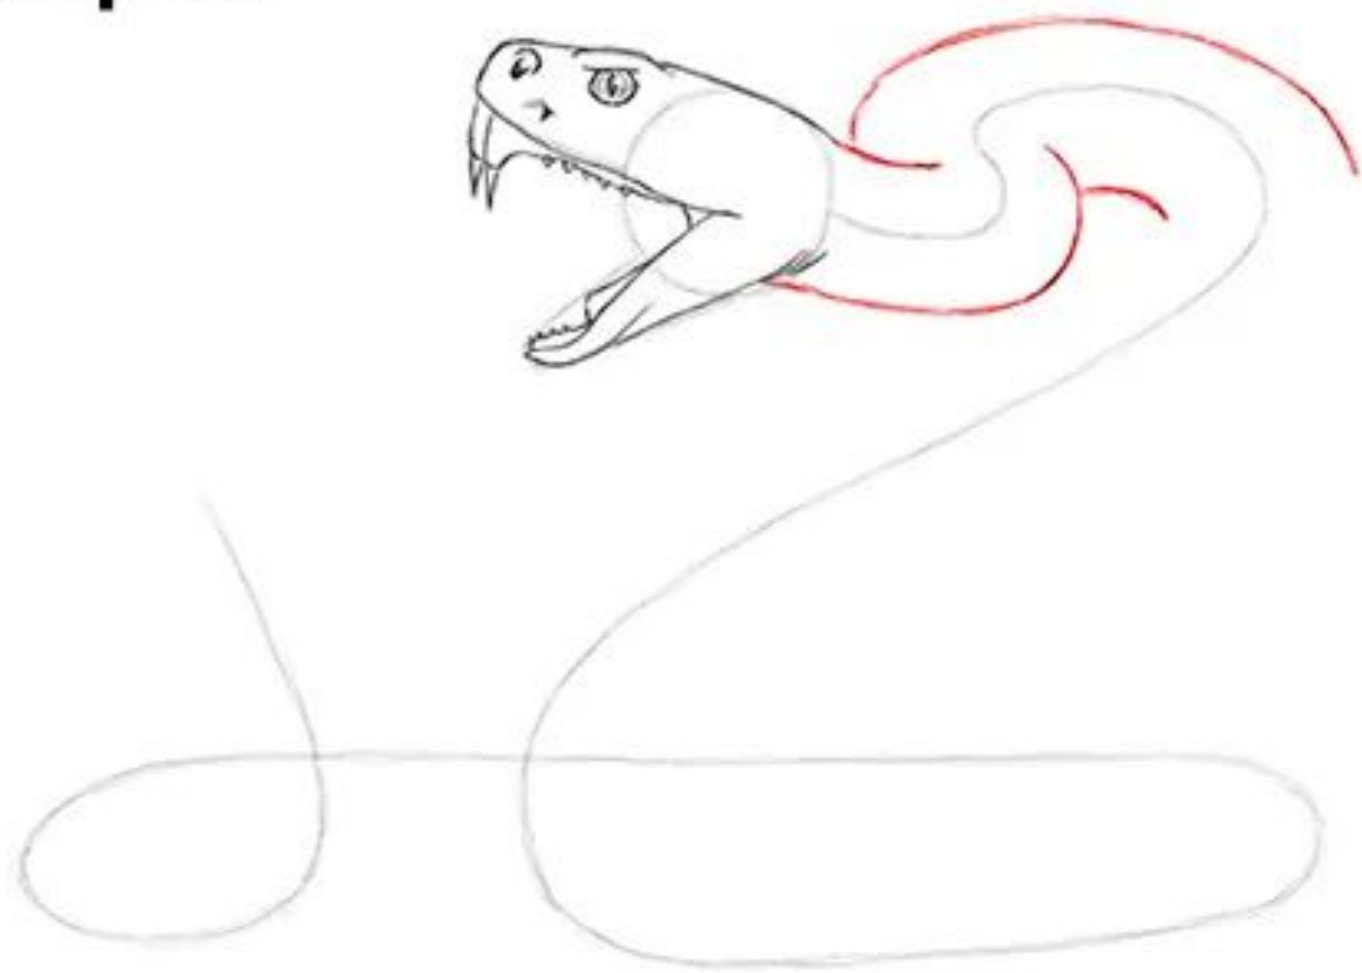

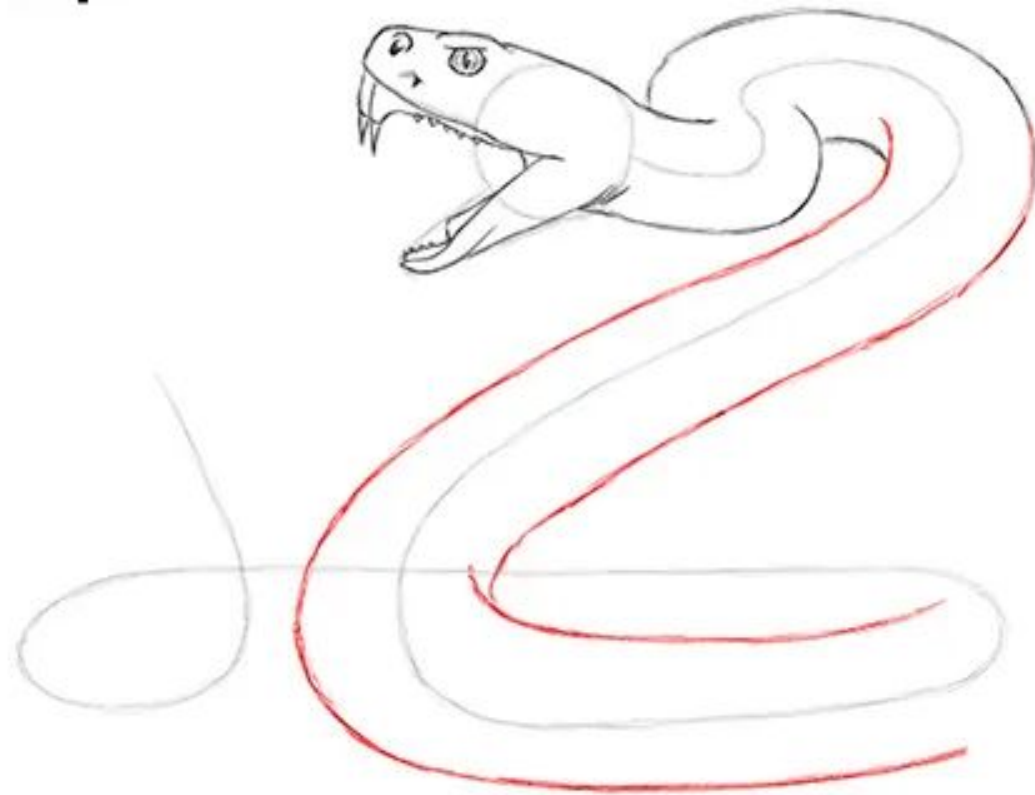

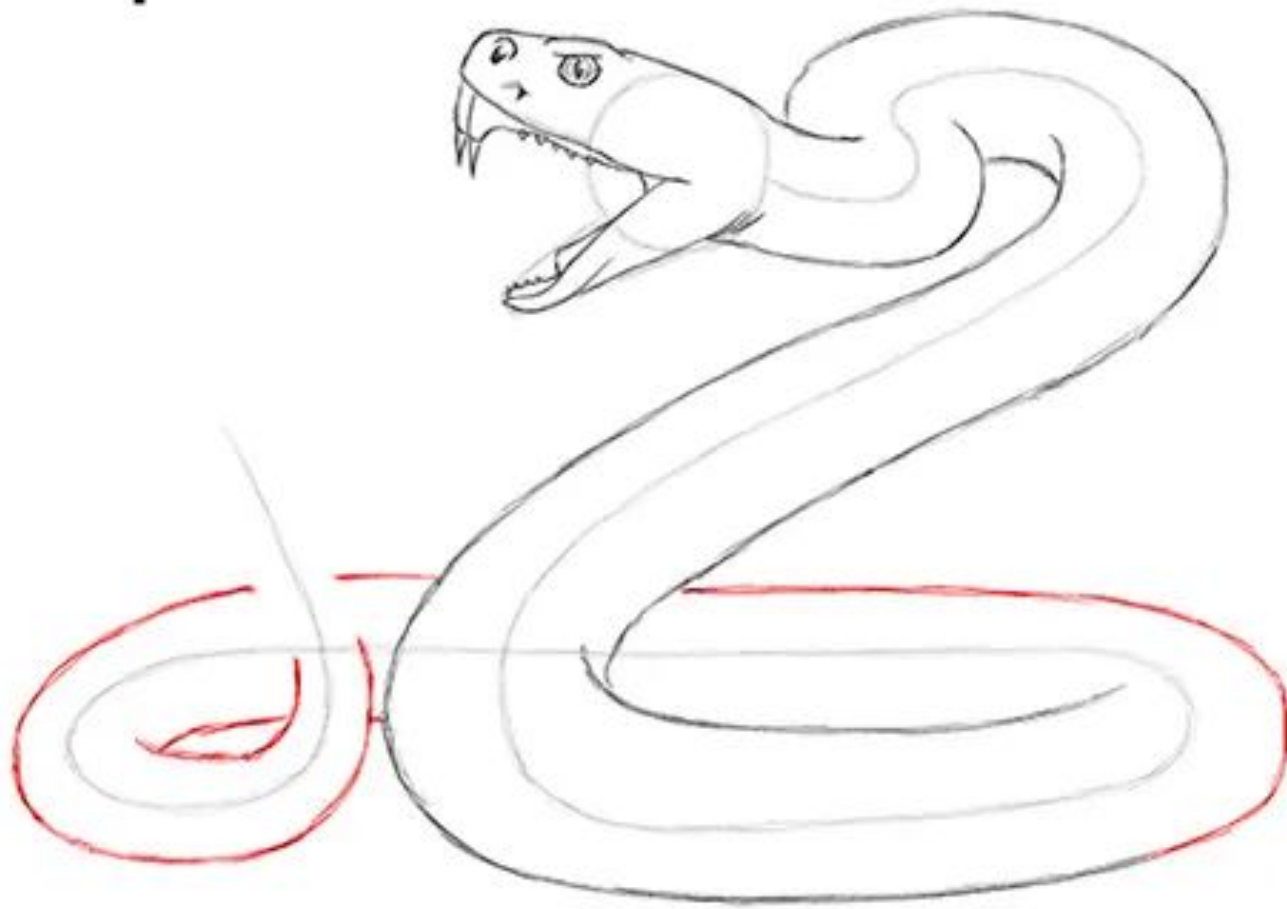

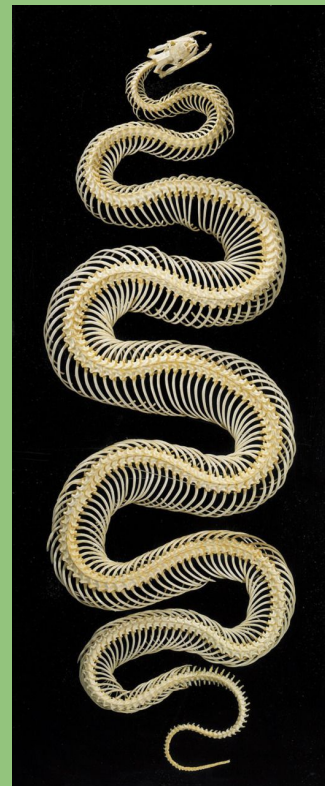

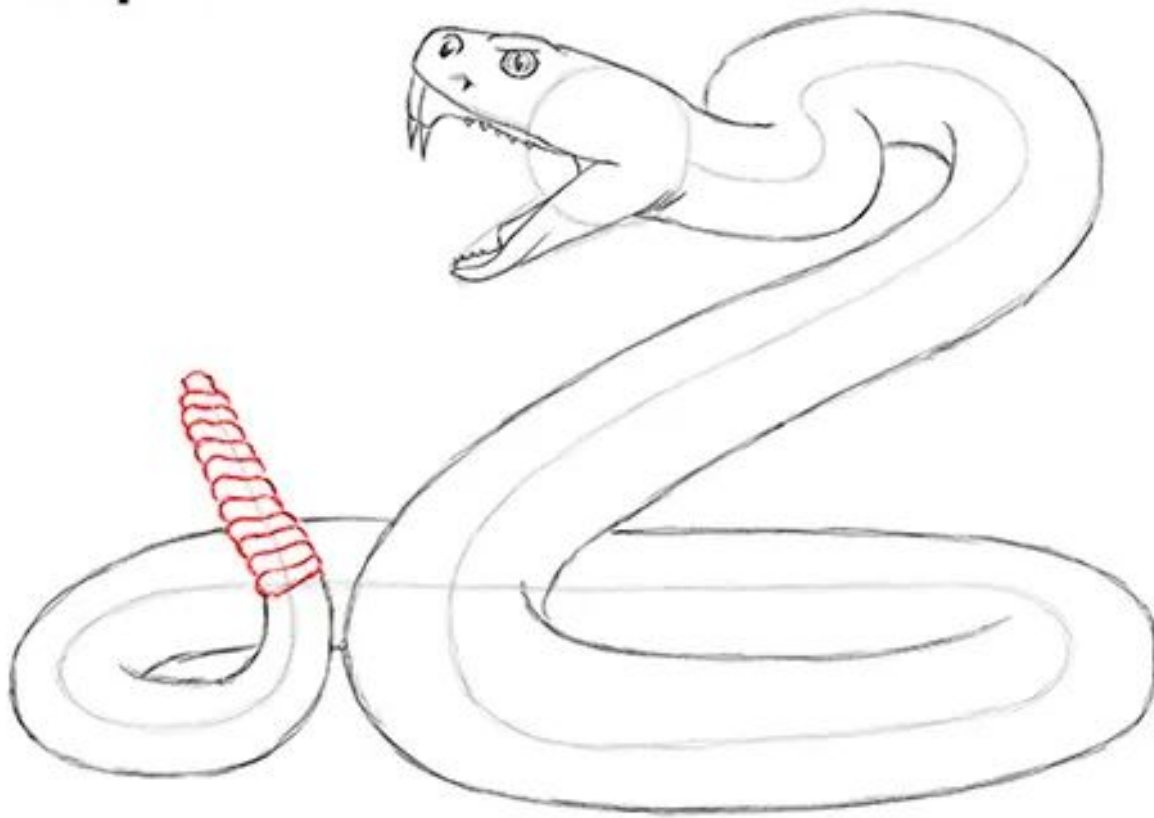

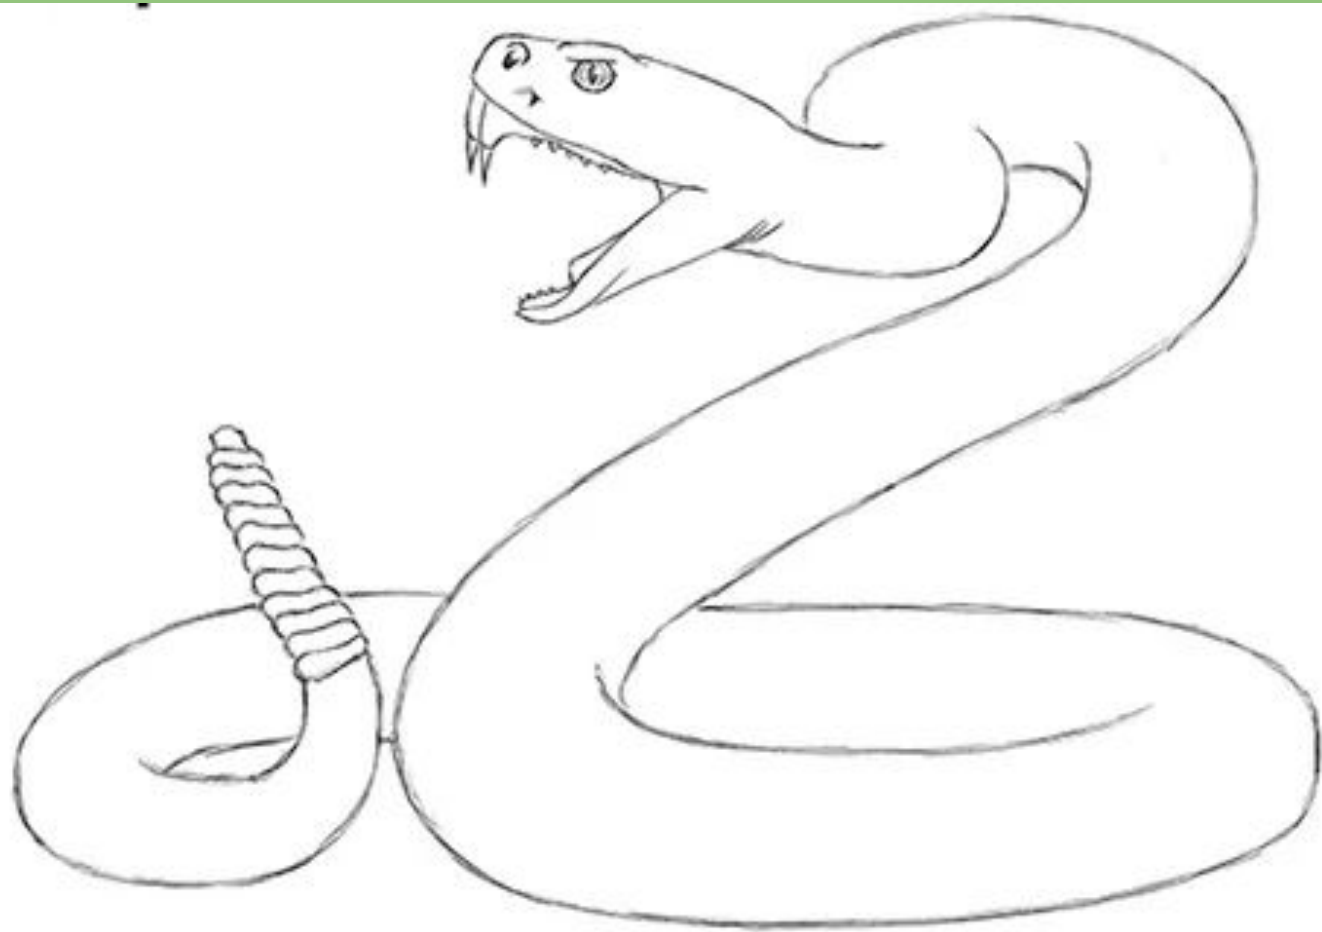

Remember to keep  
the SPINE in the  
middle of the body!

Step 10

Look at how the shapes stack up on the end of the tail - I think of pancakes stacked one on top of the other!

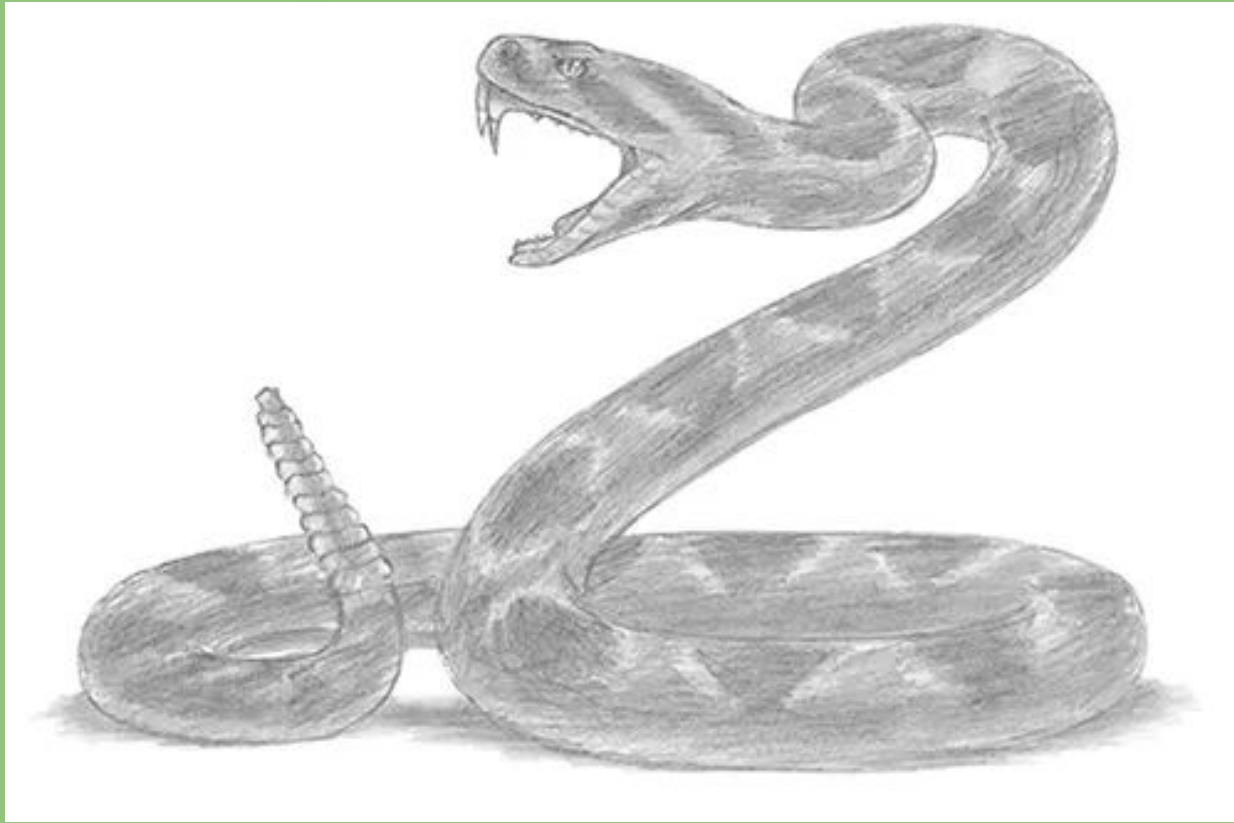

BREAK TIME!!

Take a 10 minute break to shake it out, stretch, use the restroom, or grab a snack -

See you in 10 minutes!

Rattlesnakes have different patterns to help them blend in with their surroundings. Use your imagination to create a pattern for your snake!

## Snake – 蛇 (巳)

2013, 2001, 1989, 1977, 1965

Here we can see a shadow puppet by Wang Tianxi. Flanked by a rock hill on one side and thriving trees on the other, the snake rack is covered with curly snakes and dragons, with even the stone table and stools underneath surrounded by snakes and frogs.

Like the shadows from this Hua County puppet, snakes are said to be shady. Similarly, people born in the year of the snake are said to be super smart, if a little untrustworthy and sssssneaky.

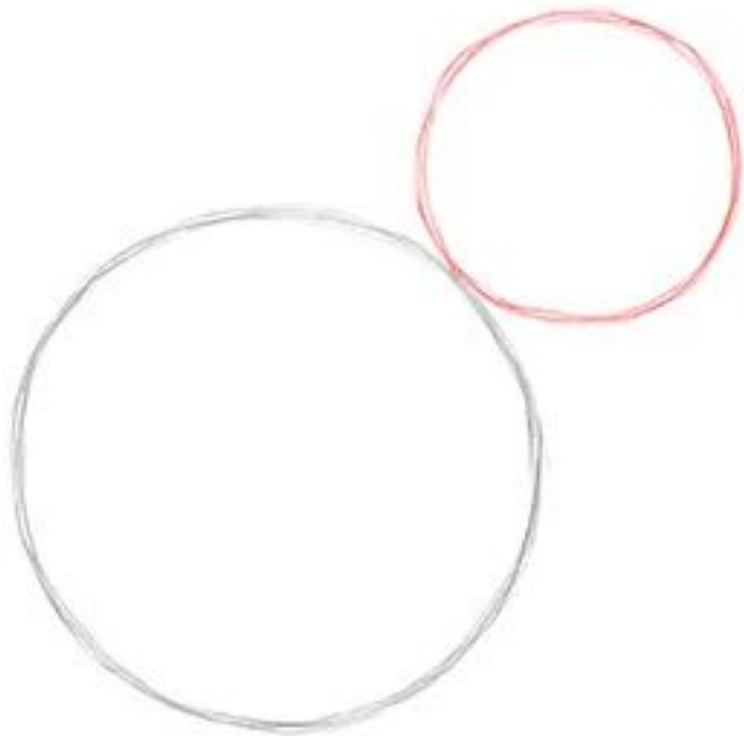

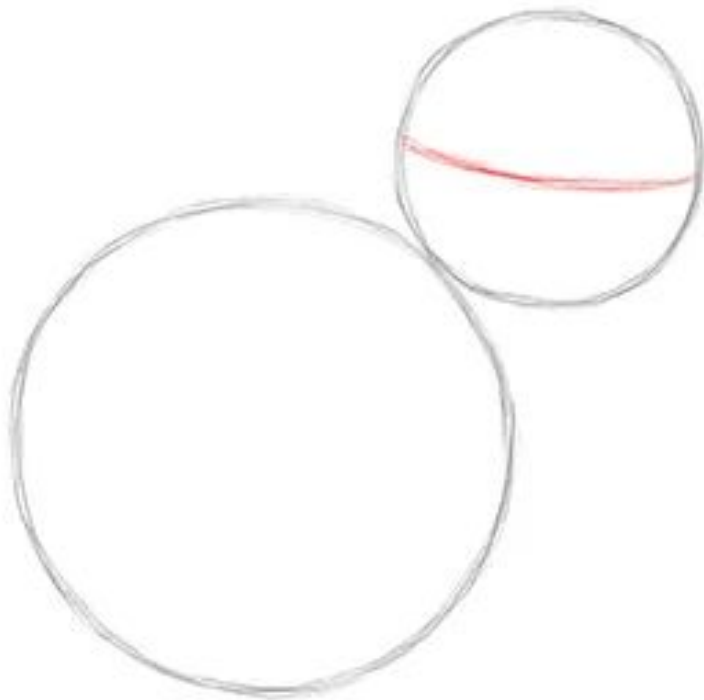

LET'S DRAW a  
SURPRISE  
SPRING  
ANIMAL!!

We are going to  
move very fast!!!!

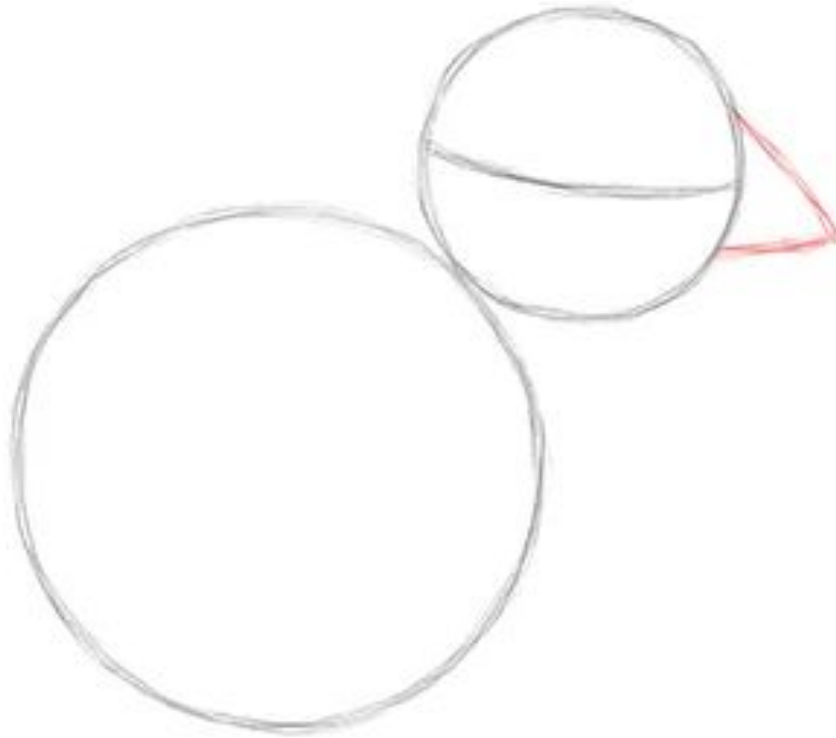

Have FUN!
